Dulles' Resignation Announced By Ike

Will Select Successor At Early Date

Herter Seen Likely To Be Chosen New Secretary Of State

AUGUSTA, Ga. (AP) — President Eisenhower today announced the resignation of cancer stricken Secretary of State Dulles.

With moisture in his eyes, Eisenhower personally told newsmen that Dulles is "absolutely incapacitated" to carry on the burden of his office and to make policy.

Eisenhower said he will announce a successor to Dulles soon.

He declined to say that the job will go to Under Secretary of State Christian A. Herter, who has been serving as acting secretary.

Eisenhower said he has asked Dulles to continue to serve him as a foreign policy consultant.

A reporter told Eisenhower it had been pretty much taken for granted that Herter would move up to Dulles' cabinet post.

Asked whether he had someone other than Herter in mind, Eisenhower said there are "all kinds of considerations" to take into account. He added there are "a number of people with particular talents" who could fill the top foreign policy post.

Eisenhower's dramatic announcement came less than 24 hours after Dulles' doctors concluded that his cancer probably has spread to the neck area. Earlier it apparently had been confined to the abdominal area.

Eisenhower strode into the temporary White House press room, near his vacation headquarters at 9:35 a.m. and announced that he wanted to say something regarding Dulles.

Newsmen began to suspect an unscheduled Eisenhower appearance when Secret Service agents reached the press room to make their usual safeguarding arrangements for his protection.

The President's emotion regarding the turn for the worse for Dulles' condition became more and more obvious as he talked.

Eisenhower reported that he had talked to Dulles by telephone earlier in the morning, and that in

House Votes 2-Cent Hike On Gas Tax

Legislative Victory Won By DiSalle For Highway Program

COLUMBUS, Ohio (AP)—Democratic Gov. Michael V. DiSalle won a legislative victory on the gasoline tax Tuesday which may speed his entire tax program through the Legislature.

The 77-55 victory on a bill to jack up the state gasoline tax by two cents a gallon is the key to a 300-million-dollar-a-year, pay-as-you go highway building program.

But perhaps more importantly, the victory which sends to the Senate the gasoline tax increase from five to seven cents a gallon re-establishes the new governor's command of the legislative situation.

DiSalle lost only two Democratic votes in the House on his 58-million-dollar- a -year gasoline tax increase, and he picked up two Republican votes.

Until the vote was cast, the feeling had spread through legislative halls that the governor's entire tax program might be floundering.

The House faces another crucial vote today on a Senate-approved bill to create a Fair Employment Practices Commission (FEPC) with power to enforce regulations against discrimination in jobs because of race, religion or national origin. House approval would send it to the governor for his signature.

While the House was in a bill-passing mood, it also sent to the Senate a proposal to place new tax revenues into a special highway fund earmarked for construction.

Passage of the two-cent gasoline tax came after the House beat down 75-57 a Republican amendment to shave the increase to one cent.

The bill included a two-cent increase in the diesel fuel tax, but there is a separate pending measure to add another two-cent tax on diesel fuel. The two possible taxes on diesel fuel would raise another four million dollars a year for road building.

Republicans voting for the gasoline and diesel fuel tax increase were Reps. Kline L. Roberts of Columbus and Harold W. Oyster of Marietta. Democrats opposing the tax increase were Reps. Virtus J. Kruse of Leesburg, Fayette County, and Ed Wallace of Circleville.

Also beaten down in the House, 75-57, was an amendment by Rep. D. O. Taber (R-Gallia) to give local subdivisions a share of the increased revenues.

Among bills due to be signed by DiSalle in the next couple of days are measures to permit tuberculosis hospitals to treat non-tuberculosis patients and the closing of hospitals no longer needed for the treatment of tuberculosis. Both bills were sponsored by Sen. Ed Witmer (D-Stark). They have passed and have been signed by the presiding officers of both houses.

ON PICKET LINE. Two employes of the Hall China Co. help enforce the IBOP's strike against the area pottery industry by picketing at an entrance at the East End plant. Mrs. Eva Pritchett, left, has been working at Hall's for six and a half years and her companion, Mrs. Freda Horton, has been in the plant three years. They belong to Local 131, Battersout and Mouldrunners.

IBOP Begins Strike With No Talks Set

2 Wellsville Plants Continue Production With 11 Now Closed

There was no sign of a break today in deadlocked union - management negotiations over revision of a working agreement that brought on a general strike of workers last midnight in five East Liverpool district dinnerware plants and six others in Ohio and Pennsylvania.

Pickets of the International Brotherhood of Operative Potters threw up their lines promptly at 12:01 a. m. today in front of the area plants, in which about 3,500 workers are idle. A total of 5,700 employes are affected in the 11 plants in Ohio, West Virginia and Pennsylvania, according to the U. S. Potters Association, which represents manufacturers.

Week-long negotiations over revision of the working agreement broke down Monday afternoon at Pittsburgh. That set the stage for the dinnerware industry's first general strike since 1922.

Both management and union sources said picketing was orderly and quiet in front of all the area plants. In most factories, a few workers remained on the job today, carrying through on the IBOP's promise to co-operate in an orderly shutdown.

In front of the plants, pickets marched with large placards on their chests. The signs read: "Members of I. B. of O. P. On Strike. No Contract — No Work. Please Observe Picket Lines."

Both management and union sources said this morning there was no indication of a resumption of the deadlocked negotiations. In a statement concerning the strike, Joseph M. Wells, chairman of the labor committee of the USPA, confirmed for the first time that the union had sought a 40-cent hourly pay increase, plus "costly fringe benefits." He said the USPA felt

Union Faces Charge Of Unfair Practices

In Pittsburgh, a spokesman for the U.S. Potters Association said unfair labor practice charges are being filed against the IBOP union.

He said the association contends the union did not bargain in good faith and did not give a 60-day strike notice which the association contends was necessary under provisions of the Taft-Hartley Law.

Weirton Man Indicted For Slaying Wife

7 Defendants Face Arraignment For 15 Charges Returned

The Hancock County Grand Jury Tuesday indicted Carl Otis Cunningham, 40, of Weirton for the shotgun slaying of his wife, 31-year-old Viola Cunningham, March 5 in the bedroom of their Weirton Heights home.

Cunningham, a former steelworker who attempted suicide after the death of his wife, pleaded not guilty when arraigned yesterday afternoon at New Cumberland.

His trial was set for May 11 by Judge J. Harold Brennan.

The 16-member panel, which included 5 persons from upper Hancock County, returned 15 indictments against 7 persons after hearing testimony from some 20 witnesses.

Others indicted include Wilbur K. Stewart of Steubenville, grand larceny; Ralph E. Heath and Collis W. Adkins, both of Newell, breaking and entering; Harry Olson and Darrell D. Grady, five counts each for forgery, and Joan Cipranic, 24, of Burgettstown, for felonious assault.

Stewart will be arraigned April 21. Heath was scheduled to appear May 4, and the Burgettstown woman May 15. Olson and Grady, who were recently apprehended in Zanesville, were ordered detained in Ohio. A detainer was also ordered for Adkins.

Prosecutor Frank A. Pietranton asked that the Grand Jury be re-

GOP Loyalty Cited In Reply By O'Hanlon

Frank R. O'Hanlon, clerk of the Columbiana County Election Board and secretary of the county Republican executive committee, issued a statement today regarding criticisms made earlier this week by Atty. Walter J. Hunston of Salem.

Atty. Hunston circulated among GOP leaders a copy of a letter he mailed April 5 to O'Hanlon, suggesting he resign from the party post because of the possible pressure from Democrats on the election board.

O'Hanlon today said, "No loyal Republican should say or do anything that might impair party harmony. Since childhood I have been taught, 'Thou shalt love thy neighbor as thyself'."

"I have conscientiously and impartially enforced the Constitution of the United States and the laws of Ohio during my public service and, with God's help, I shall continue to do so.

"I am proud of the fact that the good people of East Liverpool and Columbiana County have never questioned my integrity or honesty. And I have never sacrificed principle for political expediency.

"I would not dignify with an answer a statement based upon misrepresentation of the facts by a publicity - seeking man who has been defeated three times for public office by the voters of Columbiana County, the 18th Congressional District and the 20th - 22nd Senatorial District."

Hunston suggested holding of

Board To Ask Bids For New School Rooms

Beaver Group Also Authorizes Sale Of $220,000 In Bonds

Some final steps toward construction of new classrooms and other facilities in Beaver Local School District were taken Tuesday night by the Board of Education with the possibility of starting construction work in June.

The board approved sale of $220,000 in bonds and authorized advertising for bids for the $570,464 improvement project, which will provide for enlarged facilities at the district schools.

Harry Greenwood, clerk, was to meet at Cleveland today with representatives of Squires, Sanders & Dempsey, legal advisors, who will handle the sale of bonds. The state has granted $250,464 for the project.

Construction bids are tentatively scheduled to be opened May 22. If the bids and other legal forms are approved by the State Board of Education June 8, construction may get under way not long afterward George VanHorne, executive head, reported.

In other action, the board granted continuing contracts to 11 faculty members — Lee Kirkland, high school principal; Bobbie Bush, Jack Campbell, Mrs. Olive McBride, Willie Strader and Har-

Suspect Gives Innocent Plea In Check Case

George Bontempt, 25, of Salineville was bound over to the Grand Jury under $1,000 bond Tuesday in Municipal Court after he pleaded not guilty and waived a preliminary hearing on a charge he passed a fraudulent $50 check on the bank account of a girl friend's father.

The charge signed by Patrolman Thomas Walker of the special Service Bureau alleges the Bontempt "did utter and publish as true and genuine a certain forged check..." The check allegedly was passed March 16 at the Potters Bank & Trust Co.

Police charged that Bontempt persuaded a 16-year-old girl to write a $50 check on her father's account, making it payable to Bontempt. The girl is scheduled for a hearing in Juvenile Court at Lisbon Thursday, according to Chief A. J. Radeschi.

It was Bontempt's arrest that triggered investigation in the police burglary scandal case in March 1956. His admissions set off a chain of circumstances that led to charges against five regular patrolmen and two special officers.

Sprenz Captured In Mexico; Taking Him To Border Today

MEXICO CITY (AP) — Mexico gave the bum's rush today to Frank Lawrence Sprenz, a flying American bank robber on the FBI's list of 10 most wanted men.

Two immigration agents were driving the fast-traveling, fast talking holdup artist to the U.S.-Mexican border to hand him over to American authorities.

Captured Monday as he was fishing off the Yucatan coast, Sprenz in less than 24 hours was ordered deported for entering Mexico illegally. He was flown to Mexico City Tuesday afternoon and transferred to a car for the drive north.

The 29-year-old bandit is wanted for robbing a bank in Hamilton, Ohio, of $25,955; for the $1,490 holdup of an Akron, Ohio, cafe and

WASHINGTON (AP)—A capsule from an American satellite may have floated safely back to earth. If it did it fell in the vast reaches of the North Pacfic, where no man could mark its historic return.

The capsule was set to be ejected automatically when the Discoverer II satellite made its 17th orbit around the earth. That was about 7 p.m. EST Tuesday night.

There was no direct way of telling whether this took place. Scientists today studied intricate data radioed back from the satellite, still in its high-flying orbit. They hoped that slight changes in its weight, its center of gravity and altitude could tell them whether the capsule was successfully fired back toward earth.

Mystery In West Virginia

All Theories Are Blasted In Missing Women's Case

CLARKSBURG (AP) — A week has passed since two Clarksburg housewives disappeared while driving home from a garden club meeting. What happened to them is more of a mystery than ever.

Three of the likeliest explanations were all but given up yesterday.

Capt. C. L. Walker of State Police Co. A announced that the search of the West Fork River has ended. Maj. J. B. Jack said after special questioning at capitol headquarters that nothing had been turned up to implicate two escaped prisoners. Capt. W. R. Callaghan of Co. B said he doubted anything would come of a waitress' report indicating the women may have been in Charleston.

The week has brought the discard of one theory after another. Now it seems impossible to say not only what did happen to these normal, middle-aged women - but what might have happened as well.

The information which has stood throughout one of the greatest police and volunteer investigations in the state's history was gath-

Pennsylvania Boosts Sales Tax To 3½%

HARRISBURG, Pa. (AP)—Pennsylvania's Legislature increased the retail sales tax from 3 to 3½ per cent today.

Gov. David L. Lawrence proposed the increase. The new rate is one of the highest in the nation.

The extra one-half per cent is expected to add 163 million dollars to state revenue every two years. Total revenue from the sales tax would be 500 to 600 million dollars each biennium.

The entire sales tax revenue will be earmarked for the first time for education.

X-Ray Unit Will Visit City 2 Days Next Week

The Columbiana County Public Health League's mobile X-ray cruiser will be stationed on the Diamond Thursday and Friday, April 23 and 24, offering free chest examinations to all adults, according to Miss Lillian Schroeder, executive secretary.

The tuberculosis - detection program is financed by Christmas Seal sales.

The unit will operate each day from 1 a. m. to noon and 2 to 4 and 6 to 8 p. m., she said.

Industry Challenges Union

Freeze Pay, We'll Freeze Prices, Steel Tells USW

NEW YORK (AP)—Some major steel producers have indicated they will accept a union challenge to freeze steel prices only on condition that the union agree to freeze wages.

The union earlier made it clear it won't agree to freeze wages.

The position of the producers emerged Tuesday in unofficial responses to a letter from David J. McDonald, president of the United Steelworkers of America, to 12 major steel producers.

McDonald had said the producers, because of increased productivity and profits, could afford to grant wage increases to the half-million members of his union without raising the price of steel.

Even if the steel industry agrees to freeze prices, McDonald said, the union will insist on higher wages and other benefits.

Last week the union turned down a proposal from the steel industry that it agree to a one-year freeze on wages and benefits.

Joseph L. Block, chairman of the Inland Steel Co., was the first to indicate industry's response. He told a group of security analysts here Tuesday night that "holding the line on wages would enable us to hold the line on steel

Irondale Battles Slide That May Block Creek

A continuing slide of the hillside along Salt Run Rd. at Irondale today was threatening to close Salt Run, which would back up and flood homes in the area.

The road itself has hooved up in the air about 12 feet, witnesses said. A bulldozer was brought into play early this morning to keep the run clear. The slide is about 40 foot across and Earl Hartford, a resident of Irondale, said one can actually see it moving.

Large trees are being toppled by the weight of the dirt. The slide started up the hillside about 50 feet. It was said a crack has developed in the hill large enough to drop a car in.

The road was still passable at 10 p. m. Tuesday but closed sometime during the night.

The charge signed by Patrolman Thomas Walker of the special Service Bureau alleges the Bontempt "did utter and publish as true and genuine a certain forged check..." The check allegedly was passed March 16 at the Potters Bank & Trust Co.

Police charged that Bontempt persuaded a 16-year-old girl to write a $50 check on her father's account, making it payable to Bontempt. The girl is scheduled for a hearing in Juvenile Court at Lisbon Thursday, according to Chief A. J. Radeschi.

It was Bontempt's arrest that triggered investigation in the police burglary scandal case in March 1956. His admissions set off a chain of circumstances that led to charges against five regular patrolmen and two special officers.

Mystery In West Virginia

All Theories Are Blasted In Missing Women's Case

CLARKSBURG (AP) — A week has passed since two Clarksburg housewives disappeared while driving home from a garden club meeting. What happened to them is more of a mystery than ever.

Three of the likeliest explanations were all but given up yesterday.

Capt. C. L. Walker of State Police Co. A announced that the search of the West Fork River has ended. Maj. J. B. Jack said after special questioning at capitol headquarters that nothing had been turned up to implicate two escaped prisoners. Capt. W. R. Callaghan of Co. B said he doubted anything would come of a waitress' report indicating the women may have been in Charleston.

The week has brought the discard of one theory after another. Now it seems impossible to say not only what did happen to these normal, middle-aged women - but what might have happened as well.

The information which has stood throughout one of the greatest police and volunteer investigations in the state's history was gath-

Pennsylvania Boosts Sales Tax To 3½%

HARRISBURG, Pa. (AP)—Pennsylvania's Legislature increased the retail sales tax from 3 to 3½ per cent today.

Gov. David L. Lawrence proposed the increase. The new rate is one of the highest in the nation.

The extra one-half per cent is expected to add 163 million dollars to state revenue every two years. Total revenue from the sales tax would be 500 to 600 million dollars each biennium.

The entire sales tax revenue will be earmarked for the first time for education.

Industry Challenges Union

Freeze Pay, We'll Freeze Prices, Steel Tells USW

NEW YORK (AP)—Some major steel producers have indicated they will accept a union challenge to freeze steel prices only on condition that the union agree to freeze wages.

The union earlier made it clear it won't agree to freeze wages.

The position of the producers emerged Tuesday in unofficial responses to a letter from David J. McDonald, president of the United Steelworkers of America, to 12 major steel producers.

McDonald had said the producers, because of increased productivity and profits, could afford to grant wage increases to the half-million members of his union without raising the price of steel.

Even if the steel industry agrees to freeze prices, McDonald said, the union will insist on higher wages and other benefits.

Last week the union turned down a proposal from the steel industry that it agree to a one-year freeze on wages and benefits.

Joseph L. Block, chairman of the Inland Steel Co., was the first to indicate industry's response. He told a group of security analysts here Tuesday night that "holding the line on wages would enable us to hold the line on steel

William J. Lawler, pastor of Immaculate Conception Church at Wellsville and former faithful friar of the assembly.

The dinner originally was scheduled Feb. 22 at St. Aloysius School Hall, but was postponed indefinitely because of the death of Fr. Robert Moorhead, pastor of St. Aloysius Church and dean of the Columbiana County Deanery.

Reservations for the dnner will be reopened, with the deadline set Monday, April 27. A total of 160 reservations already has been made.

Guests will include Columbiana County Deanery and Youngstown area priests. Appearance of an outstanding speaker is being arranged, according to Frank R. O'Hanlon, faithful navigator.

Toastmaster will be Fred Baldasarre of Wellsville. O'Hanlon will preside. The dinner is for Kaycees, their wives and friends. It will be prepared and served by members of the Catholic Daughters of America at Wellsville.

Church Windows, 2 Autos Damaged

Three windows and a bulletin board at the Calvary Methodist Church were damaged by BB pellets and two parked autos were damaged in the city's latest vandalism cases, police said today.

Officials of the Jackson St. church told police Tuesday noon that BB pellets apparently were fired through three windows on the Summit Ln. side of the structure. The glass panels in an outdoor bulletin board on Jackson St. also were damaged, police were told.

John R. Crawford, 414 Grant St., Newell, told police a quick-drying fluid resembling varnish was thrown on his auto between 8:35 and 10 p. m. Tuesday while it was parked on Broadway near E. 4th St.

Donald Curran, 319 Grant St., told police the right doors and fenders of his 1952 sedan were scratched while the car was parked in Poplar Ln. between 6:30 and 9:30 last night.

Delinquency Decline Seen

"Crime delinquency does not exist in Hancock County," William Paolisso of Weirton, county juvenile officer, told the Chester Kiwanis Club at a meeting Tuesday night.

Paolisso said he has not come in contact with a "bad boy" in his two years as a law officer. "The biggest problem we have today is to teach parents their responsibility to children."

He said delinquency today is about 20 per cent less than when he first began his duties. "Children are no worse today than when we were kids," Paolisso said, but suggested programs be developed for summer activites for boys and girls to keep them off streets and occupied.

He said state facilities for caring for youngsters are insufficient, declaring there are about 25 children in the county who should be placed in the Children's Home but for whom there is not enough room.

Paolisso said he can handle 40 boys easier than one girl—"girls are twice the problem boys are." He said he hates to send any youngster to an Industrial School.

The club voted unanimously to support a proposed 50 per cent additional school levy for improvements projects. Bill Allison and Jerry Linger of the Key Club were guests.

Excavation Bid Made For Dam At Yorkville

WHEELING (AP) — The Elmhurst Contracting Co. of Verona, N. Y., submitted the apparent low bid Tuesday for initial construction on the $63 million Pike Island lock and dam project on the Ohio River near Yorkville.

Elmhurst's bid of $747,400 for preliminary excavation for the locks on the West Virginia side of the river was $87,395 below the Army Engineers' estimate. Dravo Corp. of Pittsburgh was next low with $876,270 and Allegheny Contracting Industry, Inc., Pittsburgh, was high with $1,713,315.

Last year the U. S. auto industry purchased 44 per cent of all sheet steel.

prices, and these two cannot be separated from each other despite some statements to the contrary."

In the same speech, Block said Inland Steel's first quarter earnings, to be announced next week, would break all records. Production, sales and profits would also set records for the full year, he said, if there were no strikes.

The first of the big steel producers to make known its profit figures for the first quarter, Jones & Laughlin, fourth largest in the industry, Tuesday reported a record-breaking net income of $15,738,000 for the first quarter of this year. That was more than 14 million over net income for the same period last year.

A spokesman for the United States Steel Corp., biggest in the industry, said its position on wage-price freezing is essentially the same as that expressed by Block, that any price freeze would have to follow a wage freeze.

A new contract is to be negotiated to replace one that expires June 30.

Lending A Hand

TOLEDO, Ohio (AP) — Quite by accident, 22-year-old Larry Roberts literally lent a hand to a woman motorist whose car couldn't get traction in the snow. As he tried to place a piece of canvas under a wheel, the woman gunned the motor, ran over his hand and drove away. Roberts went to a hospital for treatment.

Sayre, junior vice president; Mrs. Sarah Bowersock, chaplain; Mrs. Jean Ryan, treasurer; Mrs. Gertrude Ward, conductress; Mrs. Mildred Johnson, guard; Mrs. Stella Smith, three-year trustee; Mrs. Betty Smith, two-year trustee and Mrs. Lillian Darrington, one-year trustee.

New officers of the Dads Post include Howard Robinson, president, father of the new post commander; Frank English, senior vice president; Ira Wright, junior vice president; Harold Cook, treasurer; Herbert Finley, chaplain; Harry Huddleston, secretary; Andrew Poole, sergeant - at- arms; Frank Craven, guard; Milton Burns, three-year trustee; Arch Smith, two-year trustee, and Leo Copenhaver, one-year trustee.

The auxiliary of Wellsville VFW Post 9285 will prepare the dinner. Dinner music will be provided by William Lodge at the organ and dancing music by the Dick Marsh's Trio.

Fairview Grange Gives Post-Prom Donations

Contributions of $10 each to post-prom affairs at Chester, Newell and New Cumberland high schools were authorized by the Fairview Grange at a meeting Tuesday night at the Pughtown Grange Hall.

The Grange also voted to enter the national community service project, but the type has not been selected. Mrs. Harley Ferguson was in charge of the program, which included a reading by Mrs. Beulah Cupp and group singing.

Safety suggestions were given by Robert Parkins, John Mayhew and C. S. Herron. Lunch was served 31 by Mrs. Pearl Cullen and committee. The next meeting will be April 28.

During 1957, 25,943 replacement batteries were made.

Delinquency Decline Seen

"Crime delinquency does not exist in Hancock County," William Paolisso of Weirton, county juvenile officer, told the Chester Kiwanis Club at a meeting Tuesday night.

Paolisso said he has not come in contact with a "bad boy" in his two years as a law officer. "The biggest problem we have today is to teach parents their responsibility to children."

He said delinquency today is about 20 per cent less than when he first began his duties. "Children are no worse today than when we were kids," Paolisso said, but suggested programs be developed for summer activites for boys and girls to keep them off streets and occupied.

He said state facilities for caring for youngsters are insufficient, declaring there are about 25 children in the county who should be placed in the Children's Home but for whom there is not enough room.

Paolisso said he can handle 40 boys easier than one girl—"girls are twice the problem boys are." He said he hates to send any youngster to an Industrial School.

The club voted unanimously to support a proposed 50 per cent additional school levy for improvements projects. Bill Allison and Jerry Linger of the Key Club were guests.

Excavation Bid Made For Dam At Yorkville

WHEELING (AP) — The Elmhurst Contracting Co. of Verona, N. Y., submitted the apparent low bid Tuesday for initial construction on the $63 million Pike Island lock and dam project on the Ohio River near Yorkville.

Elmhurst's bid of $747,400 for preliminary excavation for the locks on the West Virginia side of the river was $87,395 below the Army Engineers' estimate. Dravo Corp. of Pittsburgh was next low with $876,270 and Allegheny Contracting Industry, Inc., Pittsburgh, was high with $1,713,315.

Last year the U. S. auto industry purchased 44 per cent of all sheet steel.

prices, and these two cannot be separated from each other despite some statements to the contrary."

In the same speech, Block said Inland Steel's first quarter earnings, to be announced next week, would break all records. Production, sales and profits would also set records for the full year, he said, if there were no strikes.

The first of the big steel producers to make known its profit figures for the first quarter, Jones & Laughlin, fourth largest in the industry, Tuesday reported a record-breaking net income of $15,738,000 for the first quarter of this year. That was more than 14 million over net income for the same period last year.

A spokesman for the United States Steel Corp., biggest in the industry, said its position on wage-price freezing is essentially the same as that expressed by Block, that any price freeze would have to follow a wage freeze.

A new contract is to be negotiated to replace one that expires June 30.

Lending A Hand

TOLEDO, Ohio (AP) — Quite by accident, 22-year-old Larry Roberts literally lent a hand to a woman motorist whose car couldn't get traction in the snow. As he tried to place a piece of canvas under a wheel, the woman gunned the motor, ran over his hand and drove away. Roberts went to a hospital for treatment.

'Let's Hope It Doesn't Last Long!'

The pottery strike—the first general walkout in the industry in 37 years—couldn't have come at a more unfortunate time.

The story of the industry's battle for survival against the damaging inroads of foreign competition and plastics is an old one. While there have been some bright spots, it would be difficult to argue logically that the industry in general isn't "sick", as the manufacturers' spokesman phrased it.

However, amid all the gloom of the last few years, the plants have been making a determined effort to do something about the situation—with a more energetic selling campaign, with experimentation and introduction of new types of ware and with other endeavors.

A prolonged strike now would throw a disheartening and possibly disastrous stumbling block in the path of these efforts.

As in most strikes, both the worker and the employe appear to have issues that deserve the most serious consideration. And as in most strikes, a give-and-take attitude must be adopted if the principals are to return to the bargaining table in a new attempt to thrash things out to the best possible satisfaction of each.

May the federal mediator lose little time in attempting to bring about such a session.

East Liverpool and her neighbors can ill afford the economic blow that would result from a lengthy shutdown of their potteries.

The general feeling couldn't be summed up any more concisely than by these words of a taxi driver this morning: "Let's hope it doesn't last long!"

One Word Would Be Enough

Before the foreign ministers can start to explore the possibilities of settling the Berlin issue next month so the heads of states can get together in the fall, technical experts from the United States, Britain, France, the Soviet Union and West Germany must lay the groundwork for the foreign ministers.

If they fail, the foreign ministers will fail, and if the foreign ministers fail there will be no "summit" meeting.

But when in history has an international understanding been reached because of the determination and skill of technical experts?

International understandings in the past have been made possible by the shared desire of heads of states for peace.

The understandings have worked best when they were made in face-to-face negotiations between and among men of good faith, with details filled in later by foreign ministers and technical experts.

One word from the right place is the equivalent of millions of words that are not backed up by authority.

One word from Premier Khruschev at this time would be more powerful than everything that can be said by technical experts, plus foreign ministers, plus heads of states.

The word would be to the effect that the Soviet Union wants to negotiate in earnest and will keep its word. It would make a world of difference, because without the magic word from Khrushchev there is no point in negotiating. Even the technical experts are wasting their time.

Lack of faith in Russia's stated intentions has crippled international relations. It has made a mockery of the idea that flexibility might work better than stand-pattism in dealing with Russia. It has made everybody who believes in negotiation look like a Pollyannish fool.

Yet, the one word has not been given. Khrushchev has not acknowledged that his government's word has not been kept in the past and therefore the world needs to be reassured that it will be kept in the future.

Nor is he likely to make such an acknowledgment.

It's Just Good Business

The addition of 38 new brands to the stocks of Ohio liquor stores has been hailed, for obvious reasons, by the liquor industry.

For reasons which should be equally obvious but probably are not, the decision to do this by Liquor Director Richard C. Crouch can be appreciated as well by the people who own, operate and patronize the state's liquor business — the citizens of Ohio.

A successful business is always sensitive to public demand and public taste. This is true whether the enterprise competes with other enterprises for a share of the profits in the same field or is charged with providing good, efficient service as a protected monopoly.

Ohio's 225-million-dollar retail liquor business must do both.

The state's stores, especially those along its borders, compete for sales with stores in other states. And, as the operator of a monopoly, the state liquor department is responsible for serving and protecting the public interest within Ohio's borders.

The department recognized its competitive position when it put its 10 per cent price increase into effect the first of this month. The boost was studied carefully to keep Ohio's prices below those in neighboring states.

Any retailer will attest to the fact that variety and range of stock are as important as price in attracting customers.

As a monopoly operation, the department must be no less sensitive to changes in the demand for the products it handles. The fact that the new brand list revision is the first in years is evidence enough of the sluggish ways of a protected monopoly.

The liquor industry is a legitimate industry in this state. It is a big industry. As long as it comports itself with decency and within the bounds of the law, it is as entitled to encouragement and consideration from the state as any other industry.

Director Crouch, Gov. DiSalle, and the liquor enforcement chief, Ivan W. Smith, have all emphasized this repeatedly since they took office.

It is encouraging to see evidence that they are sincere.

2 Sides To Politics

The current criticism of the Columbiana County Republican leadership by Atty. Walter J. Hunston of Salem does not, as some Democrats would believe, indicate a wide split in the GOP ranks.

On the other hand, Atty. Hunston's statements must be regarded as more than those of a disgruntled "also-ran" which can be shrugged off by Republicans as "sour-grapes."

Some of the charges about party operations and strategy may not be well founded, because the GOP fortunes last November were inadvertantly linked with the "right-to-work" amendment and other issues rather than faulty campaigning.

Nevertheless, such criticism does call attention to some of the Republican problems in the county and points up the need for a rekindled enthusiasm and aggressive program for all party members—from top to bottom.

The solution of the party problems will have to be worked out by the leaders themselves, for only they know the vagaries and complexities of politics. The actual winning of elections, however, fortunately remains in the hands of the people, who must judge the candidates and their policies and then render a decision.

It is up to both parties in the county to present the best possible candidates and the most logical policies to represent the party platforms. Neither political group can afford to shirk its responsibilities in the foundation of American government—the two-party system.

The Once Over

By H. I. Phillips

Fidel Castro is to have quite a show put on for him in the U.S.A. He will have lunch with acting secretary of state, appear on quiz shows and be speaker at the Publishers' Convention. All may go well if nobody at lunch and banquets says, "no sugar," when taking coffee. There is nothing official in this reception but it indicates the beard is mightier than the behavior and gives whiskers a high rating in the international scene.

Americans can use an accurate analysis of Castro. Publishers will be able to give it after a close-up. How much of the jungle still sticks to him is a question and the jury is still out on the decision of his capabilities when he takes off the army hat and gets into the bonnet of a national guide and pilot.

When he faces sharp questions on TV programs, the public will get a chance to see if his "cooling system" is defective, a most important issue.

CASTRO IS STRAIGHT out of "westerns," rougher movies and "whodunits." He has eclipsed the imagination of Hollywood writers and is sure of a split decision with TV thriller-diller authors. But he is still the Mystery Man of 1959.

In him appear contrasting shades of Montezuma, Pistol Pete, Toussaint L'Ouverture, the Cisco Kid, Garibaldi, and Dangerous Dan McGrew. He seems in a "Have Gun Comples; Will Travel" mood. He is brave, dynamic and colorful, but seems short on pity.

Tabbing his philosophies and friendships from the Free World viewpoint is hard, but he will be on exhibition for more than a week and the public may regard him as the most exciting "big show" since circus arrived.

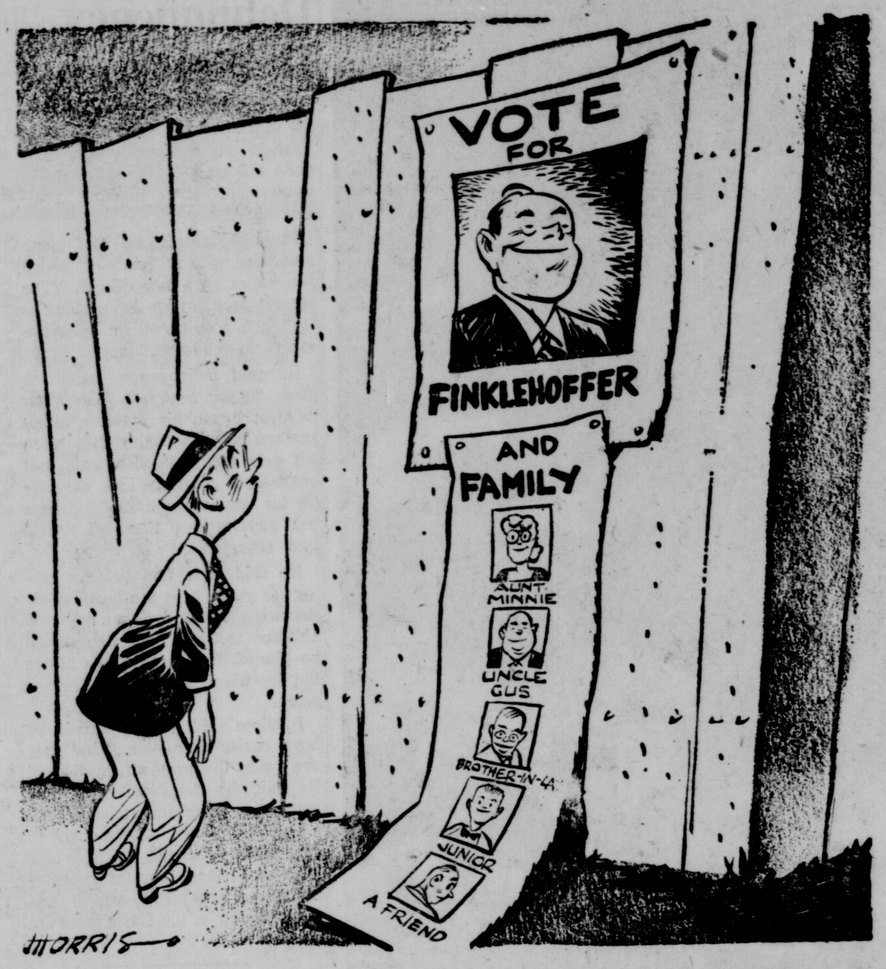
One thing is certain, there will be no need for amplifiers or cries of "Louder!" from audiences. Your TV set had better be in good shape in order to stand the dramatic gestures when Fidel starts sounding off. Ringling Brothers, Susan Hayward, Mrs. Roosevelt's camel, Casey Stengel and Ingrid Bergman stand aside, please!

STUDY IN SLOW MOTION was givn by Securties and Exchange commission and President Funston of the New York Stock Exchange in their belated warning to the public that it should show caution in buying stocks. Both had been holding their warning form but evidently decided to merge "Prudence Common" with "Horse Sense, Pfd."

SEC says it "views with concern the extent to which prices of certain securities seem to fluctuate unduly." The public's reply is, "What delayed you?" "Any amateur who plays the market is asking for trouble," the statement continues. Deciding when a fellow has lost his amateur standing is a difficult job. He himself thinks he has joined the pro ranks after he has made three points on his first loose purchase.

This tardy, "Be cautious, boys," from the Exchange head, SEC and brokers is like flashing a red light at the open drawbridge when the locomotive is coming full speed ahead. It is the same as yelling, "Don't be reckless," to a kid playing on the edge of Niagara Falls on a rubber raft. Stocks may go much higher, but the fact remains that amateurs are not only playing with fire but holding flames for the long pull.

It's Sad, But Often True



Hunger Probe Will Break Budget

By Victor Riesel

Reports from insiders have been rolling through Georgia to the President that this Congress will bust right through his budget by voting hundreds of millions of dollars to make millions of new jobs. This will spurt from another Congressional probe — the investigation of misery.

Victor Riesel

America will be shocked by what will stalk the kleig-lit hearing rooms which will be set up around the nation by Sen. Lyndon Baines Johnson's special Commission on Unemployment Problems.

Within two weeks this 11-man non-partisan, hunger-finding commission will start its tour, headed by some national figure such as Erwin D. Canham, editor of the Christian Science Monitor and head of the U.S. Chamber of Commerce.

In each heavily hit state, one of the U.S. senators will sit in. Each region's grimness will be nationally spotlighted to remind the rest of us of our brethren in crisis.

I was startled when national leaders in private conversations used the word "hunger." West Virginia's Sen. Jennings Randolph said no one was being melodramatic. He knew of one doctor in his state who had actually treated unemployed for malnutrition. He spoke of a community in which only two fathers of the 35 children in a school class were employed.

IT WAS A VISIT to one of these West Virginia communities which first startled, then goaded Sen. Johnson into deliberation on some action to put bread back on the table and dignity onto the backs of jobless men who feared themselves growing useless. This happened during last year's congressional campaign.

Johnson went into Welch, W. Va., for a political speech. Driving through the town, which sits on a mountain of coal, the senator noticed men lounging in the streets during the height of what should be the working day. They were the jobless.

They were deep in one of the nation's poverty pockets—unnoticed, unaided by prosperous communities not a hundred miles distant.

For months Johnson probed into such poverty pockets. Everywhere the story was the same grim thing. There was desperation in one city—and other cities in the same state were prosperous and gay, unknowing of the hunger literally down the road.

Several weeks ago Johnson decided the deadline for hunger had come. He determined to beam piercing spotlights into the poverty pockets so that the rest of America would share some of its prosperity with the hard-hit areas. He hit on the plan of a roving fact-finding commission.

He talked to some businessmen. He spoke with AFL - CIO chief George Meany and Vice President Walter Reuther. Johnson wanted a 90-day series of meetings. They thought this was too long a stretch. Now the hearings will be jammed into 60 days.

LYNDON JOHNSON cooks up his Senate fare like a chef at Paris' Tour D'Argent. That's why he chose last Wednesday's labor demonstration on unemployment to announce his proposal. From the National Armory, he drove right back to the Senate and introduced his resolution for the roving commission.

When the commission's reports begin making headlines, Johnson will pour the heat on Congress. He'll call for the expenditure of a billion dollars—perhaps more—to make jobs.

He expects that the House of Representatives then will have to pass the housing construction bill already approved by the Senate. This calls for 200,000 housing units —and Johnson reckons it will make over half a million jobs.

He'll fight for the multi-million-dollar bill for special construction aid to depressed areas. There are over 100,000 new jobs in this one, his people believe.

The senator will fight for the heavy-spending road-building and airport bills and even for appropriations which would put tens of thousands to work in national public parks.

All this, of course, puts the White House in an awkward position. President Eisenhower and his Labor Secretary, Jim Mitchell, had a long conference on the morning of Monday, April 6. They came out of it believing that there'd be no real unemployment in six months. Therefore, they're against the heavy-spending bills. To fight these, they'll appear to be fight aid to the jobless.

Whichever force is right certainly will have an early lead in the presidential race.

Attempt To Spread Panic?

By William L. Ryan

The Soviets have buzzed another U.S. plane in what looks like a deliberate attempt to spread panic among the Western Allies in advance of the summit meeting. The incident calls for serious and honest thinking in the West.

Are these incidents part of a Khrushchev plan to bully the West into attitudes of what the British choose to call flexibility? That seems the case. If the attempts succeed, the West may be courting disaster.

Khrushchev may be trying to get across the idea that unless at least some of his demands are met, there is grave danger of world war. The initiative for war obviously is not in the hands of the democracies, which seem to have resigned themselves to the idea that if war comes, the other side must attack first.

Thus, Western policy would seem to be one of preparing for vengeance, not for defense. It even indicates there is no such thing as defense in today's world.

In effect, Khrushchev is saying: Can you gamble that I will not be reckless enough to push the button? If you cannot, then let's talk business. Khrushchev wants and perhaps desperately needs to show some sort of results at home from the forthcoming conferences.

If there is to be no recourse to war, then defense must begin at the political level. Are the Western statesmen approaching the summit with the deck stacked again against them?

Khrushchev can win, because any concession to him at any point will be a Khrushchev victory. He can hardly emerge from the summit with anything less than a standoff, preserving things as they are now in Germany and waiting for yet another chance to probe the West's soft spots. But he can do much better than that.

Already Khrushchev has the satisfaction of seeing the Western Allies divided in their summit approach. Attempts to minimize the division simply add up to more confusion.

This would seem to be a moment in history when frankness—or to be blunt, honesty—might be advisable in informing the Western world of its position.

The British, for example, might use plain English. Prime Minister Macmillan's right-hand man, Home Secretary R. A. Butler, declared Tuesday there were no real differences between Britain and Germany on dealing with Khrushchev except on matters of emphasis and tactics. But there surely are differences, and even if these are tactical they are gravely important.

Chancellor Adenauer—and many Americans agree with him—suggests the British are using the wrong words. Flexibility indicates concession, backing down at some point along the line. In a word, then, it means surrender, and surrender on any point at issue in Germany is bound to be dangerous.

The British themselves learned in 1939 they could not buy off a man bent on conquest. Hitler clearly announced his plans in advance. Just as clearly the Communists have made their intentions plain. The Communists, said Lenin, intend to "move step by step, maintaining a state which is neither war nor peace; proceed by alternating offensives and retreats, but always work through Communist conspiracy." Two steps forward, one step back, Lenin preached, but never give up what you grab.

The West surely is aware that Khrushchev at the summit will be Khrushchev the international Communist who has boasted many times of his devotion to Lenin's notions of world revolution. Whatever he wins not only will strengthen his hand at home but will be another step in the Communist program for piecemeal conquest of its enemies.

Judicial Qualifications

By David Lawrence

Justice Stewart Quizzed On Court Stand

Several members of the United States Senate are a little disturbed over the attempt the other day to gag them when they were questioning Justice Potter Stewart of the Supreme Court of the United States.

David Lawrence

Mr. Stewart was given a "recess appointment" as an associate justice of the Supreme Court on Oct. 14, 1958. He has not been confirmed by the Senate but he has participated in many decisions and has written nine opinions.

Some justices in the past have declined to take the oath of office until confirmed. The embarrassments that come to a justice who is already sitting on the court but who has to appear before a congressional committee to give information, presumably on his own qualifications, are obvious.

In the hearing of the Senate Judiciary Committee the other day, lasting two hours, a point of order was made that no question should be asked of Justice Stewart concerning Supreme Court decisions or his own attitude toward past decisions. But, in the discussion that followed, it was apparent that the point of order was not concurred in by other members of the committee from both the North and the South.

While the Constitution provides that the Senate may confirm or reject any presidential nomination submitted to it, sometimes, when Congress is not in session, "recess appointments" are made.

THE RECIPIENT of such an appointment can serve only through the subsequent session of Congress. If he is not confirmed during that session, he is no longer eligible to remain at his post.

Justice Stewart was, of course, not on the Supreme Court when the segregation decisions of 1954 were issued, but he has since had opportunities to concur in various rulings derived from the original case.

On the surface, it would seem to be an impropriety to ask any Supreme Court justice to discuss his reasoning with respect to decisions that he has already rendered on the high court, even though serving under a recess appointment. But the senators on the Judiciary Committee did not ask about current decisions. They were interested in the reasoning of the Supreme Court in decisions prior to the time of Mr. Stewart's appointment. They wanted to know whether the new justice agrees with the reasoning, and Sen. McClellan (D-Ark), asked him to explain what he thinks was the reasoning and logic applied in the school segregation cases.

Justice Stewart said that basically he agreed with the 1954 decision, but not with "all the grammar and the footnotes." Yet it was one of those footnotes citing "psychological authority"—including Gunnar Myrdal, a Swedish socialist—that has occasioned widespread criticism.

Certainly in the argument before the Supreme Court itself, there was no opportunity to offer a rebuttal to the Myrdal view, because the "footnote" had at the time not been mentioned by the court.

IT MIGHT WELL BE asked of what value it is to determine whether an appointee to the court agrees or disagrees with past decisions. On this point, Mr. Stewart said, "I've never read any opinion of any court that I thought was perfect."

But the real duty of the Senate, every time a judicial appointment is submitted, is to find out whether the prospective justice actually believes in a written Constitution and the method prescribed therein for its amendment, or whether he believes that the Supreme Court can override the Constitution at will.

At one point, when the Senate Judiciary Committee was interrogating Justice Stewart, he was asked:

"Do you think the Supreme Court has the power to amend the Constitution?" He answered: "Certainly not to amend it, no."

-:-

THE QUESTIONING of Justice Stewart is to be resumed in a few days.

This is not the first time the views of a judicial appointee have come under close scrutiny by members of the Senate Judiciary Committee. Back in 1930, when Charles Evans Hughes was nominated to be chief justice of the Supreme Court, he was sharply criticized for his views in various cases.

Indeed, much of the opposition to his confirmation came from the radicals of those days and on the final vote they voted against Mr. Hughes plainly because of his previous decisions.

In the case of John J. Parker, a member of the U.S. Circuit Court of Appeals who was nominated by President Hoover for the Supreme Court of the United States, the labor-union opposition was such that his nomination was rejected by a vote of the Senate.

There is, therefore, ample precedent for the present members of the Judiciary Committee to examine the views of any appointee to the Supreme Court and, indeed, to vote against him if they are so inclined.

Nothing that entertainers do on television seems less excusable to me than the "inside joke"—the yuk that is amusing only to a handful of people on the premises.

Speaking of profiles in courage, has anyone seen one lately more courageous than the profile that belongs to John Foster Dulles?

It is remarkable when you think about it how many laws have the same effect as if they had been passed by people who intended to break them in order to restrain competition from people who take laws seriously.

I am surprised that bleeding hearts and do-gooders have not squawked about re-runs of war films showing the unspeakable boche and the dirty little yellow men of Japan. Or haven't you happened to see one of these adrenal-gland stimulators lately?

It helps—but not much—to imagine what your side would be doing if it were the other side and vice versa.

'Let's Hope It Doesn't Last Long!'

The pottery strike—the first general walkout in the industry in 37 years—couldn't have come at a more unfortunate time.

The story of the industry's battle for survival against the damaging inroads of foreign competition and plastics is an old one. While there have been some bright spots, it would be difficult to argue logically that the industry in general isn't "sick", as the manufacturers' spokesman phrased it.

However, amid all the gloom of the last few years, the plants have been making a determined effort to do something about the situation—with a more energetic selling campaign, with experimentation and introduction of new types of ware and with other endeavors.

A prolonged strike now would throw a disheartening and possibly disastrous stumbling block in the path of these efforts.

As in most strikes, both the worker and the employe appear to have issues that deserve the most serious consideration. And as in most strikes, a give-and-take attitude must be adopted if the principals are to return to the bargaining table in a new attempt to thrash things out to the best possible satisfaction of each.

May the federal mediator lose little time in attempting to bring about such a session.

East Liverpool and her neighbors can ill afford the economic blow that would result from a lengthy shutdown of their potteries.

The general feeling couldn't be summed up any more concisely than by these words of a taxi driver this morning: "Let's hope it doesn't last long!"

One Word Would Be Enough

Before the foreign ministers can start to explore the possibilities of settling the Berlin issue next month so the heads of states can get together in the fall, technical experts from the United States, Britain, France, the Soviet Union and West Germany must lay the groundwork for the foreign ministers.

If they fail, the foreign ministers will fail, and if the foreign ministers fail there will be no "summit" meeting.

But when in history has an international understanding been reached because of the determination and skill of technical experts?

International understandings in the past have been made possible by the shared desire of heads of states for peace.

The understandings have worked best when they were made in face-to-face negotiations between and among men of good faith, with details filled in later by foreign ministers and technical experts.

One word from the right place is the equivalent of millions of words that are not backed up by authority.

One word from Premier Khruschev at this time would be more powerful than everything that can be said by technical experts, plus foreign ministers, plus heads of states.

The word would be to the effect that the Soviet Union wants to negotiate in earnest and will keep its word. It would make a world of difference, because without the magic word from Khrushchev there is no point in negotiating. Even the technical experts are wasting their time.

Lack of faith in Russia's stated intentions has crippled international relations. It has made a mockery of the idea that flexibility might work better than stand-pattism in dealing with Russia. It has made everybody who believes in negotiation look like a Pollyannish fool.

Yet, the one word has not been given. Khrushchev has not acknowledged that his government's word has not been kept in the past and therefore the world needs to be reassured that it will be kept in the future.

Nor is he likely to make such an acknowledgment.

It's Just Good Business

The addition of 38 new brands to the stocks of Ohio liquor stores has been hailed, for obvious reasons, by the liquor industry.

For reasons which should be equally obvious but probably are not, the decision to do this by Liquor Director Richard C. Crouch can be appreciated as well by the people who own, operate and patronize the state's liquor business — the citizens of Ohio.

A successful business is always sensitive to public demand and public taste. This is true whether the enterprise competes with other enterprises for a share of the profits in the same field or is charged with providing good, efficient service as a protected monopoly.

Ohio's 225-million-dollar retail liquor business must do both.

The state's stores, especially those along its borders, compete for sales with stores in other states. And, as the operator of a monopoly, the state liquor department is responsible for serving and protecting the public interest within Ohio's borders.

The department recognized its competitive position when it put its 10 per cent price increase into effect the first of this month. The boost was studied carefully to keep Ohio's prices below those in neighboring states.

Any retailer will attest to the fact that variety and range of stock are as important as price in attracting customers.

As a monopoly operation, the department must be no less sensitive to changes in the demand for the products it handles. The fact that the new brand list revision is the first in years is evidence enough of the sluggish ways of a protected monopoly.

The liquor industry is a legitimate industry in this state. It is a big industry. As long as it comports itself with decency and within the bounds of the law, it is as entitled to encouragement and consideration from the state as any other industry.

Director Crouch, Gov. DiSalle, and the liquor enforcement chief, Ivan W. Smith, have all emphasized this repeatedly since they took office.

It is encouraging to see evidence that they are sincere.

2 Sides To Politics

The current criticism of the Columbiana County Republican leadership by Atty. Walter J. Hunston of Salem does not, as some Democrats would believe, indicate a wide split in the GOP ranks.

On the other hand, Atty. Hunston's statements must be regarded as more than those of a disgruntled "also-ran" which can be shrugged off by Republicans as "sour-grapes."

Some of the charges about party operations and strategy may not be well founded, because the GOP fortunes last November were inadvertantly linked with the "right-to-work" amendment and other issues rather than faulty campaigning.

Nevertheless, such criticism does call attention to some of the Republican problems in the county and points up the need for a rekindled enthusiasm and aggressive program for all party members—from top to bottom.

The solution of the party problems will have to be worked out by the leaders themselves, for only they know the vagaries and complexities of politics. The actual winning of elections, however, fortunately remains in the hands of the people, who must judge the candidates and their policies and then render a decision.

It is up to both parties in the county to present the best possible candidates and the most logical policies to represent the party platforms. Neither political group can afford to shirk its responsibilities in the foundation of American government—the two-party system.

The Once Over

By H. I. Phillips

Fidel Castro is to have quite a show put on for him in the U.S.A. He will have lunch with acting secretary of state, appear on quiz shows and be speaker at the Publishers' Convention. All may go well if nobody at lunch and banquets says, "no sugar," when taking coffee. There is nothing official in this reception but it indicates the beard is mightier than the behavior and gives whiskers a high rating in the international scene.

Americans can use an accurate analysis of Castro. Publishers will be able to give it after a close-up. How much of the jungle still sticks to him is a question and the jury is still out on the decision of his capabilities when he takes off the army hat and gets into the bonnet of a national guide and pilot.

When he faces sharp questions on TV programs, the public will get a chance to see if his "cooling system" is defective, a most important issue.

CASTRO IS STRAIGHT out of "westerns," rougher movies and "whodunits." He has eclipsed the imagination of Hollywood writers and is sure of a split decision with TV thriller-diller authors. But he is still the Mystery Man of 1959.

In him appear contrasting shades of Montezuma, Pistol Pete, Toussaint L'Ouverture, the Cisco Kid, Garibaldi, and Dangerous Dan McGrew. He seems in a "Have Gun Comples; Will Travel" mood. He is brave, dynamic and colorful, but seems short on pity.

Tabbing his philosophies and friendships from the Free World viewpoint is hard, but he will be on exhibition for more than a week and the public may regard him as the most exciting "big show" since circus arrived.

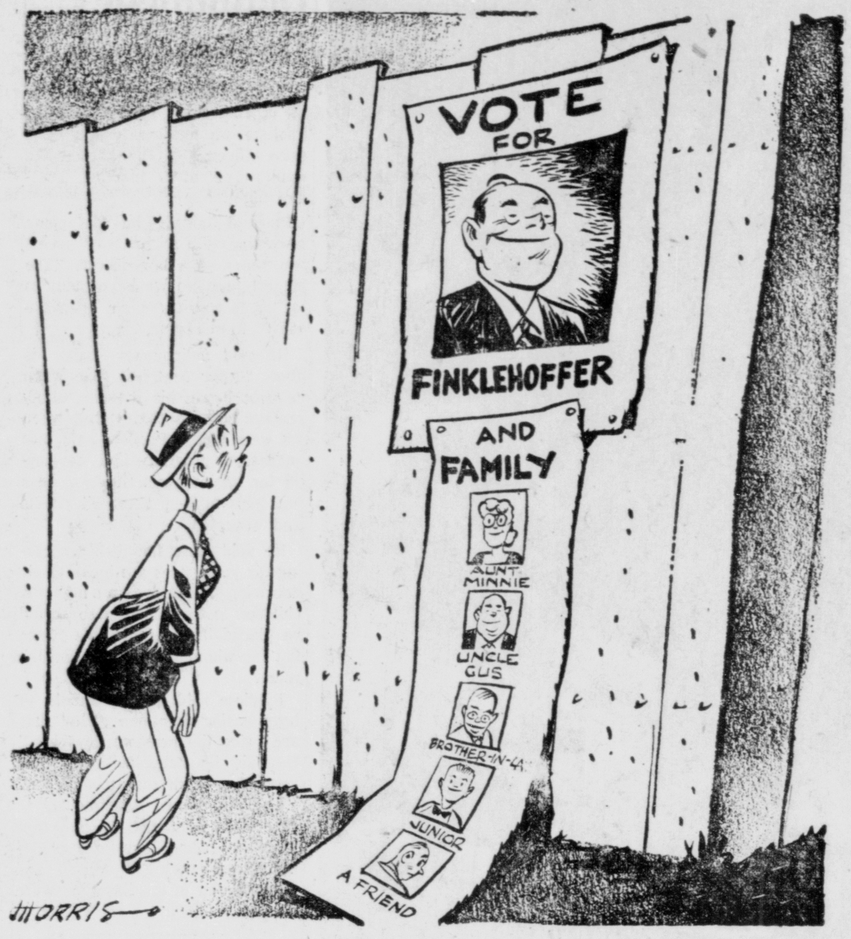
One thing is certain, there will be no need for amplifiers or cries of "Louder!" from audiences. Your TV set had better be in good shape in order to stand the dramatic gestures when Fidel starts sounding off. Ringling Brothers, Susan Hayward, Mrs. Roosevelt's camel, Casey Stengel and Ingrid Bergman stand aside, please!

STUDY IN SLOW MOTION was givn by Securties and Exchange commission and President Funston of the New York Stock Exchange in their belated warning to the public that it should show caution in buying stocks. Both had been holding their warning form but evidently decided to merge "Prudence Common" with "Horse Sense, Pfd."

SEC says it "views with concern the extent to which prices of certain securities seem to fluctuate unduly." The public's reply is, "What delayed you?" "Any amateur who plays the market is asking for trouble," the statement continues. Deciding when a fellow has lost his amateur standing is a difficult job. He himself thinks he has joined the pro ranks after he has made three points on his first loose purchase.

This tardy, "Be cautious, boys," from the Exchange head, SEC and brokers is like flashing a red light at the open drawbridge when the locomotive is coming full speed ahead. It is the same as yelling, "Don't be reckless," to a kid playing on the edge of Niagara Falls on a rubber raft. Stocks may go much higher, but the fact remains that amateurs are not only playing with fire but holding flames for the long pull.

It's Sad, But Often True



Hunger Probe Will Break Budget

By Victor Riesel

Reports from insiders have been rolling through Georgia to the President that this Congress will bust right through his budget by voting hundreds of millions of dollars to make millions of new jobs. This will spurt from another Congressional probe — the investigation of misery.

Victor Riesel

America will be shocked by what will stalk the kleig-lit hearing rooms which will be set up around the nation by Sen. Lyndon Baines Johnson's special Commission on Unemployment Problems.

Within two weeks this 11-man non-partisan, hunger-finding commission will start its tour, headed by some national figure such as Erwin D. Canham, editor of the Christian Science Monitor and head of the U.S. Chamber of Commerce.

In each heavily hit state, one of the U.S. senators will sit in. Each region's grimness will be nationally spotlighted to remind the rest of us of our brethren in crisis.

I was startled when national leaders in private conversations used the word "hunger." West Virginia's Sen. Jennings Randolph said no one was being melodramatic. He knew of one doctor in his state who had actually treated unemployed for malnutrition. He spoke of a community in which only two fathers of the 35 children in a school class were employed.

IT WAS A VISIT to one of these West Virginia communities which first startled, then goaded Sen. Johnson into deliberation on some action to put bread back on the table and dignity onto the backs of jobless men who feared themselves growing useless. This happened during last year's congressional campaign.

Johnson went into Welch, W. Va., for a political speech. Driving through the town, which sits on a mountain of coal, the senator noticed men lounging in the streets during the height of what should be the working day. They were the jobless.

They were deep in one of the nation's poverty pockets—unnoticed, unaided by prosperous communities not a hundred miles distant.

For months Johnson probed into such poverty pockets. Everywhere the story was the same grim thing. There was desperation in one city—and other cities in the same state were prosperous and gay, unknowing of the hunger literally down the road.

Several weeks ago Johnson decided the deadline for hunger had come. He determined to beam piercing spotlights into the poverty pockets so that the rest of America would share some of its prosperity with the hard-hit areas. He hit on the plan of a roving fact-finding commission.

He talked to some businessmen. He spoke with AFL - CIO chief George Meany and Vice President Walter Reuther. Johnson wanted a 90-day series of meetings. They thought this was too long a stretch. Now the hearings will be jammed into 60 days.

LYNDON JOHNSON cooks up his Senate fare like a chef at Paris' Tour D'Argent. That's why he chose last Wednesday's labor demonstration on unemployment to announce his proposal. From the National Armory, he drove right back to the Senate and introduced his resolution for the roving commission.

When the commission's reports begin making headlines, Johnson will pour the heat on Congress. He'll call for the expenditure of a billion dollars—perhaps more—to make jobs.

He expects that the House of Representatives then will have to pass the housing construction bill already approved by the Senate. This calls for 200,000 housing units —and Johnson reckons it will make over half a million jobs.

He'll fight for the multi-million-dollar bill for special construction aid to depressed areas. There are over 100,000 new jobs in this one, his people believe.

The senator will fight for the heavy-spending road-building and airport bills and even for appropriations which would put tens of thousands to work in national public parks.

All this, of course, puts the White House in an awkward position. President Eisenhower and his Labor Secretary, Jim Mitchell, had a long conference on the morning of Monday, April 6. They came out of it believing that there'd be no real unemployment in six months. Therefore, they're against the heavy-spending bills. To fight these, they'll appear to be fight aid to the jobless.

Whichever force is right certainly will have an early lead in the presidential race.

Attempt To Spread Panic?

By William L. Ryan

The Soviets have buzzed another U.S. plane in what looks like a deliberate attempt to spread panic among the Western Allies in advance of the summit meeting. The incident calls for serious and honest thinking in the West.

Are these incidents part of a Khrushchev plan to bully the West into attitudes of what the British choose to call flexibility? That seems the case. If the attempts succeed, the West may be courting disaster.

Khrushchev may be trying to get across the idea that unless at least some of his demands are met, there is grave danger of world war. The initiative for war obviously is not in the hands of the democracies, which seem to have resigned themselves to the idea that if war comes, the other side must attack first.

Thus, Western policy would seem to be one of preparing for vengeance, not for defense. It even indicates there is no such thing as defense in today's world.

In effect, Khrushchev is saying: Can you gamble that I will not be reckless enough to push the button? If you cannot, then let's talk business. Khrushchev wants and perhaps desperately needs to show some sort of results at home from the forthcoming conferences.

If there is to be no recourse to war, then defense must begin at the political level. Are the Western statesmen approaching the summit with the deck stacked again against them?

Khrushchev can win, because any concession to him at any point will be a Khrushchev victory. He can hardly emerge from the summit with anything less than a standoff, preserving things as they are now in Germany and waiting for yet another chance to probe the West's soft spots. But he can do much better than that.

Already Khrushchev has the satisfaction of seeing the Western Allies divided in their summit approach. Attempts to minimize the division simply add up to more confusion.

This would seem to be a moment in history when frankness—or to be blunt, honesty—might be advisable in informing the Western world of its position.

The British, for example, might use plain English. Prime Minister Macmillan's right-hand man, Home Secretary R. A. Butler, declared Tuesday there were no real differences between Britain and Germany on dealing with Khrushchev except on matters of emphasis and tactics. But there surely are differences, and even if these are tactical they are gravely important.

Chancellor Adenauer—and many Americans agree with him—suggests the British are using the wrong words. Flexibility indicates concession, backing down at some point along the line. In a word, then, it means surrender, and surrender on any point at issue in Germany is bound to be dangerous.

The British themselves learned in 1939 they could not buy off a man bent on conquest. Hitler clearly announced his plans in advance. Just as clearly the Communists have made their intentions plain. The Communists, said Lenin, intend to "move step by step, maintaining a state which is neither war nor peace; proceed by alternating offensives and retreats, but always work through Communist conspiracy." Two steps forward, one step back, Lenin preached, but never give up what you grab.

The West surely is aware that Khrushchev at the summit will be Khrushchev the international Communist who has boasted many times of his devotion to Lenin's notions of world revolution. Whatever he wins not only will strengthen his hand at home but will be another step in the Communist program for piecemeal conquest of its enemies.

Judicial Qualifications

By David Lawrence

Justice Stewart Quizzed On Court Stand

Several members of the United States Senate are a little disturbed over the attempt the other day to gag them when they were questioning Justice Potter Stewart of the Supreme Court of the United States.

David Lawrence

Mr. Stewart was given a "recess appointment" as an associate justice of the Supreme Court on Oct. 14, 1958. He has not been confirmed by the Senate but he has participated in many decisions and has written nine opinions.

Some justices in the past have declined to take the oath of office until confirmed. The embarrassments that come to a justice who is already sitting on the court but who has to appear before a congressional committee to give information, presumably on his own qualifications, are obvious.

In the hearing of the Senate Judiciary Committee the other day, lasting two hours, a point of order was made that no question should be asked of Justice Stewart concerning Supreme Court decisions or his own attitude toward past decisions. But, in the discussion that followed, it was apparent that the point of order was not concurred in by other members of the committee from both the North and the South.

While the Constitution provides that the Senate may confirm or reject any presidential nomination submitted to it, sometimes, when Congress is not in session, "recess appointments" are made.

THE RECIPIENT of such an appointment can serve only through the subsequent session of Congress. If he is not confirmed during that session, he is no longer eligible to remain at his post.

Justice Stewart was, of course, not on the Supreme Court when the segregation decisions of 1954 were issued, but he has since had opportunities to concur in various rulings derived from the original case.

On the surface, it would seem to be an impropriety to ask any Supreme Court justice to discuss his reasoning with respect to decisions that he has already rendered on the high court, even though serving under a recess appointment. But the senators on the Judiciary Committee did not ask about current decisions. They were interested in the reasoning of the Supreme Court in decisions prior to the time of Mr. Stewart's appointment. They wanted to know whether the new justice agrees with the reasoning, and Sen. McClellan (D-Ark), asked him to explain what he thinks was the reasoning and logic applied in the school segregation cases.

Justice Stewart said that basically he agrees with the 1954 decision, but not with "all the grammar and the footnotes." Yet it was one of those footnotes citing "psychological authority"—including Gunnar Myrdal, a Swedish socialist—that has occasioned widespread criticism.

Certainly in the argument before the Supreme Court itself, there was no opportunity to offer a rebuttal to the Myrdal view, because the "footnote" had at the time not been mentioned by the court.

IT MIGHT WELL BE asked of what value it is to determine whether an appointee to the court agrees or disagrees with past decisions. On this point, Mr. Stewart said, "I've never read any opinion of any court that I thought was perfect."

But the real duty of the Senate, every time a judicial appointment is submitted, is to find out whether the prospective justice actually believes in a written Constitution and the method prescribed therein for its amendment, or whether he believes that the Supreme Court can override the Constitution at will.

At one point, when the Senate Judiciary Committee was interrogating Justice Stewart, he was asked:

"Do you think the Supreme Court has the power to amend the Constitution?" He answered: "Certainly not to amend it, no."

-:-

THE QUESTIONING of Justice Stewart is to be resumed in a few days.

This is not the first time the views of a judicial appointee have come under close scrutiny by members of the Senate Judiciary Committee. Back in 1930, when Charles Evans Hughes was nominated to be chief justice of the Supreme Court, he was sharply criticized for his views in various cases.

Indeed, much of the opposition to his confirmation came from the radicals of those days and on the final vote they voted against Mr. Hughes plainly because of his previous decisions.

In the case of John J. Parker, a member of the U.S. Circuit Court of Appeals who was nominated by President Hoover for the Supreme Court of the United States, the labor-union opposition was such that his nomination was rejected by a vote of the Senate.

There is, therefore, ample precedent for the present members of the Judiciary Committee to examine the views of any appointee to the Supreme Court and, indeed, to vote against him if they are so inclined.

'Thirstless Dogs' Reported Part Of Odd-Ball Menagerie

ATLANTIC CITY, N.J. (AP)—A bit of scientific treasure — "thirstless dogs" — was reported from Ft. Knox, Ky., today.

They were part of an odd-ball menagerie described in various reports to the 43rd annual meeting of the Federation of American Societies for Experimental Biology.

Also listed were thirsty monkeys trained to get orange juice by pressing levers and puppies and pigs with hardening of the arteries.

The pigs exemplified an ironic switch. Healthy enough while eating their regular garbage of animal food, they developed atherosclerosis after some scientists fed them a human diet for six months.

Three researchers of the Army's Medical Research Laboratory at Ft. Knox reported they had achieved "selective and permanent elimination of water drinking" in a group of dogs by surgically removing an area of their brains.

They termed this a signficant breakthrough in the quest for the detailed mechanics of "how the 'urge to drink water' is engendered in animals and men."

The Army team offered no views on how this knowledge might be applied to man's benefit. Presumably the finding might stimulate further research to determine if some nonsurgical means might be employed to check the thirst urge temporarily in castaways at sea or in men lost in desert areas.

The scientists said the brain area removed is called the perchiasmal area—a mothball-sized structure located at the base of the brain and lying directly back of the eyes.

"Subsequent to the surgical removal of the area," they said, "dogs never again show any interest in water. Yet they remain fully oriented mentally and eat solid and liquid food normally."

Chester High School Carnival To See King, Queen Crowning

A carnival "king" and "queen" will be crowned as a highlight of the 11th annual Chester High School carnival Saturday night at the high school.

"Apple Blossom Time" will be the theme of the event sponsored by various student groups to raise funds for a trophy case for the high school.

The king and queen, to be chosen by a penny-a-vote election now under way, will be crowned at 7 p. m. to open the carnival. Voting places are at Chester High School, Herche's Drugstore and the Citizens' Drugstore.

The activities and school organizations sponsoring include: Hillbilly show, sophomores; mock operation, Future Nurses; silhouettes, seniors; variety shows, juniors and freshmen; bake sale, Future Teachers; refreshments, Y-Teens; danceland, girls basketball team.

Movies, majorettes; checkroom, cheerleaders; hoop-la, Student Council; balloons, Pep Club; fish pond, band; darts and ring toss, Science Club; basketball foul shooting, Key Club; hats and grab bag, Latin Class.

A main show will be presented in the auditorium under the direction of Tony Bernardi.

Timken Offers To Purchase Remaining Subsidiary Shares

LONDON (AP) — The Timken Roller Bearing Co. of Canton, Ohio, owner of about 54 per cent of the shares of British Timken, its British subsidiary, has offered to buy up all outstanding shares.

The American company bid 30½ million dollars, the equivalent of $11.72 per share.

The offer was announced Tuesday night by William Umstattd, president of the American company. He said the move was inspired by the European common market and plans for a free trade area.

"We felt we could more effectively cope with competition if we purchased the shares of British Timken," he said.

At least 75 per cent of the minority shareholders have to agree to the sale. The British government must approve it.

Directors of the British company have announced they intend to sell their own holdings and will recommend that other shareholders sell.

The British company, a leader in the defense field, is one of four large bearing companies in Britain.

Umstattd said the American company intends to continue the business under the present British management. The purchase, he said, would lead to an accelerated rate of progress for the company.

He told newsmen the American firm would have preferred to make a closer liaison through the exchange of shares—giving British shareholders stock in the American company—but the Bank of England refused its permission.

British Timken has plants at Birmingham, Duston, and Daventry.

'Thirstless Dogs' Reported Part Of Odd-Ball Menagerie

ATLANTIC CITY, N.J. (AP)—A bit of scientific treasure — "thirstless dogs" — was reported from Ft. Knox, Ky., today.

They were part of an odd-ball menagerie described in various reports to the 43rd annual meeting of the Federation of American Societies for Experimental Biology.

Also listed were thirsty monkeys trained to get orange juice by pressing levers and puppies and pigs with hardening of the arteries.

The pigs exemplified an ironic switch. Healthy enough while eating their regular garbage of animal food, they developed atherosclerosis after some scientists fed them a human diet for six months.

Three researchers of the Army's Medical Research Laboratory at Ft. Knox reported they had achieved "selective and permanent elimination of water drinking" in a group of dogs by surgically removing an area of their brains.

They termed this a signficant breakthrough in the quest for the detailed mechanics of "how the 'urge to drink water' is engendered in animals and men."

The Army team offered no views on how this knowledge might be applied to man's benefit. Presumably the finding might stimulate further research to determine if some nonsurgical means might be employed to check the thirst urge temporarily in castaways at sea or in men lost in desert areas.

The scientists said the brain area removed is called the perchiasmal area—a mothball-sized structure located at the base of the brain and lying directly back of the eyes.

"Subsequent to the surgical removal of the area," they said, "dogs never again show any interest in water. Yet they remain fully oriented mentally and eat solid and liquid food normally."

Chester High School Carnival To See King, Queen Crowning

A carnival "king" and "queen" will be crowned as a highlight of the 11th annual Chester High School carnival Saturday night at the high school.

"Apple Blossom Time" will be the theme of the event sponsored by various student groups to raise funds for a trophy case for the high school.

The king and queen, to be chosen by a penny-a-vote election now under way, will be crowned at 7 p. m. to open the carnival. Voting places are at Chester High School, Herche's Drugstore and the Citizens' Drugstore.

The activities and school organizations sponsoring include: Hillbilly show, sophomores; mock operation, Future Nurses; silhouettes, seniors; variety shows, juniors and freshmen; bake sale, Future Teachers; refreshments, Y-Teens; danceland, girls basketball team.

Movies, majorettes; checkroom, cheerleaders; hoop-la, Student Council; balloons, Pep Club; fish pond, band; darts and ring toss, Science Club; basketball foul shooting, Key Club; hats and grab bag, Latin Class.

A main show will be presented in the auditorium under the direction of Tony Bernardi.

Timken Offers To Purchase Remaining Subsidiary Shares

LONDON (AP) — The Timken Roller Bearing Co. of Canton, Ohio, owner of about 54 per cent of the shares of British Timken, its British subsidiary, has offered to buy up all outstanding shares.

The American company bid 30½ million dollars, the equivalent of $11.72 per share.

The offer was announced Tuesday night by William Umstattd, president of the American company. He said the move was inspired by the European common market and plans for a free trade area.

"We felt we could more effectively cope with competition if we purchased the shares of British Timken," he said.

At least 75 per cent of the minority shareholders have to agree to the sale. The British government must approve it.

Directors of the British company have announced they intend to sell their own holdings and will recommend that other shareholders sell.

The British company, a leader in the defense field, is one of four large bearing companies in Britain.

Umstattd said the American company intends to continue the business under the present British management. The purchase, he said, would lead to an accelerated rate of progress for the company.

He told newsmen the American firm would have preferred to make a closer liaison through the exchange of shares—giving British shareholders stock in the American company—but the Bank of England refused its permission.

British Timken has plants at Birmingham, Duston, and Daventry.

Rogers PTA To Give Penny Meal Saturday

ROGERS — The Rogers Parent-Teacher Association will sponsor a penny supper Saturday at the school with servings beginning at 5 p. m. Proceeds will be used for school projects.

Forum Scheduled On Plans To Alter 'Statistical Area'

The Upper Ohio Valley Development Council has scheduled a forum for its members this afternoon at 1:30 in the Ohio Power Co. building at Steubenville to study the implications in a proposal by the Bureau of the Budget's Office of Statistical Standards to split the Wheeling-Steubenville Metropolitan Area into two separate groups for purposes of gathering statistics.

If the "paper" change is made, Hancock, Brooke and Jefferson Counties will make up a new Steubenville-Weirton metropolitan area and Belmont County would be placed with several West Virginia counties to form the Wheeling Metropolitan group.

At present, all the counties are part of the Wheeling - Steubenville metropolitan area for statistics - gathering purposes. Two counties in the UOVDC area — Columbiana and Harrison — are not affected by the proposal.

Frankly puzzled by the implications of the change, the UOVDC said in a bulletin to its members that the meeting today will "afford an opportunity to learn what a metropolitan area is, why a split is being proposed and the value of such a change."

Pittsburgh Youth, 14, Convicted In Slaying

PITTSBURGH (AP)—Jerry Pacek, physically matured far ahead of his 14 years, was convicted Tuesday night of second degree murder in the sex slaying of a 54-year-old neighbor.

The chain-smoking youth with a receding hairline turned out to be just a boy after all, slumping into a chair and weeping as the jury returned its verdict after 8½ hours deliberation.

One of the youngest defendants in Pennsylvania history, Pacek faces a maximum sentence of 10 to 20 years in prison for the bludgeoning last Nov. 17 of Mrs. Lillian Stevick on a secluded lot in nearby Brackenridge where both lived.

Sentence was deferred pending a possible motion for a new trial.

Brother Of Ex-Ring King Faces 2 Charges

SALT LAKE CITY (AP)—Boxer Don Fullmer, 20, was charged with embezzlement and grand larceny Tuesday. He is a brother of former middleweight champion Gene Fullmer, 27.

Two other men, George Arba Holmes and Lynn Alma Holt, were arraigned on similar charges. Salt Lake County Atty. Grover A. Giles said Don Fullmer and Holmes were employes of the Salt Lake Hardware Co., a wholesale house.

Officers said the charges involve about $1,500 worth of hardware items taken from the warehouse over a period of several months.

Jet Airliner Breaks Commercial Air Mark

LOS ANGELES (AP)—Fighting 50 m.p.h. headwinds, a jet airliner raced from New York City to Los Angeles in 4 hours 46 minutes Tuesday, breaking the commercial air record for westbound flights.

The plane, carrying a capacity load of 106 passengers and eight crew members, bettered the old record by an hour and 32 minutes. The American Airlines Boeing 707 jet flagship, piloted by Capt. Charles A. MacAtee, averaged 570 m.p.h. for the 2,469-mlie transcontinental flight.

More than one-half of Bulgaria is devoted to cereal farms, some tobacco.

Dulles

(Continued from Page One)

view of the doctors' latest findings, the secretary had decided definitely to submit his resignation.

A formal letter will reach him later, the President said.

Eisenhower said he wanted to make it clear that Dulles is not helpless, but that the secretary is "absolutely incapacitated for carrying on the administrative load" and the policy-making chores of the State Department.

It was at that point that the President said he has asked the 71-year-old Dulles to stay on as a foreign policy consultant.

Eisenhower heaped praise on Dulles, calling him one of the most able men the country has known.

Wearing a tan sports coat and a sports shirt with tie, Eisenhower spoke before a battery of hastily set up newsreel cameras.

After telling of Dulles' decision to resign, Eisenhower then said he had made no final decision regarding a successor.

He said he will make and announce a decision as soon as possible.

In reply to a question, Eisenhower said that whether or not the job goes to Herter, the acting secretary definitely will be on hand for the United States at both an April 29 meeting of Western foreign ministers in Paris, and a May 11 conference of those ministers with the Soviet Union's foreign minister. That later conference will be held at Geneva and may be a prelude to a summit conference.

Eisenhower said Herter will go to both sessions regardless of whether he becomes secretary of state, because he is so familiar with the background and preparations.

A reporter asked Eisenhower to evaluate the impact of Dulles' resignation on U.S. foreign policy.

The President replied that Dulles has developed a team at the State Department and that his work will go on.

The President then expressed confidence that there will "be no damage" to U.S. relations with other countries.

As he made ready to leave the session with newsmen, Eisenhower seemed to choke up a bit as he remarked he was unable to say how much he regretted that Dulles had to resign.

Dulles, who is 71, had clung for weeks to the hope that he could make it to the Geneva meeting of the Big Four foreign ministers.

But this time he was not to spring back, as he had before—for example, when he first was stricken with cancer in 1956.

Dulles re-entered Walter Reed Army Hospital here last Sunday, cutting short a Florida rest he had taken in an effort to build up his failing strength.

Dulles had gone to the hospital Feb. 10 for a hernia operation. Recurrence of cancer was then discovered. But, whereas the doctors had taken out a piece of his large intestine in 1956, there was no effort this time to cure by surgery.

Massive radiation treatments were tried, and Dulles was reported to have stood these well. His strength always has been much greater than most men's, and hope was held that he would get back on the job.

When Dulles came back from Florida, there was no question but that he had deteriorated badly. Newsmen who had seen him fairly constantly figured he had lost 15 to 20 pounds of his normal 185. His face looked wasted; his clothes hung loosely.

Dulles himself said: "I feel pretty good."

But then Tuesday came the report indicating the cancer may have spread.

Throughout Dulles' illness, Democrats as well as Republicans were pulling for him. In fact, he had many Democratic friends, some of them dated back to the time when he worked with Cordell Hull, who was President Franklin D. Roosevelt's secretary of state.

Dulles had many critics, too, in the political-diplomatic field. Some accused him of an arrogant carelessness and said he had casually brought the United States to the brink of war time after time. "Brinkmanship" became a word of scorn.

His supporters have been as strong in the other direction. Eisenhower, for an important example, once called him "one of the wisest, most courageous and most dedicated men" ever to serve as head of the State Department. Other admirers agreed he had preserved peace.

Antagonism toward Dulles was often apparent in Allied capitals, where the charge came frequently that he was too eager to provoke the Soviet Union.

The Communist Soviet Union never let up on its criticism. It called Dulles a warmonger, with all conceivable adjectives.

Dulles became secretary of state on Jan. 21, 1953. He had been prepared for the position through most of his adult life and had been active in foreign affairs for years.

Dulles became a figure on the world stage toward the end of World War II when he was serving as foreign affairs adviser to the Republican presidential candidate, Gov. Thomas E. Dewey of New York.

Dulles relaxed mainly by flying to his private duck island retreat in Lake Ontario. Whenever the opportunity arose, he would fly by special Air Force plane to Syracuse and then board a small amphibian plane which would land in the water near the isolated island.

With his wife, Dulles would then relax in a rustic cabin which had no electricity or running water. He rigged a device whereby he could scoop up the lake water he needed for personal and cooking uses.

While there, he has told friends, he liked to relax by chopping wood and helping Mrs. Dulles with household chores, including washing dishes and polishing copper pots and pans.

Resignations were accepted from Robert Dickey, Eugene McFarland, Earl Davis and Clyde Bond.

Hired were Mrs. Alice Wollam of Calcutta, to teach at the Public School after a year's absence, and Thomas McCall of East Palestine, Cleveland area teacher who will serve at the Public School.

Mrs. Virgina Snyder was hired as enumerator for Madison Township and Mrs. Jo Ann Fisher for St. Clair Township. Enumerators are to be hired this week for Elkrun and Middleton Townships for completion of a pupil census in May.

The board approved the certification of Miss Ruby Koontz as assistant school bus driver.

A lengthy discussion was held with some 25 delegates from the Oak Grove School area concerning the proposed closing of the school along Route 170. Some 63 pupils in Grade 1 through 4 attend the wooden structure.

The board pointed out no formal action has been taken to close the school for next fall, and that this will be dependent upon the completion of new classrooms at Calcutta and Rogers and the state standards and requirements for the schools.

At present, Oak Grove School meets requirements, it was reported. The delegates discussed the possibility of school construction at Oak Grove, but it was indicated the population trend of the area might be a dominating factor.

VanHorne said he would discuss the matter at a meeting of the Oak Grove Parent-Teacher Association April 24.

The next board meeting will be May 11.

Shippingport Fuel Loading Lasts Longer

Unanticipated life duration of atomic fuel at the Shippingport power plant of the Duquesne Light Co. will cut production costs "considerably," Phillip A. Fleger, president of the utility, reported Tuesday.

At a meeting of stockholders yesterday at Pittsburgh, Fleger said the production costs will be "considerably lower" than originally expected because the life of the first fuel loading will exceed design specifications by a "very substantial" margin.

The 60,000-kilowatt plant, which cost $119 million, first went into production in December 1957 . . . a joint project of Duquesne and the Atomic Energy Commission.

Designed as a pilot plant for atomic power, it had been expected the production costs would be very high in comparison to coal burning power plants. Thus, the longer life of the atomic fuel serves as a further encouragement for the use of atomic energy in the future, he said.

Referring to the utility's outlook for 1959, Fleger said it is very promising, with the operating budget anticipating increases in all major sales classes, and an increase larger than the 4 per cent of last year.

An agreement with a large industrial firm for an inter-change of power will permit a material reduction in the planned construction program for the next three years, Fleger said.

$500 Loss In Blaze

NEW CUMBERLAND — A short-circuit in electrical wiring was blamed today for a fire which caused about $500 damage in the basement of the home of Mrs. Paul Cullen, volunteer firemen reported. The blaze occured shortly before noon Tuesday in the 2nd Ave. home, firemen said. Damage was limited to the floor rafters and other wood sections.

Fairbanks, Alaska, claims to have the most northern golf course and country club in the world.

ered within a few hours after the disappearance first was reported. Mrs. Juanita Ferguson, 50, and Mrs. Virginia Conley, 54, had gone down to Beckley for the day. They started back about 6 o'clock. Near Sutton when they were approximately 70 miles from home, they stopped for coffee.

After that, nobody knows - at least, nobody who will talk.

The last part of the route into Clarksburg has been gone over by state policemen and volunteers on foot and by pilots in helicopters. Nothing even resembling a clue has been found.

The many tips apparently have been brought on by pleas from the State Police for help from the public. Supt. Hazen Fair yesterday asked for all possible relevant information and even suggestions. The policy was adopted because of freely admitted bafflement of the State Police themselves.

Bar Patron Wounded As Waitress Shoots

WEIRTON — Police are investigating the wounding of a Sharp St. man at 12:05 today in the Washington Bar by a ricocheting bullet fired by a waitress.

Ed Young suffered a gunshot wound of the right leg and thigh.

Police still are investigating as to why the waitress, Alice Terry, fired a shot into the floor of the tavern. Young is in "good" condition today at the Weirton General Hospital. Steve Barron, a constable, was in the tavern when the shooting occurred and is aiding police in the investigation.

2 Bandits Obtain $100 In Tavern At Weirton

WEIRTON — Police today were searching for two gunmen who robbed the proprietor of a Pennsylvania Ave. tavern early this morning.

James Ferrelli of Ethel & Jack's was robbed at gunpoint of $100 by a pair of unmasked bandits, police reported. Ferrelli gave chase in his car but they eluded him.

Police said the pair entered the tavern late when most of the patrons were leaving.

Students Adopt Code At Chester

An eight-point student code was adopted by the Chester High School Student Council at a meeting Tuesday at the school.

The code, proposed last year, was worked out during the summer and later revised and presented to the student body several weeks ago. On the code committee were Reid Calcott, Wayne Berry, Glen Stanley, Rita Rossy and Patricia Pinney.

The code, whose eight items have capital letters which spell out PANTHERS, includes Punctuality, Ambitions, News (not gossip), Truth, Health, Effort, Respect and Self-control.

Stanley, president, urged co-operation of students in support of the annual high school carnival Saturday. The event is to provide money for a trophy case for the school. Jerry Linger, treasurer, reported the Council has $193 in the treasury.

Plans for the carnival were furthered at a meeting of students following the Council session.

Students Adopt Code At Chester

An eight-point student code was adopted by the Chester High School Student Council at a meeting Tuesday at the school.

The code, proposed last year, was worked out during the summer and later revised and presented to the student body several weeks ago. On the code committee were Reid Calcott, Wayne Berry, Glen Stanley, Rita Rossy and Patricia Pinney.

The code, whose eight items have capital letters which spell out PANTHERS, includes Punctuality, Ambitions, News (not gossip), Truth, Health, Effort, Respect and Self-control.

Stanley, president, urged co-operation of students in support of the annual high school carnival Saturday. The event is to provide money for a trophy case for the school. Jerry Linger, treasurer, reported the Council has $193 in the treasury.

Plans for the carnival were furthered at a meeting of students following the Council session.

Society Will Set Hours Of Wellsville Museum

The Wellsville Historical Society will discuss arrangements of summer hours for the River Museum at a meeting Thursday night at 8 at the Carnegie Library.

Plans also will be duscussed for field trips. The society plans to visit the covered bridges in Columbiana County and also travel over the route taken by Morgan's Raiders.

Anyone interested in the field trips can attend. Edwin Pugh, president, will preside.

Mrs. Ethel Clark New President Of PTA At Wellsville

Election of officers and appointment of a committee of mothers to plan a party for sixth graders comprised the chief business at the meeting of the MacDonald Parent-Teacher Association Monday night in the Wellsville school. The sixth graders will enter Daw Junior High School in the fall.

Mrs. Ethel Clark was chosen president; Mrs. Naomi Palmer, first vice president; John Mackov, second vice president; Mrs. Pat Jenkins, secretary, and Mrs. Phyllis Hossler, treasurer.

The mothers' committee will include Mrs. Raymond Rolley, Mrs. Clark and Mrs. Luenell Jackson. The PTA voted to purchase lollipops to be distributed at the preschool clinic. Mrs. Floreine Broderick, secretary, presided in the absence of Mrs. Mary Clark, president.

The kindergarten class of Mrs. Christine Wilson presented singing games, "Farmer In the Dell" and "Did You Ever See a Lassie?" Mrs. Ruth Cooper spoke on her duties as attendance officer. The attendance banner was won by the morning kindergarten class. The Rev. J. G. Lassiter of Lee's Chapel of the African Methodist Episcopal Church conducted devotions.

Refreshments were served by Mrs. Doris Geer and Mrs. Georgia Bratt.

4-H Club News

Sugar cookies were made at a meeting of the cookies group of the Happy Hands 4-H Club Monday night at Salineville High School.

Miss Rose Ann Smith, president, conducted business, and Miss Pam Adams read the Bible.

The next meeting will be Monday night at 7.

Mrs. Orena Haynes, clothing specialist of Ohio State University, will lead the clothing training session for 4-H advisors Friday at 10:30 a. m. at the Ohio Fuel Gas Co. office in Salem.

Selection of material and patterns, construction details, modeling and choice of accessories for the 4-H clothing projects will be discussed. Interested 4-H advisors in the area are urged to attend.

The Columbiana County 4-H Junior Leadership Club will meet Thursday at 8 p. m. at the Lisbon Grange Hall.

Don Myers, county extension agent in 4-H work, said timely topics of interest to members will be discussed and all county junior leader members are urged to attend.

Action Upon Teen-Age Code Scheduled During Assembly

Final endorsement of a Teen-Age Code is planned Thursday afternoon during an assembly at Memorial Auditorium under supervision of the high school Student Council.

The program, scheduled to begin about 1, will climax lenghty efforts to set up the code.

Representatives of student bodies from Wellsville, Chester, Newell, Lisbon, East Palestine, Salem, Columbiana East Junior High and Westgate Junior High have been invited to attend and join in the discussion.

Dave Sixt, chairman of the local Student Council, will preside during the assembly.

The code will be discussed briefly and endorsed by the following class presidents; Wilbur Hall, sophomores; Steve Moore, juniors, and Dave Buzzard, seniors.

Judge Louis Tobin will speak on "Representing The Community."

Supt. of Schools Ralph W. Betts also will speak.

After the assembly, the students will return to their various home rooms where they will be given an opportunity to join in the code on a voluntary basis. Pamphlets containing the code will be distributed, the Student Council explained.

How Can I? ? ?

By ANNE ASHLEY

Q. How can I remove wrinkles from silk dresses when unpacking without ironing?

A. If the silk dresses are mussed and wrinkled from packing, hang them over a bathtub of hot water for an hour or so, and see if they will not be quite freshened and free from wrinkles.

Q. How can I retain the color of rhubarb?

A. Try dicing the rhubarb, putting into covered baking pans, sprinkling with sugar, and cooking in a moderate oven until done. Cooked in this way, the color of the rhubarb is retained.

Strike Threat Hangs Over 3 Rubber Firms

AKRON, Ohio (AP) — United Rubber Workers contracts with Goodyear, Firestone and B. F. Goodrich expire at midnight tonight, and union sources here expressed doubt that agreement can be reached by then.

The other member of the rubber industry's Big Four, the United States Rubber Co., was struck by the union last Friday morning when contract expiration was reached. Negotiations are continuing in New York City between the union and U.S. Rubber, which employs about 26,000 production workers.

The union is negotiating in Cleveland with Goodyear and Firestone and in Canton, Ohio, with the B. F. Goodrich Co. There are about 55,000 production workers affected by these talks.

In all of the negotiations wages are not at issue but are due for discussion during the coming summer. Bargaining is on pension and insurance programs, supplemental unemployment benefits, job security and other matters.

Union sources here indicated no decision will be announced until close to the midnight deadline on what the union's course of action will be if the three contracts expire without an agreement.

The membership already has voted authorization for strike action.

Dairymen's Council Will Meet At Lisbon

LISBON—The Columbiana County Dairymen's Council will meet Thursday at 8:30 p. m. in the Extension Service office, according to Floyd Lower, county extension agent.

The group will discuss proposed dairy legislation before the Ohio Legislature and will hear a report from Dr. Robert Kilgore of Canton on animal disease control work in the county. Other problems of the dairy industry will be aired. Willis J. Zimmerman of Salem, president, will preside.

26 'Shots' Given

LISBON — Seven vaccinations and 19 immunizations were given at a second-round immunizations clinic at Elkton and West Point Schools Tuesday, according to Dr. C. S. Palmer, county health commissioner. The next second-round immunization will be at United Local School Monday.

Quota Will Select Session Delegate

Plans to send a delegate to the Quota International Convention June 10-13 at Washington were discussed at the luncheon meeting of the Quota Club Tuesday at Travelers Hotel. Some 21 attended.

Dr. Edith Gilmore, president, conducted business and read a letter of thanks from the Key Club for providing chaperones for the teen-time dances.

Mrs. Edna Jones gave a report of the ways and means committee and announced plans for a rummage sale in the near future.

Invitations were read for area installation dinners and the 20th anniversary dinner of the Business & Professional Women's Club on May 20.

Miss Gladys DeBolt announced the spring meeting of the City Federation of Women's Clubs will be Thursday at the Mary Patterson Memorial.

Installation of officers will be held jointly with the Salem club at a dinner meeting Tuesday at the Smorgasbord near Youngstown.

Midland Girl Scout's Are Among Finalists

Barbara Marcum, daughter of Mr. and Mrs. William Marcum, 637 Beaver Ave., Midland, was one of the six finalists with winning art entries in the art exhibit sponsored by the Beaver County Girl Scout Council at the spring meeting Friday in the New Brighton Presbyterian Church.

Each district sent 10 contestants. The pictures on the theme, "Home Frontiers," will be entered in the National Round-up at Colorado Springs, Colo., July 3-12.

The other five girls are Joyce Nicholson and Barbara Gorrell of New Brighton, Phyllis Grimm of Beaver and Eileen Raskolisky and Laura Tyma of Harmony Township. Hugh Fisher of Beaver, an artist, and Mrs. David of Beaver Falls, an art teacher at Geneva College, were judges.

Girls to be sent to the round-up from Beaver County are Rosemarie Caffro of Ohio View, Sharon Brewer of Beaver Falls, Ethlyn Foley and Sandy Smalstig of Beaver, Louisa Ries of Baden and Carol Reid, Carol Cervon and Mary Pennycook of Rochester. Their trip is made possible by the Community Chest Fund.

Here's Good News For Wisconsin Kids

MILLSTON, Wis. — A Milwaukee confectionery firm has decided to "subsidize" what has become known as the "candy tran" in east central Wisconsin.

For years, crewmen on North Western Railway freight trains have been tossing candy to children in Millston and nearby Wyeville. Now the Howard B. Stark Co. of Milwaukee has advised the railway that as long as the train runs between Millston and Wyeville, free candy will be supplied the crews.

"We feel that any group of men kind enough to dip into their own pockets daily for the reason they have, deserve some subsidizing," the company said.

Alabama's first large football squad numbered 61 players in 1931. The year before the team had 36 varsity members.

AKRON, Ohio (AP) — United Rubber Workers contracts with Goodyear, Firestone and B. F. Goodrich expire at midnight tonight, and union sources here expressed doubt that agreement can be reached by then.

The other member of the rubber industry's Big Four, the United States Rubber Co., was struck by the union last Friday morning when contract expiration was reached. Negotiations are continuing in New York City between the union and U.S. Rubber, which employs about 26,000 production workers.

The union is negotiating in Cleveland with Goodyear and Firestone and in Canton, Ohio, with the B. F. Goodrich Co. There are about 55,000 production workers affected by these talks.

In all of the negotiations wages are not at issue but are due for discussion during the coming summer. Bargaining is on pension and insurance programs, supplemental unemployment benefits, job security and other matters.

Union sources here indicated no decision will be announced until close to the midnight deadline on what the union's course of action will be if the three contracts expire without an agreement.

The membership already has voted authorization for strike action.

Dairymen's Council Will Meet At Lisbon

LISBON—The Columbiana County Dairymen's Council will meet Thursday at 8:30 p. m. in the Extension Service office, according to Floyd Lower, county extension agent.

The group will discuss proposed dairy legislation before the Ohio Legislature and will hear a report from Dr. Robert Kilgore of Canton on animal disease control work in the county. Other problems of the dairy industry will be aired. Willis J. Zimmerman of Salem, president, will preside.

26 'Shots' Given

LISBON — Seven vaccinations and 19 immunizations were given at a second-round immunizations clinic at Elkton and West Point Schools Tuesday, according to Dr. C. S. Palmer, county health commissioner. The next second-round immunization will be at United Local School Monday.

Quota Will Select Session Delegate

Plans to send a delegate to the Quota International Convention June 10-13 at Washington were discussed at the luncheon meeting of the Quota Club Tuesday at Travelers Hotel. Some 21 attended.

Dr. Edith Gilmore, president, conducted business and read a letter of thanks from the Key Club for providing chaperones for the teen-time dances.

Mrs. Edna Jones gave a report of the ways and means committee and announced plans for a rummage sale in the near future.

Invitations were read for area installation dinners and the 20th anniversary dinner of the Business & Professional Women's Club on May 20.

Miss Gladys DeBolt announced the spring meeting of the City Federation of Women's Clubs will be Thursday at the Mary Patterson Memorial.

Installation of officers will be held jointly with the Salem club at a dinner meeting Tuesday at the Smorgasbord near Youngstown.

Midland Girl Scout's Are Among Finalists

Barbara Marcum, daughter of Mr. and Mrs. William Marcum, 637 Beaver Ave., Midland, was one of the six finalists with winning art entries in the art exhibit sponsored by the Beaver County Girl Scout Council at the spring meeting Friday in the New Brighton Presbyterian Church.

Each district sent 10 contestants. The pictures on the theme, "Home Frontiers," will be entered in the National Round-up at Colorado Springs, Colo., July 3-12.

The other five girls are Joyce Nicholson and Barbara Gorrell of New Brighton, Phyllis Grimm of Beaver and Eileen Raskolisky and Laura Tyma of Harmony Township. Hugh Fisher of Beaver, an artist, and Mrs. David of Beaver Falls, an art teacher at Geneva College, were judges.

Girls to be sent to the round-up from Beaver County are Rosemarie Caffro of Ohio View, Sharon Brewer of Beaver Falls, Ethlyn Foley and Sandy Smalstig of Beaver, Louisa Ries of Baden and Carol Reid, Carol Cervon and Mary Pennycook of Rochester. Their trip is made possible by the Community Chest Fund.

Cancer Fund Drive Set

LISBON — The Lions Club will hold a Cancer Fund drive tonight between 7 and 9, assisted by wives and members of the Lionettes, women's entertainment group sponsored by the club. William Hiscox is general chairman.

Here's Good News For Wisconsin Kids

MILLSTON, Wis. — A Milwaukee confectionery firm has decided to "subsidize" what has become known as the "candy tran" in east central Wisconsin.

For years, crewmen on North Western Railway freight trains have been tossing candy to children in Millston and nearby Wyeville. Now the Howard B. Stark Co. of Milwaukee has advised the railway that as long as the train runs between Millston and Wyeville, free candy will be supplied the crews.

"We feel that any group of men kind enough to dip into their own pockets daily for the reason they have, deserve some subsidizing," the company said.

Alabama's first large football squad numbered 61 players in 1931. The year before the team had 36 varsity members.

Deaths and Funerals

Death Claims Woman At 90

SALINEVILLE — Mrs. Josie Brown of Gnadenhutten, near New Philadelphia, mother of Lester E. Brown of R. D. 1, died this morning at 1:30 at her home after a long illness. She was 90.

Born in Tuscarawas County, she was a life-long member of the Moravian Church at Gnadenhutten.

She leaves another son, two daughters, 9 grandchildren and 12 great-grandchildren.

Services will be held Friday at the church. Burial will be in Gnadenhutten Cemetery.

Death Of Cumberland Man Seen Accidental

NEW CUMBERLAND — A coroner's jury ruled Tuesday "accidental death" in the case of Mike Macek of Ridge Rd., who apparently stumbled down the steps of his trailer Monday and died from a bullet from the .22-caliber rifle he was carrying.

The six-member panel selected by Squire John D. Herron, acting coroner, visited the area of the accident yesterday and met for an inquest in the Stewart & Turley Funeral Home.

Services will be held Friday at 10 a. m. from the Immaculate Conception Catholic Church for Mr. Macek, who was a retired Weirton Steel Co. riverdock employe.

Rosary will be sung Thursday night at 7:30 at the Stewart & Turley Funeral Home. Fr. Innocent Koncik will be in charge.

Wellsville Group Sets Drive

First Gift Made To Cancer Fund

The first official donation in Wellsville's Cancer Fund drive was made at a meeting of the Wellsville Women's Civic Club Tuesday night at the Carnegie Library.

Mrs. Betty McDowell, chairman of the house-to-house drive, and Mrs. Peggy Rawlings, club president, are shown making the donation to Atty. William Bush, city chairman, as Mrs. Edna Jones (center), vice president of the Columbiana County unit of the American Cancer Society, looks on.

The Women's Civic Club spearheads the Wellsville drive annually by conducting the house-to-house solicitation. The drive will be held Sunday, April 26. Mrs. McDowell said a complete list of workers has been obtained. Members of the club will serve as district chairman.

Mrs Jane Jolly, executive secretary of the County Cancer Society; Mrs. Jones; Bush, and Mrs. Ruth Ella Kerr of Wellsville, a cured cancer victim, spoke on the activities of the Cancer Society and explained the use of the money.

In other business, final plans were made for the annual spring dance May 2 at the East Liverpool Elks Lodge. Mrs. Dorothy McCreary is chairman with Mrs. Dorothy Katz and Mrs. Bette Jackson as co-chairman.

Bobby Caputo's orchestra will play. Reservations can be made by contacting members of the dance committee.

A $15 donation was made to the post-prom party to be held by the Wellsville Orange and Black Activity Club. A $5 donation was made to the Red Cross.

Strike

the terms "are impossible to meet at this time."

Despite the general stoppage in the local plants, work went ahead normally today at the Sterling China Co. and the Wellsville China Co., both of Wellsville, which make hotel and restaurant china.

A statement issued by E. K. Koos, vice president of Sterling, said:

"Sterling China and Wellsville China have negotiated an understanding with the IBOP that provides for the final changes in their contracts under last week's reopening to be the same as agreed to by the group of china manufacturers conferring in Cleveland with the IBOP.

"Sterling and Wellsville are not participating in the Cleveland conference, but it is understood that they are bound by whatever is agreed to in that conference.

"The reason for this is that the present Sterling and Wellsville contracts were negotiated with the china group in Cleveland in 1957 and differ from the dinnerware contract.

Other plants affected by the strike are: French-Saxon China Co. and Royal China Co., both at Sebring, Salem China Co. at Salem, Steubenville Pottery Co. at Steubenville, Universal Potteries, Inc., at Cambridge and Canonsburg Pottery Co. at Canonsburg. All the plants are picketed.

The last general strike in the dinnerware industry occurred Oct. 1, 1922, and continued for 10 weeks.

Previous estimates of the number of workers involved at the 11 plants fixed the total at 7,000, but the USPA said the correct figure is approximately 5,700.

The IBOP's international headquarters on W. 6th St. is serving as strike headquarters for East Liverpool district locals.

Announcing the strike deadline Monday, the IBOP charged that the negotiations were hampered from the outset by the USPA ultimatum calling for compulsory arbitration of disputes. The USPA declared yesterday that the IBOP's charge was "pure nonsense" and asserted that negotiations broke off over the manufacturers' inability to meet the union's demands for a pay boost and fringe benefits.

A second USPA statement concerning the strike was issued today by Wells. It follows:

"We certainly regret the decision of the union officers to strike at this time. It will mean a loss of $100,000 or more per day in wages. We have asked the union in the best interests of their own members to extend their contract to Oct. 1, 1959, which is the official termination of the present agreement.

"The demands for a wage increase of 40 cents an hour plus other costly fringe benefits which the union has asked are impossible to meet at this time. The 11 companies in the association involved in this strike lost almost $1 million last year. Our sales have been in a declining trend since 1951. The market share of semi-vitreous dinnerware has been falling rapidly due to competition from imported china and plastics.

"In 1950, we had 97 per cent of the market, while today we have less than 30 per cent.

"Frankly, this is a sick industry. Twelve members of this association have been forced out of business through bankruptcy or liquidation in the last six years.

"Any further wage increase at this time will force the remaining companies to the edge of bankruptcy.

"Total man hours worked by production employes have decreased since 1950 from 20,958,977 to 8,441,148."

It Costs The 'Caddies' In Charity Golf Event

TUCSON, Ariz. (AP) — Four caddies were needed to tote the golf bags for Desi Arnaz, Bing Crosby, Phil Harris and Randolph Scott during an exhibition match for charity in Tucson.

Several Tucson businessmen volunteered. Four got the job after they agreed to donate $100 each to the charities.

Hitchhiking Pheasant Is Pal Of Bus Driver

STERLING, Ill. (AP) — A hitchhiking pheasant has become pals with bus driver George Near.

One day Near saw a cock pheasant beside the road. As the bus passed, the pheasant began chasing the vehicle.

Near stopped, walked up to the bird and took it in his hands. He placed the feathered friend on the rail behind the driver's seat and continued down the road. After a distance, he released his passenger.

The next day Near found the pheasant waiting at the same place. He stopped the bus and picked up the pheasant again and put him on the same perch. But when he wanted to discharge the bird, it wouldn't leave the bus.

Now Near has a pheasant who no longer hitchhikes but lives at the bus company office.

Wreckage of a plane — one of several Sprenz used in eluding police-led to the capture.

Mexican police traced to him a Piper Pacer which cracked up landing early in April on the Gulf coast north of Veracruz.

The police tracked him to the Yucatan island resort of Cozumel and nabbed him as he was fishing in the Carribean. He was posing as a prosperous U.S. highway engineer, one of several roles he assumed in a year of flight.

Sprenz broke jail a year ago in Akron with four other prisoners while he was awaiting trial for the cafe holdup. One of the fugitives was killed and three others quickly rounded up. Sprenz got away.

The FBI posted him as one of the nation's 10 most dangerous criminals five months later. While a fugitive, he learned to fly in Seattle under an assumed name and then used both air and road to elude police.

Ex-Wife Happy Sprenz Is Back In Custody

AKRON, Ohio (AP)—One person who is relieved to know that Frank L. Sprenz, the flying bank robber, is back in custody, is a woman who calls herself Alberta Mae Hall.

She received an uncontested divorce from Sprenz April 3 and has court approval to start proceedings to regain her maiden name.

"I've been living under a terrible nervous strain," she said after being informed Tuesday that Sprenz was captured in Mexico. "I'm still nervous. But I'm through with him now. I don't care what they do with him one way or another," she said.

"I feel like something's been lifted off me."

The court granted Mrs. Sprenz custody of her two children, David Michael, 5, and Debbie, 4. The divorce was granted on charges of gross neglect and extreme cruelty.

Mrs. Sprenz lives here with her mother, Mrs. Isabel Hall.

Stranger Gives Barber Some 'Hush Money'

CASPER, Wyo. (AP) — Barber Chuck Chaney was surprised when a stranger gave him a quarter tip when he sat down in the barber chair.

"It's hush money," he explained.

Chuck cut his hair without conversation.

Expensive Half Shine

RICHMOND, Va. (AP) — Eugene H. Loving had had one shoe shined when the shine boy asked to see his wrist watch. The boy took the $35 watch to the better light outside and failed to return.

both the clerk and secretary jobs was awkward, because the clerk's job "is dependent upon satisfying the Democratic County chairman."

The attorney also indicated the GOP leadership was lax in strategy and autocratic in some respects of party operations.

It Costs The 'Caddies' In Charity Golf Event

TUCSON, Ariz. (AP) — Four caddies were needed to tote the golf bags for Desi Arnaz, Bing Crosby, Phil Harris and Randolph Scott during an exhibition match for charity in Tucson.

Several Tucson businessmen volunteered. Four got the job after they agreed to donate $100 each to the charities.

Hitchhiking Pheasant Is Pal Of Bus Driver

STERLING, Ill. (AP) — A hitchhiking pheasant has become pals with bus driver George Near.

One day Near saw a cock pheasant beside the road. As the bus passed, the pheasant began chasing the vehicle.

Near stopped, walked up to the bird and took it in his hands. He placed the feathered friend on the rail behind the driver's seat and continued down the road. After a distance, he released his passenger.

The next day Near found the pheasant waiting at the same place. He stopped the bus and picked up the pheasant again and put him on the same perch. But when he wanted to discharge the bird, it wouldn't leave the bus.

Now Near has a pheasant who no longer hitchhikes but lives at the bus company office.

Beaver's TB Group Elects

Officers of the Beaver County Tuberculosis Association were re-elected at the annual meeting Monday at the Penn Beaver Hotel in Rochester, the association said.

Dr. Ruth Wilson of Beaver is president for the fifth consecutive year. Other officers are Mrs. H. C. Mathesney of Baden, first vice president; Dr. Lytle M. Wilson of Beaver Falls, second vice president, and M. C. Marshall of Beaver, treasurer.

Eleven members of the Board of Directors were also re-elected. They are Mrs. J. N. Walker of Ambridge, Dr. Wilson, Dr. D. W. Gressley and Mrs. John L. Young of Beaver, Mrs. J. F. Pettler and Dr. L. D. Smith of Beaver Falls.

Mrs. M. V. Wise and Eva Reed of Bridgewater, Supt. Ralph Jewell of Midland, E. B. McNitt of New Brighton and Nettie Silverman of Rochester.

Mrs. Percy Jones of Aliquippa was named to the board to succeed Mrs. F. J. Hanna of Aliquippa, whose term expired. Mrs. Hanna was made an honorary board member.

Elma C. Graham, executive director, reported on the 1958 Christmas Seal sale and submitted the coming year's budget which was approved.

Closer Check Promised On Tax Returns

WASHINGTON (AP) — Federal tax officials said today they will question more income tax returns this year than ever before.

The deadline for filing individual returns is midnight tonight. Legally, returns must reach Internal Revenue Service offices by then. In practice, however, they'll be accepted if they are postmarked by that time.

Officials supervising IRS tax audits said their work on the latest crop of returns will be expanded regardless of what Congress does with the agency's budget.

This is in line with an announced goal of Commissioner Dana Latham to expand tax checks "so that no taxpayer can ever feel that he is secure from an audit."

About 2,600,000 income tax returns of all kinds were audited last year. An audit means the taxpayer is asked to supply more information or justify certain items in a return.

This work, by 12,600 agents and auditors, brought in an additional 1½ billion dollars in revenue.

Only a small fraction of the 93½ million returns filed each year are audited. About 61 million returns are from individuals.

Drivers Forfeit Bonds For 'Super-Road' Race

Two drivers accused of racing 90 miles an hour Monday night on the East Liverpool - Wellsville "super-road" forfeited bonds in Municipal Court.

John R. France, 1512 Chester Ave., Wellsville, forfeited $31 Tuesday. David C. Fouse, 607 Edgewood Ave., forfeited $16 today. Both were cited by the State Highway Patrol.

Meanwhile, John Cornman, 31, of 923 W. 8th St. forfeited a $31 bond yesterday on a reckless driving charge. He was cited by police after his auto struck a parked car Monday night on W. 5th St.

The mythological hero Hercules was required to do twelve labors of extraordinary proportions.

300 Attend Awards Banquet Of County Safety Committee

Over 300 attended the Columbiana County Safety Committee's ninth annual awards banquet Tuesday night at the Masonic Temple at Salem with members of the Division of Safety and Hygiene of the Industrial Commission of Ohio as guests.

The commission and the Salem Manufacturers Association co-sponsor the county industrial safety campaign.

The Salem News and the M. & M. Manufacturing Co. of Columbiana received the "triple-award" for the second time.

Seven other firms were presented the triple award, highest acknowledgement of industrial safety records, for the first time.

"People are worth far more than goods to you," Harry H. Verdier, manager of the Greater Philadelphia Chamber of Commerce's Safety Council and guest speaker, told the group. Framed certificates of merit were given to almost 100 firms. The awards were presented for safety records compiled during the past year.

Tracing the development of the concept of workman's compensation, Verdier said it originated in Germany prior to the turn of the century. But by 1908, a limited group of federal employes in the United States was covered, he said.

He noted that during the "Great Depression," a "revolution" took place and management, which had been fighting the unions' drive for workmen's compensation, developed "a whole new concept of social obligation."

He stressed the thought that "a social consciousness means an accident consciousness."

Ralph Klapp, chairman of the industrial commission, explained the purposes of the commission and presented the awards.

New Tax Set For Township

A new $3 per capita tax was placed on residents of Industry Township when the Board of Supervisors adopted its 1959 budget at a meeting Monday night at Logan School at Ohio View.

The supervisors said the new tax is needed to repair roads which were damaged heavily the past winter. The money will be used up in excessive maintenance costs, supervisors said.

The budget for the year totals $22,955.08, an increase of about $3,000 over 1958. The budget is carried by a 4.5-mill property tax.

In other business, a resolution was adopted supporting an Industrial Development Agency which has been created in Beaver County. The agency will represent the entire county on all matters concerning industrial development.

May 3-9 was set as Clean Streams Week in support of the Western Pennsylvania Clean Streams, Inc., organization.

The next meeting was set tentatively for May 4.

Out Of The Air

By JOHN CROSBY

New Type Newsman Provides TV Coverage

Av Westin is COS's 29-year-old wonder boy in the news department who had a lot to do with winning for the network the Peabody Award for public service for news specials such as the ones on "The Ruble War," the Middle East, Quemoy and Matsu.

John Crosby

A producer, director and writer, Westin also is the only New York man to get his master's degree at Columbia University on a one-year CBS fellowship.

"The fellowship idea is a wonderful one," he said, "every business and industry should have these fellowships. I can say so now even though I had to take a healthy cut in salary to take the fellowship.

"TV is a business. You have to devote a huge percentage of your time in nonthinking directions — well, things like arranging facilities and talking with your lighting man—you wouldn't have a show if you didn't do that. This detracts from the time you have to sit down and reflect on what you're doing.

"The pressures of this business are inexorable. You can ask my wife how many times I jump up in the middle of the night, worrying about this idea or that one or getting a new one.

-:-

"GETTING UP to Columbia, you were free of any of these pressures; you had time to reorganize your approach to things.

"Another great thing—I had to know the answers myself. When my professor asked me why the Russians didn't take part in the Korean war, I couldn't turn to my researcher and ask for four pages on that. I had to know myself.

"TV is criticized for being a vapid industry. In the public image left by movies like 'The Great Man,' there's always a beautiful secretary lying in some inner office. Well, the guys in special news work pretty hard. I and all the guys there know all about the different-size rockets, the foot poundage and all that.

"Before I went to Japan to do the wedding of the emperor's son, I read up on Japanese fairy tales. You can have someone else do the research but sooner or later you have to do your own reading."

-:-

THE NEWS SPECIALS Westin and his group are doing are fairly new in scope and aim.

For one thing, they're much closer to the news—that is, if there's a crisis in the Middle East they get the show on the next day, not in six months; there is a high degree of pure show business ("You can't be an absolute egghead in TV; you have to try to bring up the tail of a long line of people who have varying degrees of awareness") and, lastly, they have been unexpectedly popular.

"Last summer, when Twenty-One gave way to The $64,000 Question," "there was a one-week lapse in programming and CBS stuck us in that time period. We came away with a 21-plus rating and we had less than a week to do the show in; it was the one on Quemoy and Matsu.

"Also, it has been found that in dealing with this sort of news show, there is a curious ratio or progression.

-:-

"FOR INSTANCE, we believe a 10-minute show is not just twice as good as a five-minute show but four times as good. Yet 15 minutes is not really long enough to include all the details, the nuances of something like—well—the integration crisis.

"We discovered that to be fair, equal time doesn't mean anything. Sometimes one man can sum up his side quicker and easier and more eloquently than the other side. Sometimes one man says it so well that you ought to give the other side 10 men."

At 29, Westin has been at CBS 10 years, starting even before he got out of New York University in 1949.

"When I was an undergraduate," he said, "I worked at CBS in the summers as a mail boy and after I was graduated I went to work for them full time. I was a mail boy, copy editor, writer, associate producer and then a producer-director."

He leaned back happily.

"A Horatio Alger story, if you will."

—:—

HE REPRESENTS a new generation of newsmen — kids who never worked for a newspaper, who think in TV terms entirely and think very big.

"Right now," he said, "our assignment in the special news department is to come up with ideas for a special on the Berlin crisis.

"Shall we present the situation from the viewpoint of a military expert, or from the geographical viewpoint or historically?

"Another show we're working on is the population explosion in China, the prediction being that there will be one billion Chinese by 1980, and what does it mean."

One of the most important developments to come out of Westin's fellowship is the CBS news guide. This is a book that will be published annually, giving information on all the political divisions of the world.

First there will be a history of the country or party and then a CBS news eye view of where that country or party is headed.

For instance, on Haiti the CBS news eye view might say that unless the economy of the country is stabilized, serious internal and external troubles will result —and name them.

SAN DIEGO, Calif. (AP) — Mrs. Kenneth Porter was quite frank about her age after she found it was listed at 155 in her new driver's license. She admitted she was 33.

Brutal Slaying Of Elderly Vet Baffles Police

MILLERSBURG, Ohio (AP) — Who brutally bludgeoned to death a 76-year-old Spanish - American War veteran while he apparently was on his knees, pleading for his life?

That was the riddle that puzzled Holmes County Sheriff Harry R. Weiss today as he sought the answer to a slaying that netted the killer about $25.

The victim was Harvey Harpster, a retired railroad man and widower who once lied about his age so he could serve his country as a 16-year-old soldier in the Spanish-American War.

His body was found Monday by Weiss in Harpster's three-room cabin in the Lake O'Dell area of northwestern Holmes County.

Harpster was on his knees, the sheriff said, his head slumped forward. On the top of his scalp were the marks of a crushing blow.

A preliminary autopsy showed a metal object caused Harpster's death. Coroner A. J. Earney called it murder.

Weiss explained that the position of the body on the living room floor indicated Harpster had been struck the fatal blow while on his knees.

And the sheriff said his theory is that the elderly pensioner was pleading with the killer to spare his life.

About $25 was missing from the cabin, Weiss said, and this seemed to support his belief that Harpster was killed in a robbery attempt.

Part of the mystery was the presence of .22 caliber shells — some live, some already fired. Weiss declined to say if the bullets had any bearing on the case.

Harpster was last seen alive Friday by one of his neighbors, the sheriff said.

When Harpster—a familiar figure in the small community — failed to appear Saturday and Sunday, his neighbors began to worry and notified the sheriff.

Weiss went to the cabin and made the grisly find.

200 Gambling Places Reported In 3 Months

COLUMBUS, Ohio (AP)—About 200 gambling places have been reported to Ohio Liquor Enforcement Chief Ivan Smith in the past three months.

He said many of the reported gambling operations have not been confirmed but that all will be checked when time and manpower permit. He declined to pinpoint the areas where gambling was reported.

Gov. Michael V. DiSalle has ordered a crackdown by state and local officials on commercialized gambling. He has indicated he is keeping a close watch to see that his orders are carried out.

Picnic Plans Made By Civil Defense Unit

A committee was named to plan a picnic for this summer at a meeting of the 5th Platoon of the 31st Mobile Support Group Tuesday night at the Glenmoor fire station. Twenty-five were present.

The committee includes Mrs. Dorothy Lockhart, Mrs. Anna Emmerling, James Wilson, John Virden and D. F. Baumgarner. Kenneth Long, platoon leader, presided.

Herman Heiney, fire chief, said the fire team will meet Saturday at 11 a. m. at the station for instruction. Denver Burton, captain, will be in charge.

The next meeting will be April 28.

'Voice Of Firestone' Will Be Discontinued

NEW YORK (AP)—The "Voice of Firestone" concert program, which has been on the air for 31 years, will be discontinued after June 1.

A spokesman for the Firestone Tire & Tubber Co., which sponsors the program, said the program is being dropped because the networks will not provide "suitable" time.

Chamber's Trustees Approve Membership Applications

Two applications for membership in the Chamber of Commerce were approved Tuesday afternoon at the monthly meeting of the Board of Trustees.

The board approved the applications of the United Pest Control Service, a new local concern of which James R. Fisher is manager, and Vincent Gerace, proprietor of a service station at E. 6th St. and Broadway.

The Chamber received an invitation for all its members to participate in a "spring outing" scheduled Wednesday, May 6, by the East Liverpool Merchants Association. The outing will include a trip to Pittsburgh by chartered bus to attend a Pirate baseball game, followed by dinner and a river cruise around the Point area aboard the Gateway Clipper.

Atty. Francis H. Lang reported on a meeting of the Ohio River-Lake Erie Highway Association last Friday at Youngstown — a "get-acquainted" session with new State Highway Department officials. Lang is president of the four-county association and also is chairman of the Chamber's roads and streets committee.

Reports also were presented on recent meetings of the Upper Ohio Valley Development Council and a Chamber leader's "workshop" last Thursday at Akron, to which the local Chamber sent a delegation.

Final reports were presented on a recent poll of the Chamber's membership to sound out feelings on renewal of the city income tax.

E. R. Chandler, secretary-manager, called the board's attention to the annual meeting of the U. S. Chamber April 27-29 in Washington.

A report was presented from the national affairs committee giving its recommendations on a proposed policy declaration of the U. S. Chamber regarding trade agreements. Local Chambers have the right to express themselves on policy statements prepared by the national organization to guide its program each year. The 1959 statement of policies will be discussed further at the annual meeting of the U. S. Chamber.

Alvin Babb, vice president, presided in the absence of T. Fred Edwards, president, who was out of the city.

State Legislatures Introduce Odd And Whimsical Measures

By ART SRB
Associated Press Staff Writer

If some legislators had their way:

Blind persons could get hunting licenses.

Nudism would be outlawed.

Cigarette packages would bear skull and crossbones inscriptions.

Downtown Chicago would be a sand dune.

Bills calling for such laws were introduced in state legislatures this year. Some of the odd or whimsical measures even managed to become law. A tipsy water skier will find the sport even riskier if he performs on Iowa rivers and lakes.

Why? Legislators in the Hawkeye State decided some water skiers were flying too high and passed a law making it a misdemeanor to ride skis while under the influence.

Nudism came under scrutiny in Vermont and Missouri, the Show-Me State. But Missourians were having a tough time deciding which committee should handle the bill to ban nudism. The Appropriations Committee argued it deserved the measure because it deals with figures.

Some 40 sunlovers in Vermont's lone nudist colony can continue basking in the altogether, thanks to the defeat of an anti-nudist bill.

Wyoming considered, then defeated, a bill which would have permitted issuance of hunting licenses to blind persons. It would have required the actual shooting be done by another licensed hunter, with the game animal going to the blind person.

Exasperated with attempts by Chicagoans to prevent industry from building on Indiana's Lake Michigan sand dunes, a Hoosier legislator proposed that Chicago's business district be converted into a sand dune.

The bill, which even provided for empty beer cans to give the proposed Chicago beach the proper picnic look, died in committee, almost before Chicagoans got wind of the matter.

Maine tried to straighten out the somewhat fuzzy provisions of its liquor law forbidding cocktail lounge patrons to stand and tavern customers to sit. Bills were drawn up to allow lounge patrons to arise and those in taverns to be seated.

Post To Help Cancer Fund

A contribution of $25 for the Cancer Fund and the purchase of an air conditioning unit for the recreation room of Chester American Legion Post 121 were authorized at a meeting Monday night at the post home.

John Merriman, past commander, was named "Legionnaire of the Month" for outstanding work in March.

A report of the nominating committee was read for election of officers May 25. Installation of new officers will be held in June.

John Corcoran, chairman of the social committee, reported reserve seats have been obtained for 20 games of the Pittsburgh Pirates—10 on Fridays and 10 on Sundays. Tickets for the game May 2 are now on sale at the post home.

Mike Sweeney, chairman of the Grant District Burial Squad, announced the group will take part in the post everlasting ceremony at the state convention July 24-26 at Parkersburg.

Merriman report four area children will be taken to the annual "King for-A-Day" program of the 40 & 8 Society of West Virginia April 24-25.

Curtis Wallace, service officer, will attend the annual workshop May 15-17 at Jacksons Mills.

Dinner and refreshments were served by Corcoran, Merriman, Jed Spencer and Morrell Yost.

The next meeting will be April 27. Dale Allison, commander, was in charge.

4 Jailbreakers Are Indicted For Kidnaping, Theft

YOUNGSTOWN, Ohio (AP) — A Mahoning County grand jury Tuesday indicted three men and a woman who broke out of jail here March 23 after slugging one deputy sheriff and kidnaping another. The four were recaptured two days later in Geauga County.

Indicted on charges of kidnaping and car theft were Robert Herman, 35, who is now serving a sentence in Ohio Penitentiary for unarmed robbery; Joseph Orville, 23; Donald Sweet, 24, who also was indicted on charges of burglary, breaking and entering and larceny, and Mrs. Lola Gordon, 40.

William L. Driskell, the deputy who was kidnaped and whose car was stolen, was released by the four unharmed a few miles from the jail.

Illegitimate Child Will Share Trust Fund, Judge Says

CINCINNATI (AP) — Judge Charles Weber ruled Tuesday that the illegitimate child of a wealthy chain store operator will participate in a trust fund for heirs.

The judge earmarked $57,500 of a one-million-dollar trust fund for 4-year-old James Clifton Timothy Slate of New Orleans.

The question cropped up after death of Elroy Castner Denton, whose father owned department stores in Cincinnati, the Miami Valley and Lexington, Ky.

The edler Denton directed that at the death of his son, the son's children would become beneficiaries of the million-dollar trust.

The Slate boy's mother, Mrs. Anne Marie Slate Bishop of New Orleans, will administer his share as guardian.

Court records indicate Denton, married at the time to his second wife, acknowledged paternity of the youngster, born out of wedlock in Miami, Fla.

Denton, who died in 1955 at the age of 47, had three other children.

Mrs. Bishop filed a claim for an equal share of $250,000 for her child. Attorneys for the legitimate children disputed the claim.

One Of 2 Hired Killers Sentenced To Death

VENTURA, Calif. (AP)—One of two hired killers in the Duncan murder case has been sentenced to death in the gas chamber.

Augustine Baldonado, 26, sentenced Tuesday, confessed kidnaping and strangling the pregnant daughter-in-law of Elizabeth Duncan. A jury determined Baldonado's punishment last week.

Luis Moya, who admitted joining Baldonado in the slaying Nov. 17 of Olga Duncan, goes on trial Monday on a plea of innocent by reason of insanity. He is charged with murder.

Mrs. Duncan, convicted of hiring the slaying of her son's bride, is also under death sentence.

Demand Cited For Air Force Pilot Training

Stressing a continuing need for young men interested in flying, Tech. Sgt. Charles D. Ward, Air Force recruiter, said today hundreds are needed in the Aviation Cadet program to train as pilots and navigators.

Opportunities are open to men 19-26½ who want to earn wings and a commission as an Air Force officer, he said. The Air Force loses scores of veteran flying personnel annually through retirement and the vacancies must be filled by younger men if the required strength is to be maintained, the recruiter said.

Contrary to popular belief, a man need not be a college graduate to apply for Aviation Cadet School, the recruiter said. A diploma from any accredited high school is the minimum requirement, he said.

Men interested in Aviation Cadet training should take their birth certificate and high school diploma or transcript of college credits to the Air Force recruiting office at City Hall, Sgt. Ward said. If qualified, the applicant will be scheduled for an aircrew aptitude test and a physical examination. Successful applicants then return to their homes to await selection and a class assignment.

Classes for pilots begin every six weeks. Navigator classes start every two weeks. A draft eligible applicant who is notified of acceptance for Aviation Cadet training will be furnished a four-month draft deferment.

Aviation Cadet graduates are commissioned second lieutenants with a rating as a pilot or navigator, a uniform allowance and a 30-day annual leave.

Davidians Gather In Texas Meeting

WACO, Tex. (AP)—Hundreds of Davidians, convinced that "the fullness of time has come," start gathering here Thursday to await the beginning of a Middle East war April 22 and the return of Christ.

The sect, a divorced branch of the Seventh-Day Adventist Church, has advised its members to "sever all earthly ties, if necessary," and to sell property that could not be brought with them to Waco.

Most of them will live in tents being erected near here on the 941-acre tract of the national headquarters, Mt. Carmel Center, which includes the sect's offices, church and 16 houses.

Beginning Saturday the Davidians will conduct three services each day until "God's kingdom is established."

Today there are 10,300,000 people employed in highway transport industries.

Lions To Give Dinner For Retiring Principal

NEW CUMBERLAND — A testimonial dinner honoring C. D. Henderson, principal of New Cumberland, will be held by the Lions Club Tuesday, April 28.

Speaker will be Dr. Paul N. Elbin, president of West Liberty State College. The dinner will be held at 6:30 p. m. in Swaney Memorial Library.

Henderson, who has been principal of New Cumberland High School for 35 years, submitted his resignation to the Hancock County Board of Education last week. He has spent 44 years in the educational field. He will retire at the end of the term.

Those wishing to attend may contact members of the club for tickets. A round and square dance will follow the dinner.

Ohio 5-Day Forecast

Temperatures will average near normal near Lake Erie to about 6 degrees above extreme south. Normal high 58 north, 64 south. Normal low 38 north, 32 south. Mild Thursday and Friday, turning cooler Saturday and Sunday. Precipitation will total one half to three-quarters inch as showers Saturday and Saturday night.

New Type Newsman Provides TV Coverage

Av Westin is COS's 29-year-old wonder boy in the news department who had a lot to do with winning for the network the Peabody Award for public service for news specials such as the ones on "The Ruble War," the Middle East, Quemoy and Matsu.

John Crosby

A producer, director and writer, Westin also is the only New York man to get his master's degree at Columbia University on a one-year CBS fellowship.

"The fellowship idea is a wonderful one," he said, "every business and industry should have these fellowships. I can say so now even though I had to take a healthy cut in salary to take the fellowship.

"TV is a business. You have to devote a huge percentage of your time in nonthinking directions — well, things like arranging facilities and talking with your lighting man—you wouldn't have a show if you didn't do that. This detracts from the time you have to sit down and reflect on what you're doing.

"The pressures of this business are inexorable. You can ask my wife how many times I jump up in the middle of the night, worrying about this idea or that one or getting a new one.

-:-

"GETTING UP to Columbia, you were free of any of these pressures; you had time to reorganize your approach to things.

"Another great thing—I had to know the answers myself. When my professor asked me why the Russians didn't take part in the Korean war, I couldn't turn to my researcher and ask for four pages on that. I had to know myself.

"TV is criticized for being a vapid industry. In the public image left by movies like 'The Great Man,' there's always a beautiful secretary lying in some inner office. Well, the guys in special news work pretty hard. I and all the guys there know all about the different-size rockets, the foot poundage and all that.

"Before I went to Japan to do the wedding of the emperor's son, I read up on Japanese fairy tales. You can have someone else do the research but sooner or later you have to do your own reading."

-:-

THE NEWS SPECIALS Westin and his group are doing are fairly new in scope and aim.

For one thing, they're much closer to the news—that is, if there's a crisis in the Middle East they get the show on the next day, not in six months; there is a high degree of pure show business ("You can't be an absolute egghead in TV; you have to try to bring up the tail of a long line of people who have varying degrees of awareness") and, lastly, they have been unexpectedly popular.

"Last summer, when Twenty-One gave way to The $64,000 Question," "there was a one-week lapse in programming and CBS stuck us in that time period. We came away with a 21-plus rating and we had less than a week to do the show in; it was the one on Quemoy and Matsu.

"Also, it has been found that in dealing with this sort of news show, there is a curious ratio or progression.

-:-

"FOR INSTANCE, we believe a 10-minute show is not just twice as good as a five-minute show but four times as good. Yet 15 minutes is not really long enough to include all the details, the nuances of something like—well—the integration crisis.

"We discovered that to be fair, equal time doesn't mean anything. Sometimes one man can sum up his side quicker and easier and more eloquently than the other side. Sometimes one man says it so well that you ought to give the other side 10 men."

At 29, Westin has been at CBS 10 years, starting even before he got out of New York University in 1949.

"When I was an undergraduate," he said, "I worked at CBS in the summers as a mail boy and after I was graduated I went to work for them full time. I was a mail boy, copy editor, writer, associate producer and then a producer-director."

He leaned back happily.

"A Horatio Alger story, if you will."

—:—

HE REPRESENTS a new generation of newsmen — kids who never worked for a newspaper, who think in TV terms entirely and think very big.

"Right now," he said, "our assignment in the special news department is to come up with ideas for a special on the Berlin crisis.

"Shall we present the situation from the viewpoint of a military expert, or from the geographical viewpoint or historically?

"Another show we're working on is the population explosion in China, the prediction being that there will be one billion Chinese by 1980, and what does it mean."

One of the most important developments to come out of Westin's fellowship is the CBS news guide. This is a book that will be published annually, giving information on all the political divisions of the world.

First there will be a history of the country or party and then a CBS news eye view of where that country or party is headed.

For instance, on Haiti the CBS news eye view might say that unless the economy of the country is stabilized, serious internal and external troubles will result —and name them.

No Hesitating Here

SAN DIEGO, Calif. (AP) — Mrs. Kenneth Porter was quite frank about her age after she found it was listed at 155 in her new driver's license. She admitted she was 33.

Brutal Slaying Of Elderly Vet Baffles Police

MILLERSBURG, Ohio (AP) — Who brutally bludgeoned to death a 76-year-old Spanish - American War veteran while he apparently was on his knees, pleading for his life?

That was the riddle that puzzled Holmes County Sheriff Harry R. Weiss today as he sought the answer to a slaying that netted the killer about $25.

The victim was Harvey Harpster, a retired railroad man and widower who once lied about his age so he could serve his country as a 16-year-old soldier in the Spanish-American War.

His body was found Monday by Weiss in Harpster's three-room cabin in the Lake O'Dell area of northwestern Holmes County.

Harpster was on his knees, the sheriff said, his head slumped forward. On the top of his scalp were the marks of a crushing blow.

A preliminary autopsy showed a metal object caused Harpster's death. Coroner A. J. Earney called it murder.

Weiss explained that the position of the body on the living room floor indicated Harpster had been struck the fatal blow while on his knees.

And the sheriff said his theory is that the elderly pensioner was pleading with the killer to spare his life.

About $25 was missing from the cabin, Weiss said, and this seemed to support his belief that Harpster was killed in a robbery attempt.

Part of the mystery was the presence of .22 caliber shells — some live, some already fired. Weiss declined to say if the bullets had any bearing on the case.

Harpster was last seen alive Friday by one of his neighbors, the sheriff said.

When Harpster—a familiar figure in the small community — failed to appear Saturday and Sunday, his neighbors began to worry and notified the sheriff.

Weiss went to the cabin and made the grisly find.

200 Gambling Places Reported In 3 Months

COLUMBUS, Ohio (AP)—About 200 gambling places have been reported to Ohio Liquor Enforcement Chief Ivan Smith in the past three months.

He said many of the reported gambling operations have not been confirmed but that all will be checked when time and manpower permit. He declined to pinpoint the areas where gambling was reported.

Gov. Michael V. DiSalle has ordered a crackdown by state and local officials on commercialized gambling. He has indicated he is keeping a close watch to see that his orders are carried out.

Picnic Plans Made By Civil Defense Unit

A committee was named to plan a picnic for this summer at a meeting of the 5th Platoon of the 31st Mobile Support Group Tuesday night at the Glenmoor fire station. Twenty-five were present.

The committee includes Mrs. Dorothy Lockhart, Mrs. Anna Emmerling, James Wilson, John Virden and D. F. Baumgarner. Kenneth Long, platoon leader, presided.

Herman Heiney, fire chief, said the fire team will meet Saturday at 11 a. m. at the station for instruction. Denver Burton, captain, will be in charge.

The next meeting will be April 28.

'Voice Of Firestone' Will Be Discontinued

NEW YORK (AP)—The "Voice of Firestone" concert program, which has been on the air for 31 years, will be discontinued after June 1.

A spokesman for the Firestone Tire & Tubber Co., which sponsors the program, said the program is being dropped because the networks will not provide "suitable" time.

Chamber's Trustees Approve Membership Applications

Two applications for membership in the Chamber of Commerce were approved Tuesday afternoon at the monthly meeting of the Board of Trustees.

The board approved the applications of the United Pest Control Service, a new local concern of which James R. Fisher is manager, and Vincent Gerace, proprietor of a service station at E. 6th St. and Broadway.

The Chamber received an invitation for all its members to participate in a "spring outing" scheduled Wednesday, May 6, by the East Liverpool Merchants Association. The outing will include a trip to Pittsburgh by chartered bus to attend a Pirate baseball game, followed by dinner and a river cruise around the Point area aboard the Gateway Clipper.

Atty. Francis H. Lang reported on a meeting of the Ohio River-Lake Erie Highway Association last Friday at Youngstown — a "get-acquainted" session with new State Highway Department officials. Lang is president of the four-county association and also is chairman of the Chamber's roads and streets committee.

Reports also were presented on recent meetings of the Upper Ohio Valley Development Council and a Chamber leader's "workshop" last Thursday at Akron, to which the local Chamber sent a delegation.

Final reports were presented on a recent poll of the Chamber's membership to sound out feelings on renewal of the city income tax.

E. R. Chandler, secretary-manager, called the board's attention to the annual meeting of the U. S. Chamber April 27-29 in Washington.

A report was presented from the national affairs committee giving its recommendations on a proposed policy declaration of the U. S. Chamber regarding trade agreements. Local Chambers have the right to express themselves on policy statements prepared by the national organization to guide its program each year. The 1959 statement of policies will be discussed further at the annual meeting of the U. S. Chamber.

Alvin Babb, vice president, presided in the absence of T. Fred Edwards, president, who was out of the city.

State Legislatures Introduce Odd And Whimsical Measures

By ART SRB
Associated Press Staff Writer

If some legislators had their way:

Blind persons could get hunting licenses.

Nudism would be outlawed.

Cigarette packages would bear skull and crossbones inscriptions.

Downtown Chicago would be a sand dune.

Bills calling for such laws were introduced in state legislatures this year. Some of the odd or whimsical measures even managed to become law. A tipsy water skier will find the sport even riskier if he performs on Iowa rivers and lakes.

Why? Legislators in the Hawkeye State decided some water skiers were flying too high and passed a law making it a misdemeanor to ride skis while under the influence.

Nudism came under scrutiny in Vermont and Missouri, the Show-Me State. But Missourians were having a tough time deciding which committee should handle the bill to ban nudism. The Appropriations Committee argued it deserved the measure because it deals with figures.

Some 40 sunlovers in Vermont's lone nudist colony can continue basking in the altogether, thanks to the defeat of an anti-nudist bill.

Wyoming considered, then defeated, a bill which would have permitted issuance of hunting licenses to blind persons. It would have required the actual shooting be done by another licensed hunter, with the game animal going to the blind person.

Exasperated with attempts by Chicagoans to prevent industry from building on Indiana's Lake Michigan sand dunes, a Hoosier legislator proposed that Chicago's business district be converted into a sand dune.

The bill, which even provided for empty beer cans to give the proposed Chicago beach the proper picnic look, died in committee, almost before Chicagoans got wind of the matter.

Maine tried to straighten out the somewhat fuzzy provisions of its liquor law forbidding cocktail lounge patrons to stand and tavern customers to sit. Bills were drawn up to allow lounge patrons to arise and those in taverns to be seated.

Post To Help Cancer Fund

A contribution of $25 for the Cancer Fund and the purchase of an air conditioning unit for the recreation room of Chester American Legion Post 121 were authorized at a meeting Monday night at the post home.

John Merriman, past commander, was named "Legionnaire of the Month" for outstanding work in March.

A report of the nominating committee was read for election of officers May 25. Installation of new officers will be held in June.

John Corcoran, chairman of the social committee, reported reserve seats have been obtained for 20 games of the Pittsburgh Pirates—10 on Fridays and 10 on Sundays. Tickets for the game May 2 are now on sale at the post home.

Mike Sweeney, chairman of the Grant District Burial Squad, announced the group will take part in the post everlasting ceremony at the state convention July 24-26 at Parkersburg.

Merriman report four area children will be taken to the annual "King for-A-Day" program of the 40 & 8 Society of West Virginia April 24-25.

Curtis Wallace, service officer, will attend the annual workshop May 15-17 at Jacksons Mills.

Dinner and refreshments were served by Corcoran, Merriman, Jed Spencer and Morrell Yost.

The next meeting will be April 27. Dale Allison, commander, was in charge.

4 Jailbreakers Are Indicted For Kidnaping, Theft

YOUNGSTOWN, Ohio (AP) — A Mahoning County grand jury Tuesday indicted three men and a woman who broke out of jail here March 23 after slugging one deputy sheriff and kidnaping another. The four were recaptured two days later in Geauga County.

Indicted on charges of kidnaping and car theft were Robert Herman, 35, who is now serving a sentence in Ohio Penitentiary for unarmed robbery; Joseph Orville, 23; Donald Sweet, 24, who also was indicted on charges of burglary, breaking and entering and larceny, and Mrs. Lola Gordon, 40.

William L. Driskell, the deputy who was kidnaped and whose car was stolen, was released by the four unharmed a few miles from the jail.

Illegitimate Child Will Share Trust Fund, Judge Says

CINCINNATI (AP) — Judge Charles Weber ruled Tuesday that the illegitimate child of a wealthy chain store operator will participate in a trust fund for heirs.

The judge earmarked $57,500 of a one-million-dollar trust fund for 4-year-old James Clifton Timothy Slate of New Orleans.

The question cropped up after death of Elroy Castner Denton, whose father owned department stores in Cincinnati, the Miami Valley and Lexington, Ky.

The edler Denton directed that at the death of his son, the son's children would become beneficiaries of the million-dollar trust.

The Slate boy's mother, Mrs. Anne Marie Slate Bishop of New Orleans, will administer his share as guardian.

Court records indicate Denton, married at the time to his second wife, acknowledged paternity of the youngster, born out of wedlock in Miami, Fla.

Denton, who died in 1955 at the age of 47, had three other children.

Mrs. Bishop filed a claim for an equal share of $250,000 for her child. Attorneys for the legitimate children disputed the claim.

One Of 2 Hired Killers Sentenced To Death

VENTURA, Calif. (AP)—One of two hired killers in the Duncan murder case has been sentenced to death in the gas chamber.

Augustine Baldonado, 26, sentenced Tuesday, confessed kidnaping and strangling the pregnant daughter-in-law of Elizabeth Duncan. A jury determined Baldonado's punishment last week.

Luis Moya, who admitted joining Baldonado in the slaying Nov. 17 of Olga Duncan, goes on trial Monday on a plea of innocent by reason of insanity. He is charged with murder.

Mrs. Duncan, convicted of hiring the slaying of her son's bride, is also under death sentence.

Demand Cited For Air Force Pilot Training

Stressing a continuing need for young men interested in flying, Tech. Sgt. Charles D. Ward, Air Force recruiter, said today hundreds are needed in the Aviation Cadet program to train as pilots and navigators.

Opportunities are open to men 19-26½ who want to earn wings and a commission as an Air Force officer, he said. The Air Force loses scores of veteran flying personnel annually through retirement and the vacancies must be filled by younger men if the required strength is to be maintained, the recruiter said.

Contrary to popular belief, a man need not be a college graduate to apply for Aviation Cadet School, the recruiter said. A diploma from any accredited high school is the minimum requirement, he said.

Men interested in Aviation Cadet training should take their birth certificate and high school diploma or transcript of college credits to the Air Force recruiting office at City Hall, Sgt. Ward said. If qualified, the applicant will be scheduled for an aircrew aptitude test and a physical examination. Successful applicants then return to their homes to await selection and a class assignment.

Classes for pilots begin every six weeks. Navigator classes start every two weeks. A draft eligible applicant who is notified of acceptance for Aviation Cadet training will be furnished a four-month draft deferment.

Aviation Cadet graduates are commissioned second lieutenants with a rating as a pilot or navigator, a uniform allowance and a 30-day annual leave.

Davidians Gather In Texas Meeting

WACO, Tex. (AP)—Hundreds of Davidians, convinced that "the fullness of time has come," start gathering here Thursday to await the beginning of a Middle East war April 22 and the return of Christ.

The sect, a divorced branch of the Seventh-Day Adventist Church, has advised its members to "sever all earthly ties, if necessary," and to sell property that could not be brought with them to Waco.

Most of them will live in tents being erected near here on the 941-acre tract of the national headquarters, Mt. Carmel Center, which includes the sect's offices, church and 16 houses.

Beginning Saturday the Davidians will conduct three services each day until "God's kingdom is established."

Today there are 10,300,000 people employed in highway transport industries.

Lions To Give Dinner For Retiring Principal

NEW CUMBERLAND — A testimonial dinner honoring C. D. Henderson, principal of New Cumberland, will be held by the Lions Club Tuesday, April 28.

Speaker will be Dr. Paul N. Elbin, president of West Liberty State College. The dinner will be held at 6:30 p. m. in Swaney Memorial Library.

Henderson, who has been principal of New Cumberland High School for 35 years, submitted his resignation to the Hancock County Board of Education last week. He has spent 44 years in the educational field. He will retire at the end of the term.

Those wishing to attend may contact members of the club for tickets. A round and square dance will follow the dinner.

Ohio 5-Day Forecast

Temperatures will average near normal near Lake Erie to about 6 degrees above extreme south. Normal high 58 north, 64 south. Normal low 38 north, 32 south. Mild Thursday and Friday, turning cooler Saturday and Sunday. Precipitation will total one half to three-quarters inch as showers Saturday and Saturday night.

John Farris Believes You Do

Do You Resent Most Teen-Agers?

By HAL BOYLE

NEW YORK (AP)—Do you resent teen-agers because they are uncomfortably like yourself?

Do you turn your back on all adolescents and their problems because you don't want to be reminded of the hidden horrors of your own growing-up time?

John Farris believes you probably do. Farris, one of the literary surprises of the 1959 season, is the young author of a new and controversial novel of high school life that is being alternately bombed and praised for its realism.

"Adolescence is the most wounding period of life for many," said Farris, who still has a few scars himself.

"What many an adult resents is to be reminded that kids of 17 have the same thoughts, feelings and even experiences that he does.

"He resents this because it does not conform to his own memories.

"At 17, a kid can be astonishingly mature in some ways, almost infantile in others. He is as changeable and unpredictable as the weather.

"Grownups forget what they really were like in high school. When they look back, they select only the memories they want, and reject the others. It makes them uncomfortable to be reminded what they really were like."

That is why Farris, now a graduate student in English literature at the University of Missouri, wrote his own novel of high school life as he felt it really was, full of the torment of young love and young dreams.

"Most older writers can't give an accurate picture because they don't know the language of kids that age, and have forgotten their feelings," he said.

"Even now at 22, if I started another high school novel, I could not do as well. It would be a mess. You lose touch fast."

But Hollywood has taken an option on his story, and a Broadway producer is interested in having him do a play.

The slender young author, who is hazel-eyed and has "brush-cut" hair, isn't dazzled by the acclaim that has greeted his first serious work.

"I'm not greedy about success," he said. "If it comes, fine—if not, I won't sweat it. I just want enough money to keep writing."

Even for a period when literary precocity is fairly commonplace, Farris is unusual. He started writing at the age of 14, now turns out about 2,500 words a day. He never has taken a formal writing course, believes an author can learn his craft only at the typewriter.

Under another name he wrote and sold four mystery novels, which have been published in seven countries.

"I wrote one in 11 days, and it has brought me in $3,500," he said. "But I wasn't happy.

"I got to the point where I was just doing them for the money. That's bad. It hurts your originality, because you write only what you know for sure you can sell."

He already is hard at work on his second novel, which deals with a promising young medical student "who suddenly just folds up.

"I guess, like this character, I'm kind of confused," said John, who is as sincere as a growing tree. "I know where I want to go myself. But I look around and see so many young people who are uncertain, unsure of themselves, and unhappy. I have a burning desire to find out why."

On Utility Rate-Base Formula

DiSalle Suggestions Make Extraordinary Hearing

COLUMBUS, Ohio (AP)—It was a most extraordinary hearing Tuesday night in the Ohio House Elections and Federal Relations Committee.

Utility representatives were hammering away at a bill that wasn't there.

Really, that's the way it was. The sound and the fury were directed against a bill to change Ohio's rate-base formula from the present "replacement cost new" (RCN) to a bill by Rep. Frances McGovern (D-Summit) to determine a rate base "providing a reasonable average return upon capital outlay actually extended."

But earlier in the day, Gov. Michael V. DiSalle had handed to Miss McGovern and other sponsors of the bill his suggestions for a new rate-base formula. Neither of his alternative suggestions included the provisions of the McGovern bill.

Therefore, three utility witnesses spent several hours "jousting at windmills," fighting without knowing the name of their adversary.

Neither DiSalle nor Miss McGovern would spell out the governor's alternatives but by repeated questioning of various individuals, it was learned the governor suggested these:

1. Establish the rate base by giving equal weight to net investment plus an up-to-date appraisal, or,

2. Establish the base on the original cost, taken from the company's books, take into consideration the advance in technical improvements, and permit the utilities commission to depreciate a utility plant's value to a point where the utility would have an incentive to replace ancient equipment.

A few more questions around the legislative halls brought this out: The McGovern statement mentioned only the first of DiSalle's alternatives for the simple reason that it is the alternative the committee intends to recommend.

The "equal weight" theory is used in Pennsylvania.

Opponents of the RCN rate base formula contend it creates an artificially high valuation on utility property and thereby permits higher utility rates than are justified by investment.

The three witnesses Tuesday night were Fegrus McDiarmid, vice president of the Lincoln Life Insurance Co. of Fort Wayne, Ind. a purchaser of utility stocks; D. Bruce Mansfield, general counsel of the Ohio Edison Co., Akron, and Alfred L. Burke, executive vice president of Duff & Phelps, investment counselors, Chicago.

They opposed changing the RCN formula and insisted it results in lower rather than higher utility rates for Ohioans.

Oilman's Wife Dies

MIAMI BEACH, Fla. (AP)—Lillian Smith O'Shaughnessy, 73, wife of I. A. O'Shaughnessy, a St. Paul, Minn., oilman and philanthropist, died Tuesday of a heart ailment. She was born in Winona, Minn.

$50,000 Water Bill Faced By Baltimore

BALTIMORE (AP) — The city has a $50,000 water bill on its hands for furnishing too much to a homeowner.

A Superior Court jury Tuesday made the award to Mrs. Isabelle Dailey. She sued claiming that rainwater backed up from a faulty storm drain and flooded her $38,000 house time and again.

The drop in the value of her house was estimated at $22,800. Mrs. Dailey also testified she spent $11,674 to replace furniture and appliances.

She described the floodings as a constant mental hazard.

Crushed To Death

IRONTON, Ohio (AP) — Milton Forman, 71, of Rt. 3, Ironton, gave his life for a few pieces of coal. Coroner Harry Nenni said Forman apparently had been trying to dig coal from an abandoned strip mine eight miles north of here. A large sandstone and other debris fell on him, crushing him. He had been dead 24 to 48 hours when some children came upon his body Tuesday, the coroner said.

Connie's Case Goes To Jury

INDIANAPOLIS (AP) — A jury of 12 husbands will begin deliberations today on the fate of divorcee Connie Nicholas, accused of murdering her wealthy married lover after he jilted her for a younger woman.

The three attorneys defending the 45-year-old, twice-divorced secretary have tried to convince the jury the killing of Forrest Teel, 54, could have occurred either accidentally or in self-defense.

Prosecutor Phillip L. Bayt and two trial deputies contend they have proved, through circumstantial evidence, that Mrs. Nicholas planned the shooting.

Neither side has questioned the main facts—that Teel, a high executive of a big drug firm, was shot to death in his car last July 31 after an evening in the apartment of Laura Mowrer, his new girl friend, and that Mrs. Nicholas held the gun.

But the defense contends, and Mrs. Nicholas testified, that her tiny .25-caliber French revolver fired when Teel seized and wrenched her arm after she threatened to shoot herself.

After the shooting she drove her own car to a secluded creek bank and swallowed 75 sleeping pills mixed in fruit juice. She was near death when found nearly 20 hours later.

Democrats swept Alaska's first state election last November, taking the five major offices at stake and control of both houses of the state legislature.

2 On Raft Seek To Drift Around South America

FREEPORT, Tex. (AP) — Two husky adventurers, equipped with a crude raft and a derring-do philosophy, set out to drift around the continent of South America.

They got 40 miles, then had to be towed into port here Tuesday with a ripped sail.

That didn't dampen any spirits. They are broke, so they must sew up the rip themselves, but the pair planned to continue.

"Within two years we'll either be famous — or we'll both be dead," said Gino Forato, 35, a bachelor from Venice, Italy.

His partner is Per Christenson, 35, a mustachioed Dane from Copenhagen.

The men left Galveston, Tex., Monday.

They made the raft of old telephone poles. The 36-foot craft's sail is 18 by 20 feet. The raft has a crude rudder and a tiny gas stove. A drum holds water.

Strangled At Play

LORAIN, Ohio (AP)—Four-year-old Beverly Bradford apparently caught her neck in the fork of two tree limbs and strangled while playing with other children in the backyard at her home in Avon Lake, authorities reported. The child's mother, Mrs. Nadine Bradford, found Beverly's body hanging from the tree Tuesday.

Of the first 21 presidents of the United States, seven were from Virginia.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax or scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

John Farris Believes You Do

Do You Resent Most Teen-Agers?

By HAL BOYLE

NEW YORK (AP)—Do you resent teen-agers because they are uncomfortably like yourself?

Do you turn your back on all adolescents and their problems because you don't want to be reminded of the hidden horrors of your own growing-up time?

John Farris believes you probably do. Farris, one of the literary surprises of the 1959 season, is the young author of a new and controversial novel of high school life that is being alternately bombed and praised for its realism.

"Adolescence is the most wounding period of life for many," said Farris, who still has a few scars himself.

"What many an adult resents is to be reminded that kids of 17 have the same thoughts, feelings and even experiences that he does. "He resents this because it does not conform to his own memories.

"At 17, a kid can be astonishingly mature in some ways, almost infantile in others. He is as changeable and unpredictable as the weather.

"Grownups forget what they really were like in high school. When they look back, they select only the memories they want, and reject the others. It makes them uncomfortable to be reminded what they really were like."

That is why Farris, now a graduate student in English literature at the University of Missouri, wrote his own novel of high school life as he felt it really was, full of the torment of young love and young dreams.

"Most older writers can't give an accurate picture because they don't know the language of kids that age, and have forgotten their feelings," he said.

"Even now at 22, if I started another high school novel, I could not do as well. It would be a mess. You lose touch fast."

But Hollywood has taken an option on his story, and a Broadway producer is interested in having him do a play.

The slender young author, who is hazel-eyed and has "brush-cut" hair, isn't dazzled by the acclaim that has greeted his first serious work.

"I'm not greedy about success," he said. "If it comes, fine—if not, I won't sweat it. I just want enough money to keep writing."

For Supreme Court

Recommendation Of Stewart Seen

By JOHN CHADWICK

WASHINGTON (AP)—Sen. Everett M. Dirksen (R-Ill) said today he expects the Senate Judiciary Committee to recommend unanimously that Supreme Court Justice Potter Stewart's nomination be confirmed.

Sen. Kenneth B. Keating (R-NY), another committee member, also told newsmen he was sure it would urge the Senate to approve Stewart's appointment.

Stewart, a 44-year-old Ohio Republican, already is serving on the court under a recess appointment made last October. His nomination was formally submitted by President Eisenhower on Jan. 17.

The Judiciary Committee held a second hearing on the nomination Tuesday. It apparently concluded its questioning of Stewart, although Chairman James O. Eastland (D-Miss) said Stewart would be recalled if any member requested it.

The nomination may be acted on at the committee's April 20 meeting.

At the committee's first hearing last week, Stewart was pressed to say whether he agreed with the reasoning and the philosophy behind the Supreme Court's 1954 school desegregation decision.

That line of questioning was not pursued at Tuesday's hearing.

Asked about his views on following precedents, Stewart testified he thinks precedents should have "very, very great weight" in deciding cases. "The stability, the certainty and the predictability of the law are of great importance," he said.

At another point, Stewart said that "for me there is only one possible way to judge a case—by its own facts of record, under the law and the constitution of the United States, conscientiously, independently and with complete personal detachment."

Former Sen. John W. Bricker (R-Ohio), who also testified at the hearing Tuesday, told committee members Stewart knows the established principles of law.

Bricker, in Washington for dedication of the Taft Memorial, said he could speak for practically all of Ohio in saying Stewart is held in the highest regard in that state.

Examinations Planned For Federal Positions

New examinations for teletypist and operators of miscellaneous office machines have been announced by the U. S. Civil Service Commission for positions in federal agencies in Washington and overseas.

Teletypist positions pay $3,495 and $3,755 yearly and the office machine operators draw from $3,255 to $3,755.

To qualify, applicants must pass a written test and have had training or experience in operating a teletypewriter or office machine.

Applicants will be accepted until further notice. Information and application forms may be obtained from L. H. Todd at the general delivery window at the Post Office.

Man, 105, Marks 5th Wedding Anniversary

LOUISVILLE, Ky. (AP) — Widower John Wesley Beaird figured the best way to celebrate his first hundred years was to remarry.

Today he marked his 105th birthday—the fifth wedding anniversary.

Ice cream was the main refreshment for Beaird, who said, "I was never drunk in my life and I been chewin' tobacco since I was 8."

"He'd eat half a gallon of ice cream if you don't watch him," said 74-year-old Mrs. Beaird, who had been a widow.

C. D. TAYLOR

He'll Begin Duties July 1.

Charles Taylor Elected As New Rotary President

Charles D. Taylor, 516 Florida Ave., Chester, president and general manager of the National Church Supply Co., has been elevated to the presidency of the Rotary Club.

The club's Board of Directors has also elected other officers for the 1959-60 term.

Taylor is a member of the Board of Trustees of the Chamber of Commerce and has been a Rotarian since 1955. A graduate of Bethany College, he is married and has three daughters and a son.

The new president is a member of the First Methodist Church of Chester. He will succeed Dean Wilhelm.

Another new officer, who will assume duties July 1, is George Hargraves, vice president. Harold Barth, secretary, and Walter Smith, treasurer, were re-elected. Dr. R. Jay Kinsey is sergeant-at-arms.

Other directors include Alvin Babb, Arthur Doak, John Thompson, Wilhelm and James Wallover.

2 Youths Sentenced To 2-Month Detention

LISBON — Two Salineville area youths, 16 and 17, were sentenced to detention at a hearing Monday on a charge of contributing to the delinquency of a 15-year-old Wellsville girl.

Judge Louis Tobin gave each two months in the detention room at the County Jail and fined them $25.

They were placed under 5 p. m. curfew for six months after their release from detention and the driver license of one was suspended for three months after he leaves jail. The girl was reprimanded.

School, Health Nurses To Conduct Workshop

LISBON — Columbiana County school and public health nurses will hold a workshop April 22 at 1:15 p. m. at the Columbiana County Public Health League office at 120 N. Market St.

Workshop learnings in action will be the subject for the afternoon. These will include puppets, flannel boards and flip charts.

Miss Lillian Schroeder, executive secretary of the league, will serve as chairman and Mrs. Mildred Ashbridge of East Palestine, Lisbon's school nurse, and Mrs. Norma Nulf, third grade teacher at Lincoln School, will assist.

The vice president of the United States is paid a salary of $35,000 a year and $10,000 for expenses, all of it taxable.

Funds Shifted For Township

The transfer of $2,000 from the machinery fund to the road materials fund was authorized by the St. Clair Township trustees at a meeting Monday night.

Clerk Neil McIntosh reported the road materials fund was depleted and the transfer was approved. The trustees also approved plans to request a slag grant from county commissioners for the Cannons Mills-Wellsville Rd., to be matched by the township.

The trustees made an agreement with Ralph Couts and George Bloomgren to accept and maintain roads in a proposed new Rolling Hills allotment east of St. Clair Ave. and north of McCoy Ave. when the streets meet township specifications.

A request was received from a delegation from the former Stagecoach Rd. east of Park Way Ext. to have the road reopened. The trustees will meet at the site Saturday at 3 p. m.

Grafton Barrett of Lowers Addition requested a drain pipe along the roadway, and Charles Oyster of Calcutta Acres requested a ditch be cleaned. A delegation from Echo Dell Rd. requested information about taking part in the blacktop program.

Firemen Set Dance

WEST POINT — The volunteer fire department will hold a public dance Saturday from 9 to midnight at the Slovenian Hall. Music will be furnished by Eddie Hutcheson's orchestra. Proceeds will be used to complete construction on the new firehouse. Refreshments will be available at the auxiliary stand.

For Supreme Court

Recommendation Of Stewart Seen

By JOHN CHADWICK

WASHINGTON (AP)—Sen. Everett M. Dirksen (R-Ill) said today he expects the Senate Judiciary Committee to recommend unanimously that Supreme Court Justice Potter Stewart's nomination be confirmed.

Sen. Kenneth B. Keating (R-NY), another committee member, also told newsmen he was sure it would urge the Senate to approve Stewart's appointment.

Stewart, a 44-year-old Ohio Republican, already is serving on the court under a recess appointment made last October. His nomination was formally submitted by President Eisenhower on Jan. 17.

The Judiciary Committee held a second hearing on the nomination Tuesday. It apparently concluded its questioning of Stewart, although Chairman James O. Eastland (D-Miss) said Stewart would be recalled if any member requested it.

The nomination may be acted on at the committee's April 20 meeting.

At the committee's first hearing last week, Stewart was pressed to say whether he agreed with the reasoning and the philosophy behind the Supreme Court's 1954 school desegregation decision.

That line of questioning was not pursued at Tuesday's hearing.

Asked about his views on following precedents, Stewart testified he thinks precedents should have "very, very great weight" in deciding cases. "The stability, the certainty and the predictability of the law are of great importance," he said.

At another point, Stewart said that "for me there is only one possible way to judge a case—by its own facts of record, under the law and the constitution of the United States, conscientiously, independently and with complete personal detachment."

Former Sen. John W. Bricker (R-Ohio), who also testified at the hearing Tuesday, told committee members Stewart knows the established principles of law.

Bricker, in Washington for dedication of the Taft Memorial, said he could speak for practically all of Ohio in saying Stewart is held in the highest regard in that state.

Crew Finishes Repair To Damage On Hill Rd.

Street department crews are completing repair today on a section of the Pennsylvania Ave. "Hill Rd." where the pavement was cracked and undermined as a result of a water line break early last week.

One-way traffic has been in effect in the west-bound lane during repairs, but traffic flow should be normal by this afternoon after an excavation is resurfaced with blacktop, Street Supt. W. M. Laughlin said. Trenches were cut in the roadway to tamp in earth to replace ground washed away by the line break and by surface water seepage.

The department made only temporary repairs pending the outcome of the city's request for aid from the State Highway Department, Laughlin explained. Slides have occured at the same spot almost yearly, blamed on the shifting hillside.

Boost Sought For Gas Rate In Panhandle

CHARLESTON (AP)—The Manufacturers Light & Heat Co. Tuesday filed a $2,057,000 gas rate increase application affecting 49,000 customers in West Virginia's Northern Panhandle.

No hearing date was set immediately by the Public Service Commission.

The company said the proposed rate would add from $1.10 to $3.40 a month to the gas bill of the typical customer.

Vice President C. A. Massa said the added revenue is needed to enable Manufacturers to earn a 6.75 per cent rate of return on its West Virginia operation.

He said about half the added revenue would go to cover increases in the cost of gas purchased from pipeline suppliers and such other increased costs as labor, state taxes and Social Security payments.

The other half of the additional revenue would be divided almost evenly between added return for the company and federal income tax payments, Massa said.

Crew Finishes Repair To Damage On Hill Rd.

Street department crews are completing repair today on a section of the Pennsylvania Ave. "Hill Rd." where the pavement was cracked and undermined as a result of a water line break early last week.

One-way traffic has been in effect in the west-bound lane during repairs, but traffic flow should be normal by this afternoon after an excavation is resurfaced with blacktop, Street Supt. W. M. Laughlin said. Trenches were cut in the roadway to tamp in earth to replace ground washed away by the line break and by surface water seepage.

The department made only temporary repairs pending the outcome of the city's request for aid from the State Highway Department, Laughlin explained. Slides have occured at the same spot almost yearly, blamed on the shifting hillside.

Boost Sought For Gas Rate In Panhandle

CHARLESTON (AP)—The Manufacturers Light & Heat Co. Tuesday filed a $2,057,000 gas rate increase application affecting 49,000 customers in West Virginia's Northern Panhandle.

No hearing date was set immediately by the Public Service Commission.

The company said the proposed rate would add from $1.10 to $3.40 a month to the gas bill of the typical customer.

Vice President C. A. Massa said the added revenue is needed to enable Manufacturers to earn a 6.75 per cent rate of return on its West Virginia operation.

He said about half the added revenue would go to cover increases in the cost of gas purchased from pipeline suppliers and such other increased costs as labor, state taxes and Social Security payments.

The other half of the additional revenue would be divided almost evenly between added return for the company and federal income tax payments, Massa said.

Hot (Golf) Match

PONCA CITY, Okla. (AP) — For a time anyway, T. R. Boggess was the hottest golfer on the course. His trousers caught fire, apparently from matches in his pocket.

Notre Dame's new head football coach, Joe Kuharich, has a tough job ahead of him. Through graduation, the Irish lost from the 1958 squad three of the first four ends, the first four tackles and three of the first four fullbacks.

Castro Slated To Arrive In U.S. Tonight

WASHINGTON (AP) — Cuba's Prime Minister Fidel Castro will arrive tonight for what promises to be a stormy 11-day unofficial visit to the United States.

State Department security agents and Washington police have arranged to give him one of the tightest protective rings ever given a foreign visitor.

Castro, accompanied by a heavy guard of bearded revolutionary protectors, will fly in with a party of about 35 persons in a chartered Cuban government C54 transport.

A number of threats, warning that Castro will never leave the country alive, have alarmed authorities. Demonstrations and picketing are expected during his five-day stay in the capital and a similar visit in New York.

But his visit apparently will be a hit attraction. The National Press Club said the 505 seats for its luncheon next Monday honoring Castro were sold out in less than an hour.

The American Society of Newspaper Editors, at whose invitation Castro arranged the visit, prepared for a capacity crowd for the Friday meeting he will address.

Castro is hoping his visit will improve Cuba's relations with the United States and Canada. He has volunteered to answer questions about some of the points on which his regime has been criticized.

Castro will meet with Acting Secretary of State Christian Herter Thursday at a luncheon, and with Vice President Richard M. Nixon Sunday night at Nixon's home. He has no plans for formal talks with top U.S. government officials.

2 Chester Motorists Draw Fines Of $25

Two Chester motorists were fined $25 and costs each by acting Mayor Roy Cashdollar of Chester Tuesday night.

Michael P. Cebula of Carolina Ave. was fined for reckless driving as a result of a collision between his auto and a parked car on Indiana Ave. near 4th St. Saturday. Cebula said he was temporarily blinded by the lights of another auto.

Paul E. Caldwell of E. 3rd St. was fined for driving without a city operator's license. He was arrested Sunday. Both men were cited by Patrolman Harold Davis, and both pleaded guilty.

To be eligible for the U. S. Senate, a person must be at least 30 years of age, a citizen of the United States for at least nine years, and a resident of the state from which he is chosen.

Car Ditching Injures Man

A Wellsville man was hospitalized with injuries received when his car crashed into a ditch at the lower end of Wellsville about 5 a. m. today after he fell asleep at the wheel en route home from work.

Arthur Clark, 33, of 914 Wood St. is in "fair" condition at City Hospital with lacerations of the chin and forehead and a possible concussion.

Clark was en route home from the Weirton Steel Co. where he had worked the late shift. Police said he fell asleep and the car crossed one section of the new super-road and went into the ditch near 25th St. The car was damaged heavily officers said.

A traffic light standard was knocked over in a minor mishap Tuesday at 11 a. m. at Wells Ave. and Route 45.

Harry Boso, 424 Main St., Wellsville, a driver for the Riggs Co. of East Liverpool, was backing a truck which hit the pole holding the light, police said.

Keeping It In Family

JANESVILLE, Wis. (AP) — Kenneth Leeder, 32, was charged with leaving the scene of an accident after his car smashed into a parked auto owned by his father.

Satellite

(Continued from Page One)

Several other rocket shoots crowded into the past days—both the satellite and missile variety—were less successful than the Discoverer, which was fired into a pole-to-pole orbit from Vandenberg Air Force Base, Calif., Monday.

Except for recovery of the capsule, a 1,000 to 1 chance even if everything worked right, the Discoverer performed well and produced important scientific information, the scientists reported.

The Air Force had hoped to snare the capsule as it floated down under a parachute near the Hawaiian Islands but a cranky timing device failed and the capsule was not ejected at the right time. This attempt was to have been on command from a radar station in the islands.

The little moon still contained a mechanism that automatically was to shoot out the capsule and fire its retro rockets to slow it down enough to enter the atmosphere.

The point of return, however, was calculated to be far north of the range of Air Force planes which had been practicing to snag the parachute with dangling trapeze-like devices.

Recovery of the capsule would have been an historic achievement. Satellites—both Soviet and American—have fallen back into the atmosphere but they burned up long before they reached the ground.

A Vanguard satellite attempt failed Monday night at Cape Canaveral, Fla., shortly after the successful Discoverer shoot at the other end of the country.

Authorities said the second stage of the Vanguard rocket was knocked off course by a severe jolt and failed to operate properly. The rocket plunged into the Atlantic.

In the missile field, a new kind of Atlas—first of the "D" series—corkscrewed off course at Cape Canaveral Tuesday and was destroyed in the air. It had been aimed at a target area 5,000 miles down the Atlantic firing range.

A faulty clamp, one of four that locks the rocket to the launching pad before firing, was blamed for the failure.

Suspicion Pays

PITTSBURG, Kan. (AP) — The marshal of the Pittsburg city court, Joe McIlwrath, apparently has a knack for spotting potential trouble-makers. When McIlwrath saw three boys purchasing BB shot, he took down the license number of their panel truck. When a large plate glass window was damaged by BB shot three days later, McIlwrath pulled out the license number and the three youngsters were arrested and charged.

Distribution Of Food For Needy Will Begin

Approval by state inspectors of a walk-in freezer at the Columbiana storage warehouse has cleared the way for the start of distribution of surplus foods at the center, Thursday morning Robert Bycroft, county welfare director, announced today.

Robert F. McGonagle of Columbus, state surplus food supervisor, approved the freezer installed last week, and about 14 tons of surplus commodities have been delivered from a district warehouse at Youngstown.

Bycroft cautioned residents not to go to the Railroad St. warehouse at Columbiana tomorrow without the identification cards which have already been distributed. No foods will be given out unless prospective recipients present the cards, he said.

Distribution will be held at the Central Fire Station at East Liverpool Tuesday through Thursday and at Wellsville City Hall April 24.

Gard To Address Club

SALINEVILLE — County Commissioner Max Gard of near Lisbon will speak at a dinner meeting of the Ruritan Club Thursday night at 6:30 at the St. Patrick's Catholic Church Parish Hall. He will discuss the former Sandy-Beaver Canal.

He's Good Actor

JONESVILLE, Mich. (AP) — State troopers rushed to the scene after a freight train conductor tossed a note to a motorist at a crossing, saying there was a dead body on a strawstack along the track a mile back. On the strawstack, still motionless was 13-year-old Frank Manke, playing a "dead Redskin" in a game of cowboys and Indians with another boy.

Tongue Twister

RICHMOND, Va. (AP) — The word concasphinsulated on a Chesterfield County building permit caused some furrowed brows. It referred to the type roof for an industrial building. Miss Patricia Barbour, secretary to the building inspector, solved the problem. She had overlooked putting in the periods. The next permit read: "Conc.asph.insulated." Meaning concrete, asphalt, insulated.

Castro will meet with Acting Secretary of State Christian Herter Thursday at a luncheon, and with Vice President Richard M. Nixon Sunday night at Nixon's home. He has no plans for formal talks with top U.S. government officials.

2 Chester Motorists Draw Fines Of $25

Two Chester motorists were fined $25 and costs each by acting Mayor Roy Cashdollar of Chester Tuesday night.

Michael P. Cebula of Carolina Ave. was fined for reckless driving as a result of a collision between his auto and a parked car on Indiana Ave. near 4th St. Saturday. Cebula said he was temporarily blinded by the lights of another auto.

Paul E. Caldwell of E. 3rd St. was fined for driving without a city operator's license. He was arrested Sunday. Both men were cited by Patrolman Harold Davis, and both pleaded guilty.

To be eligible for the U. S. Senate, a person must be at least 30 years of age, a citizen of the United States for at least nine years, and a resident of the state from which he is chosen.

Car Ditching Injures Man

A Wellsville man was hospitalized with injuries received when his car crashed into a ditch at the lower end of Wellsville about 5 a. m. today after he fell asleep at the wheel en route home from work.

Arthur Clark, 33, of 914 Wood St. is in "fair" condition at City Hospital with lacerations of the chin and forehead and a possible concussion.

Clark was en route home from the Weirton Steel Co. where he had worked the late shift. Police said he fell asleep and the car crossed one section of the new super-road and went into the ditch near 25th St. The car was damaged heavily officers said.

A traffic light standard was knocked over in a minor mishap Tuesday at 11 a. m. at Wells Ave. and Route 45.

Harry Boso, 424 Main St., Wellsville, a driver for the Riggs Co. of East Liverpool, was backing a truck which hit the pole holding the light, police said.

Keeping It In Family

JANESVILLE, Wis. (AP) — Kenneth Leeder, 32, was charged with leaving the scene of an accident after his car smashed into a parked auto owned by his father.

Satellite

(Continued from Page One)

Several other rocket shoots crowded into the past days—both the satellite and missile variety—were less successful than the Discoverer, which was fired into a pole-to-pole orbit from Vandenberg Air Force Base, Calif., Monday.

Except for recovery of the capsule, a 1,000 to 1 chance even if everything worked right, the Discoverer performed well and produced important scientific information, the scientists reported.

The Air Force had hoped to snare the capsule as it floated down under a parachute near the Hawaiian Islands but a cranky timing device failed and the capsule was not ejected at the right time. This attempt was to have been on command from a radar station in the islands.

The little moon still contained a mechanism that automatically was to shoot out the capsule and fire its retro rockets to slow it down enough to enter the atmosphere.

The point of return, however, was calculated to be far north of the range of Air Force planes which had been practicing to snag the parachute with dangling trapeze-like devices.

Recovery of the capsule would have been an historic achievement. Satellites—both Soviet and American—have fallen back into the atmosphere but they burned up long before they reached the ground.

A Vanguard satellite attempt failed Monday night at Cape Canaveral, Fla., shortly after the successful Discoverer shoot at the other end of the country.

Authorities said the second stage of the Vanguard rocket was knocked off course by a severe jolt and failed to operate properly. The rocket plunged into the Atlantic.

In the missile field, a new kind of Atlas—first of the "D" series—corkscrewed off course at Cape Canaveral Tuesday and was destroyed in the air. It had been aimed at a target area 5,000 miles down the Atlantic firing range.

A faulty clamp, one of four that locks the rocket to the launching pad before firing, was blamed for the failure.

Suspicion Pays

PITTSBURG, Kan. (AP) — The marshal of the Pittsburg city court, Joe McIlwrath, apparently has a knack for spotting potential trouble-makers. When McIlwrath saw three boys purchasing BB shot, he took down the license number of their panel truck. When a large plate glass window was damaged by BB shot three days later, McIlwrath pulled out the license number and the three youngsters were arrested and charged.

Distribution Of Food For Needy Will Begin

Approval by state inspectors of a walk-in freezer at the Columbiana storage warehouse has cleared the way for the start of distribution of surplus foods at the center, Thursday morning Robert Bycroft, county welfare director, announced today.

Robert F. McGonagle of Columbus, state surplus food supervisor, approved the freezer installed last week, and about 14 tons of surplus commodities have been delivered from a district warehouse at Youngstown.

Bycroft cautioned residents not to go to the Railroad St. warehouse at Columbiana tomorrow without the identification cards which have already been distributed. No foods will be given out unless prospective recipients present the cards, he said.

Distribution will be held at the Central Fire Station at East Liverpool Tuesday through Thursday and at Wellsville City Hall April 24.

Gard To Address Club

SALINEVILLE — County Commissioner Max Gard of near Lisbon will speak at a dinner meeting of the Ruritan Club Thursday night at 6:30 at the St. Patrick's Catholic Church Parish Hall. He will discuss the former Sandy-Beaver Canal.

He's Good Actor

JONESVILLE, Mich. (AP) — State troopers rushed to the scene after a freight train conductor tossed a note to a motorist at a crossing, saying there was a dead body on a strawstack along the track a mile back. On the strawstack, still motionless was 13-year-old Frank Manke, playing a "dead Redskin" in a game of cowboys and Indians with another boy.

Tongue Twister

RICHMOND, Va. (AP) — The word concasphinsulated on a Chesterfield County building permit caused some furrowed brows. It referred to the type roof for an industrial building. Miss Patricia Barbour, secretary to the building inspector, solved the problem. She had overlooked putting in the periods. The next permit read: "Conc.asph.insulated." Meaning concrete, asphalt, insulated.

Potters Blanked By Weirton Star For Second Loss

With six major league scouts in the stands, big Mike Tomasovich pitched and batted Weirton to a 3-0 victory over the East Liverpool Potters Tuesday afternoon at Patterson Field.

The bird dogs were looking over Tomasovich who twirled a neat two-hitter and used a sizzling fast ball to subdue the Potters.

It was the second defeat in five games for East Liverpool.

The Weirton righthander also showed his power at the plate when he belted a two-run homer in the sixth inning. The ball was well hit to deep left centerfield.

In order to gain the victory, Tomasovich had to best East Liverpool's Jimmy Miles, who proved just as tough with the exception of the home run ball.

Miles scattered six hits and struck out 11 Weirton batters. The Potter righthander showed near perfect control, giving up only one base on balls.

Weirton scored its first run in the third inning on a single by Balak and a double by Gaston.

In the sixth inning Jarersak singled and Tomasovich, who bats in the cleanup spot, stroked his long homer.

Cookie Goodballet and Dave Goodballet collected the only safeties for the Potters.

The Potters threatened in the sixth inning when Miles walked and Cookie Goodballet singled, but a force play, a strikeout and a ground ball back to the pitcher killed the threat.

East Liverpool will play at Chester Thursday in a game postponed from last week.

Score Sharp In 8-1 Victory Over Tigers

Tribe, White Sox, Yanks Unbeaten

By ED WILKS
Associated Press Sports Writer

From the looks of things, this at last could be the year Herb Score comes back.

The young left-hander, shackled by injury since he won 20 as a sophomore with the Cleveland Indians in 1956, looked like the Score of old as he pulled off a quick turn-around in his second appearance of the season Tuesday.

After a brief, frustrating relief attempt in the opener at Kansas City last week, Score flashed his fireball with steady control for an 8-1 victory over Detroit's winless Tigers, keeping the Indians on an unbeaten pace with the Chicago White Sox and New York Yankees in the American League race.

Score, 25, gave up only five hits, struck out nine and gave up only one walk — to leadoff man Eddie Yost, who has made a career of getting passes.

The White Sox, with southpaw Billy Pierce pitching the AL's first shutout of the season, made it four straight in their home opener with a 2-0 victory over Kansas City. The Yankees (2-0) walloped the Orioles 13-3 at Baltimore. Boston won its first in a 7-3 decision over Washington in the Red Sox home opener.

Score, who now has 604 strikeouts in his 562 major league innings for an unprecedented 9.7 game average, retired 19 in row from Rocky Bridges' first-inning single to Gail Harris' home run in the seventh. It was Score's fifth straight victory over the Tigers, going back to August 1956, but his first for the Indians since April 23 last year.

Woody Held made it a breeze for the Indians in the first home game, driving in six runs with two homers, one a grand slam. The Tribe wrapped it up in a four-run fourth against Jim Bunning, who gave up homers by Minnie Minoso, Held and George Strickland while losing his fifth in a row to Cleveland.

Pierce, who missed the decision in the White Sox' opener, allowed Kansas City but six hits and didn't walk a man while gaining his 32nd shutout. A bases-loaded single by Luis Aparicio put it away for the Sox in the fifth against the A's Ralph Terry.

The Yankees broke loose for nine runs in the third inning, with Bill Skowron, his bad back braced by a corset, hammering a grand-slam homer off Arnie Portocarrero. Don Larsen was the winner, giving up six hits and all three Oriole runs, one on Al Pilarcik's fifth-inning homer, while testing his arm in a seven-inning stay.

A solo home run by Dick Gernert, a last-minute sub for the flu-stricken Vic Wertz, gave Boston the winning run in the sixth inning. Ike Delock made it seven in a row against the Senators, giving up six hits before quitting the cold weather. Camilo Pascual was the loser for the Nats, who got homers from Reno Bertoia and Norm Zauchin.

ALLOWING only five hits and striking out nine batters, Herb Score won the opener in Cleveland against the Detroit Tigers, 8-1, Tuesday. It was Score's first victory since April 23, 1958. After that date he suffered a sore arm and in 1957 he was struck in the head by a batted ball. (UPI Telephoto)

Shaw Turns In No-Hitter

Don Shaw entered Chester High School's hall of fame when he pitched a no-hitter Tuesday afternoon at Newell.

The big righthander, relying on a hard fast ball as his bread and butter pitch, struck out 18 Newell batters in achieving the no-hitter.

While Shaw held Newell to a standstill, his teammates collected nine singles to score an 8-0 victory over the Vikings.

Shaw gave up five walks in his seven-inning stint.

Graham was charged with the loss and was relieved by Bob Moffett.

Chester broke on top 1-0 in the first inning and then tallied four times in the third and three in the fifth.

Pep Daugherty and Frank Kenny with two hits apiece paced Chester's nine-hit attack.

Chester will travel to Steubenville today to meet Big Red.

Pike, Brant Pace United To 64-45 Track Victory

MINERVA — Jim Pike and Bob Brant set the pace Tuesday afternoon as United swept to a 64-45 victory over Minerva.

Pike scored a double victory by taking the mile run in 5:04.3 and the half-mile in 2:19.5. Brant, a dashman, scored with a 10:7.5 clocking in the 100-yard dash and won the 220 in 24.3.

United picked up nine first places as Frank Shagnot won the shot put with a toss of 37 feet, 11 inches. Jim Summer tossed the discus 115 feet, 11 inches for a first place.

Dave Bailey and Lester Blanchard, both of United, tied at 5 feet, 2½ inches in the high jump, while Bill Taylor won the broad jump with a leap of 17 feet, 7 inches.

The 880-yard relay team of Wood, Taylor, Brant and DeVille won the event in 1:43.2.

United will travel to Leetonia Friday.

Sixt, Burbick Pace Potters In Golf Win

Dave Sixt, East Liverpool High's ace on the golf links, and Craig Burbick fired 40's as the Potters defeated Beaver Local, 12-0, in the opening match of the season for both schools.

With Sixt and Burbick leading the way over the East Liverpool Country Club course, Bill Kelly followed with a 48 and Rick Crable a 49.

Larry Beck's 59 was the top score for Beaver Local, which is playing golf for the first time this year.

George Shaw fired a 63 for Beaver Local while Phil Ankrom showed a 64 and Hughie Evans 65.

The Potters meet Steubenville Central today at 4 at the Country Club.

Yesterday's Stars

By The Associated Press

Hitting — Woody Held, Indians, drove in six runs with two homers, one a grand slam, in 8-1 victory over the Tigers.

Pitching — Billy Pierce, White Sox, gained his 32nd major league shutout with a six-hitter, striking out three and walking none, for 2-0 victory over the Athletics.

Clara Hanse, one of Omaha's leading bowlers, says she got her biggest thrill when her 14-year-old son, Tony, scored 226, 247 and 269 for a sensational 742. That is an all-time record of juniors in Omaha.

NBA Demands Sugar Defend His Title Soon

NEW YORK (AP)—The National Boxing Assn. is supporting the New York State Athletic Commission's demand that middleweight champion Ray Robinson defend his title soon or lose his crown.

Arch Hindeman, NBA executive secretary, Tuesday announced the 13-man Executive Committee voted unanimously to lift Sugar Ray's title unless he signs by April 15, and fights by June 30. Hindeman reported that 12 of the committee members favor a bout with former champion Carmen Basilio. The other member favored Spider Webb.

Robinson hasn't defended his title in 13 months.

It is known he would prefer to bid for Archie Moore's light heavyweight title after Moore defends it against Canada's Yvon Durelle in Montreal, July 15.

Should Robinson ignore the NBA ultimatum, the committee, according to Hindeman, will propose a title match between Basilio and Gene Fullmer, another former champion, with the winner fighting Webb within 90 days.

Leafs Win, 3-2, In Overtime, Cut Montreal's Edge

TORONTO (AP) — "That was the big one. Watch out for us now."

That's the way Coach Punch Imlach summed up the Toronto Maple Leafs' 3-2 overtime hockey victory against the Montreal Canadiens Tuesday night to cut Montreal's lead in the Stanley Cup final playoff to two games to one.

While photographers grouped around Dickie Duff, whose goal at 10:06 of a sudden death overtime won the game, veteran left winger Bert Olmstead had the following cautious comment:

"Those Canadiens won't be pushovers. That was the big game for us, I admit, but they're still leading the series."

There was more of an air of stunned disappointment than gloom in the Canadiens' dressing room.

Coach Toe Blake, sitting on a big trunk, was depressed. He had nothing to say before leaving the room quietly ahead of the players. Montreal leads best-of-7 finals, 2-1

Campy Behind Plate, But Only As Spectator

LOS ANGELES (AP) — Roy Campanella was behind the plate at a Dodger game Tuesday night for the first time since his crippling accident.

Campy, in a wheelchair, was in back of the screen just to the left of the on-deck circle. But the greatest Dodger backstop of 'em all had plenty to say as he watched St. Louis spoil the Dodgers' hometown debut 6-2.

"Stay in there, Duke, stay in there," Campanella counseled another old warhorse, Duke Snider.

"This McDaniel has a fine curve. He's gonna curve him."

Sure enough, Lindy McDaniel came in with his curve. Snider singled.

An inning or two later, up stepped Ron Fairly, the Dodgers' apple-cheeked bonus baby.

"He waits a little too long," said Campanella, squinting through the wire at the chunky lefthanded batter. "You can tell whether it's a ball or a strike as soon as it leaves the pitcher's hand."

McDaniel let fly after an overhand windup.

"Ball," said Campanella.

Catcher Hal Smith leaned out for the pitch — high and outside.

With one on in the top of the third, Cardinal second baseman Don Blasingame twisted a sacrifice bunt in front of the plate. Dodger catcher Johnny Roseboro scooped it up and first to first.

"Should he have thrown to second for the double play?" asked Kenny Washington, the former UCLA and Los Angeles Ram football great who was sitting at Campanella's eblow.

Campanella pursed his lips and shook his head from side to side.

"He played it just right," said Campanella without taking his eyes off the man who has his old catching job. "He's gonna make a good catcher."

Two Attendance Records Set As International Loop Opens

By The Associated Press

Two record crowds and a couple of extra inning games marked the opening of International League baseball Tuesday night.

Richmond's Jim Bronstad pitched the Vees to a 10-1 victory over defending IL champ Buffalo; Lynn Lovenguth scattered 10 hits as Columbus downed Rochester 6-3; Mickey McDermott won in relief as Miami won over Montreal 7-6 in 14 innings; and Toronto beat Havana's Sugar Kings, 6-4 in 11 innings.

Bronstad gave three hits and allowed only three balls out of the infield from the second through the ninth inning, when Frank Herrera got the third Buffalo hit.

Lamar North clubbed a bases-loaded home run to spark the Richmond attack. Bob Conley was the loser.

Lovenguth, pitching before a record crowd of 14,138 at Columbus, scattered 10 hits against his ex-teammates. Jim McDaniel provided the Columbus hitting support with a triple, double and single for four RBI. Cal Browning was the loser.

McDermott started the Marlins' winning rally with a single and went to third on Fred Valentine's hit. Pinch-runner Rolf Scheel scored on Bill Davidson's single. Babe Birrer was the loser, pitching five innings.

Prime Minister Fidel Castro threw out the first ball in Havana as 14,106 turned out to see the Sugar Kings lose on Hector Rodriguez' home run with a man on in the 11th inning.

Borrego Alvarez homered for Havana to tie the score in the ninth.

From the looks of things, this at last could be the year Herb Score comes back.

The young left-hander, shackled by injury since he won 20 as a sophomore with the Cleveland Indians in 1956, looked like the Score of old as he pulled off a quick turn-around in his second appearance of the season Tuesday.

After a brief, frustrating relief attempt in the opener at Kansas City last week, Score flashed his fireball with steady control for an 8-1 victory over Detroit's winless Tigers, keeping the Indians on an unbeaten pace with the Chicago White Sox and New York Yankees in the American League race.

Score, 25, gave up only five hits, struck out nine and gave up only one walk — to leadoff man Eddie Yost, who has made a career of getting passes.

The White Sox, with southpaw Billy Pierce pitching the AL's first shutout of the season, made it four straight in their home opener with a 2-0 victory over Kansas City. The Yankees (2-0) walloped the Orioles 13-3 at Baltimore. Boston won its first in a 7-3 decision over Washington in the Red Sox home opener.

Score, who now has 604 strikeouts in his 562 major league innings for an unprecedented 9.7 game average, retired 19 in row from Rocky Bridges' first-inning single to Gail Harris' home run in the seventh. It was Score's fifth straight victory over the Tigers, going back to August 1956, but his first for the Indians since April 23 last year.

Woody Held made it a breeze for the Indians in the first home game, driving in six runs with two homers, one a grand slam. The Tribe wrapped it up in a four-run fourth against Jim Bunning, who gave up homers by Minnie Minoso, Held and George Strickland while losing his fifth in a row to Cleveland.

Pierce, who missed the decision in the White Sox' opener, allowed Kansas City but six hits and didn't walk a man while gaining his 32nd shutout. A bases-loaded single by Luis Aparicio put it away for the Sox in the fifth against the A's Ralph Terry.

The Yankees broke loose for nine runs in the third inning, with Bill Skowron, his bad back braced by a corset, hammering a grand-slam homer off Arnie Portocarrero. Don Larsen was the winner, giving up six hits and all three Oriole runs, one on Al Pilarcik's fifth-inning homer, while testing his arm in a seven-inning stay.

A solo home run by Dick Gernert, a last-minute sub for the flu-stricken Vic Wertz, gave Boston the winning run in the sixth inning. Ike Delock made it seven in a row against the Senators, giving up six hits before quitting the cold weather. Camilo Pascual was the loser for the Nats, who got homers from Reno Bertoia and Norm Zauchin.

ALLOWING only five hits and striking out nine batters, Herb Score won the opener in Cleveland against the Detroit Tigers, 8-1, Tuesday. It was Score's first victory since April 23, 1958. After that date he suffered a sore arm and in 1957 he was struck in the head by a batted ball. (UPI Telephoto)

Potters Blanked By Weirton Star For Second Loss

With six major league scouts in the stands, big Mike Tomasovich pitched and batted Weirton to a 3-0 victory over the East Liverpool Potters Tuesday afternoon at Patterson Field.

The bird dogs were looking over Tomasovich who twirled a neat two-hitter and used a sizzling fast ball to subdue the Potters.

It was the second defeat in five games for East Liverpool.

The Weirton righthander also showed his power at the plate when he belted a two-run homer in the sixth inning. The ball was well hit to deep left centerfield.

In order to gain the victory, Tomasovich had to best East Liverpool's Jimmy Miles, who proved just as tough with the exception of the home run ball.

Miles scattered six hits and struck out 11 Weirton batters. The Potter righthander showed near perfect control, giving up only one base on balls.

Weirton scored its first run in the third inning on a single by Balak and a double by Gaston.

In the sixth inning Jarersak singled and Tomasovich, who bats in the cleanup spot, stroked his long homer.

Cookie Goodballet and Dave Goodballet collected the only safeties for the Potters.

The Potters threatened in the sixth inning when Miles walked and Cookie Goodballet singled, but a force play, a strikeout and a ground ball back to the pitcher killed the threat.

East Liverpool will play at Chester Thursday in a game postponed from last week.

Pike, Brant Pace United To 64-45 Track Victory

MINERVA — Jim Pike and Bob Brant set the pace Tuesday afternoon as United swept to a 64-45 victory over Minerva.

Pike scored a double victory by taking the mile run in 5:04.3 and the half-mile in 2:19.5. Brant, a dashman, scored with a 10:7.5 clocking in the 100-yard dash and won the 220 in 24.3.

United picked up nine first places as Frank Shagnot won the shot put with a toss of 37 feet, 11 inches. Jim Summer tossed the discus 115 feet, 11 inches for a first place.

Dave Bailey and Lester Blanchard, both of United, tied at 5 feet, 2½ inches in the high jump, while Bill Taylor won the broad jump with a leap of 17 feet, 7 inches.

The 880-yard relay team of Wood, Taylor, Brant and DeVille won the event in 1:43.2.

United will travel to Leetonia Friday.

Sixt, Burbick Pace Potters In Golf Win

Dave Sixt, East Liverpool High's ace on the golf links, and Craig Burbick fired 40's as the Potters defeated Beaver Local, 12-0, in the opening match of the season for both schools.

With Sixt and Burbick leading the way over the East Liverpool Country Club course, Bill Kelly followed with a 48 and Rick Crable a 49.

Larry Beck's 59 was the top score for Beaver Local, which is playing golf for the first time this year.

George Shaw fired a 63 for Beaver Local while Phil Ankrom showed a 64 and Hughie Evans 65.

The Potters meet Steubenville Central today at 4 at the Country Club.

Hitting — Woody Held, Indians, drove in six runs with two homers, one a grand slam, in 8-1 victory over the Tigers.

Pitching — Billy Pierce, White Sox, gained his 32nd major league shutout with a six-hitter, striking out three and walking none, for 2-0 victory over the Athletics.

Clara Hanse, one of Omaha's leading bowlers, says she got her biggest thrill when her 14-year-old son, Tony, scored 226, 247 and 269 for a sensational 742. That is an all-time record of juniors in Omaha.

NBA Demands Sugar Defend His Title Soon

NEW YORK (AP)—The National Boxing Assn. is supporting the New York State Athletic Commission's demand that middleweight champion Ray Robinson defend his title soon or lose his crown.

Arch Hindeman, NBA executive secretary, Tuesday announced the 13-man Executive Committee voted unanimously to lift Sugar Ray's title unless he signs by April 15, and fights by June 30. Hindeman reported that 12 of the committee members favor a bout with former champion Carmen Basilio. The other member favored Spider Webb.

Robinson hasn't defended his title in 13 months.

It is known he would prefer to bid for Archie Moore's light heavyweight title after Moore defends it against Canada's Yvon Durelle in Montreal, July 15.

Should Robinson ignore the NBA ultimatum, the committee, according to Hindeman, will propose a title match between Basilio and Gene Fullmer, another former champion, with the winner fighting Webb within 90 days.

Leafs Win, 3-2, In Overtime, Cut Montreal's Edge

TORONTO (AP) — "That was the big one. Watch out for us now."

That's the way Coach Punch Imlach summed up the Toronto Maple Leafs' 3-2 overtime hockey victory against the Montreal Canadiens Tuesday night to cut Montreal's lead in the Stanley Cup final playoff to two games to one.

While photographers grouped around Dickie Duff, whose goal at 10:06 of a sudden death overtime won the game, veteran left winger Bert Olmstead had the following cautious comment:

"Those Canadiens won't be pushovers. That was the big game for us, I admit, but they're still leading the series."

There was more of an air of stunned disappointment than gloom in the Canadiens' dressing room.

Coach Toe Blake, sitting on a big trunk, was depressed. He had nothing to say before leaving the room quietly ahead of the players.

Campy Behind Plate, But Only As Spectator

LOS ANGELES (AP) — Roy Campanella was behind the plate at a Dodger game Tuesday night for the first time since his crippling accident.

Campy, in a wheelchair, was in back of the screen just to the left of the on-deck circle. But the greatest Dodger backstop of 'em all had plenty to say as he watched St. Louis spoil the Dodgers' hometown debut 6-2.

"Stay in there, Duke, stay in there," Campanella counseled another old warhorse, Duke Snider.

"This McDaniel has a fine curve. He's gonna curve him."

Sure enough, Lindy McDaniel came in with his curve. Snider singled.

An inning or two later, up stepped Ron Fairly, the Dodgers' apple-cheeked bonus baby.

"He waits a little too long," said Campanella, squinting through the wire at the chunky lefthanded batter. "You can tell whether it's a ball or a strike as soon as it leaves the pitcher's hand."

McDaniel let fly after an overhand windup.

"Ball," said Campanella.

Catcher Hal Smith leaned out for the pitch — high and outside.

With one on in the top of the third, Cardinal second baseman Don Blasingame twisted a sacrifice bunt in front of the plate. Dodger catcher Johnny Roseboro scooped it up and first to first.

"Should he have thrown to second for the double play?" asked Kenny Washington, the former UCLA and Los Angeles Ram football great who was sitting at Campanella's eblow.

Campanella pursed his lips and shook his head from side to side.

"He played it just right," said Campanella without taking his eyes off the man who has his old catching job. "He's gonna make a good catcher."

Two Attendance Records Set As International Loop Opens

By The Associated Press

Two record crowds and a couple of extra inning games marked the opening of International League baseball Tuesday night.

Richmond's Jim Bronstad pitched the Vees to a 10-1 victory over defending IL champ Buffalo; Lynn Lovenguth scattered 10 hits as Columbus downed Rochester 6-3; Mickey McDermott won in relief as Miami won over Montreal 7-6 in 14 innings; and Toronto beat Havana's Sugar Kings, 6-4 in 11 innings.

Bronstad gave three hits and allowed only three balls out of the infield from the second through the ninth inning, when Frank Herrera got the third Buffalo hit.

Lamar North clubbed a bases-loaded home run to spark the Richmond attack. Bob Conley was the loser.

Lovenguth, pitching before a record crowd of 14,138 at Columbus, scattered 10 hits against his ex-teammates. Jim McDaniel provided the Columbus hitting support with a triple, double and single for four RBI. Cal Browning was the loser.

McDermott started the Marlins' winning rally with a single and went to third on Fred Valentine's hit. Pinch-runner Rolf Scheel scored on Bill Davidson's single. Babe Birrer was the loser, pitching five innings.

Prime Minister Fidel Castro threw out the first ball in Havana as 14,106 turned out to see the Sugar Kings lose on Hector Rodriguez' home run with a man on in the 11th inning.

Borrego Alvarez homered for Havana to tie the score in the ninth.

47 In '500' Race

INDIANAPOLIS (AP) — The entry list for the 500-mile race at the Indianapolis Motor Speedway May 30 stood at 47 today. Entries must be postmarked before midnight tonight, and at least a dozen more are expected.

Elgin Baylor of the Minneapolis Lakers, named to the National Basketball Association's All-Star squad for the 1958-59 season, is only the third rookie to make the honor team in the league's 13-year history. The others were Bob Pettit of St. Louis and Alex Groza of Indianapolis.

Shaw Turns In No-Hitter

Don Shaw entered Chester High School's hall of fame when he pitched a no-hitter Tuesday afternoon at Newell.

The big righthander, relying on a hard fast ball as his bread and butter pitch, struck out 18 Newell batters in achieving the no-hitter.

While Shaw held Newell to a standstill, his teammates collected nine singles to score an 8-0 victory over the Vikings.

Shaw gave up five walks in his seven-inning stint.

Graham was charged with the loss and was relieved by Bob Moffett.

Chester broke on top 1-0 in the first inning and then tallied four times in the third and three in the fifth.

Pep Daugherty and Frank Kenny with two hits apiece paced Chester's nine-hit attack.

Chester will travel to Steubenville today to meet Big Red.

Braves Nip Phils, 4-3, In 10 Innings For Third Straight

Dodger Fans Set New Mark In Attendance

By ED WILKS
Associated Press Sports Writer

The St. Louis Cardinals finally won one for new manager Solly Hemus. That leaves Pittsburgh's Pirates as the National League's only winless club.

Hemus, making the shift from utility infielder to skipper, put Stan Musial back on first base Tuesday night at Los Angeles after the Cards had lost their first three games at home. Stan the Man (1-for-15) was hitless, but his replacement in left field, Chuck Essegian, paid off with a run-scoring double in a 6-2 decision over the Dodgers.

In the other NL night game, ex-Buc Bob Purkey became the season's first two-game winner by taking his fifth in a row from Pittsburgh in a 3-2 victory at Cincinnati. That left the Pirates, with an 0-4 record.

Milwaukee's champion Braves (3-0) became the lone unbeaten club in the NL with a 10-inning, 4-3 victory over Philadelphia. The Chicago Cubs spilled San Francisco to a first defeat 5-2.

Right-hander Lindy McDaniel, the elder half of the Cards bonus brothers who went sour last year, gave up seven hits, walked but one and had the Dodgers shut out for seven innings. It was his first victory and complete game since beating the Dodgers at Los Angeles last June 30. Southpaw Johnny Podres, who had an 11-4 record at the Coliseum last season, was the loser. An error, Essegian's double and Hal Smith's two-run homer wrapped it up for the Cards in a three-run sixth. Gil Hodges homered for the Dodgers in the ninth.

With crippled Roy Campanella on hand, the Dodgers drew 61,552 for their home opener. That's a single night game record in the NL.

Purkey, the right-hander who went to the Reds from Pittsburgh two winters ago, followed up his opening day decision over the Pirates with a seven-hit performance that included five strikeouts and a lone walk. George Witt, who had won seven straight and hadn't allowed the Reds a run in two previous decisions as a rookie was tagged for a solo homer by Vada Pinson and a two-run shot by Ed Bailey.

Mickey Vernon and Johnny O'Brien, an unlikely winning parlay for the Braves, were just that after the Phils had taken a 3-2 lead over Warren Spahn on Wally Post's two-run pinch triple in the ninth at Milwaukee. Vernon, acquired from Cleveland last weekend, singled home the tying run in the ninth. O'Brien, the former Phil, then provided the payoff in the 10th, joining Hank Aaron and Wes Covington in a string of consecutive singles off losing reliever Dick Farrell.

Ernie Banks, last year's major league leader in home runs and runs batted in, broke loose for his first homers of the season for the Cubs, ripping Jack Sanford for a pair of two-run shots at San Francisco. Dave Hillman was the winner, although Don Elston had to get the final out. Felipe Alou homered for San Francisco's runs in the second inning.

Ohio Regional Pairings Set For Baseball

COLUMBUS, Ohio (AP)—Winners of Ohio's high school district baseball tournaments May 9 will not be delayed in learning their regional foes.

Although none of the qualifiers for the May 15-16 regionals is known, the pairings have been completed.

W. J. McConnell, state commissioner, said the pairings had been made prior to the playoffs to prevent long trips by the coaches for the mere purpose of "pulling a pill out of a hat."

Here's how the district champions are paired in the regionals:

Class AA

At Delaware: Central district upper bracket winner vs northwestern district upper bracket winner; central lower bracket winner vs northwestern lower bracket winner.

At Bridgeport: Eastern winner vs southeastern winner; Youngstown winner vs Barberton-Canton winner.

At Cleveland: Cleveland No. 3 winner vs Cleveland No. 1 winner; Cleveland No. 2 winner vs Akron winner.

At Cincinnati: Cincinnati winner vs Troy winner; Dayton winner vs Oxford winner.

Class A

At Columbus: Central upper bracket winner vs southeastern No 1 winner; central lower bracket winner vs Philo winner.

At Dayton: Cincinnati winner vs Dayton winner; Piqua winner vs southeastern No. 2 winner.

At Kalida: North Robinson winner vs Clyde winner; Holgate winner vs Lima winner.

At North Canton: Berea-Warren runner-up vs Berea winner; Baltic winner vs Warren winner.

The four regional survivors in each class meet here May 22-23 for the state titles.

MacKay Defeated In Tennis Event

HOUSTON, Tex. (AP)—Barry MacKay, the defending champion, was missing today as 12 stars and four non-exempt players moved into the second round of the River Oaks Tennis Tournament.

MacKay, the Davis cupper who is ranked No. 3 in the nation, was knocked abruptly to the sidelines Tuesday by 17-year-old Neal Marcus, a Rice Institute student from Tampa, Fla.

Marcus applied the pressure from the start, breaking service in the first game and then walking off with a 6-1, 6-4 victory that ranked as one of the major upsets in the 25-year history of the star-studded tournament.

MacKay, who has been fighting a cold and fever, had nothing but praise for the play of the Tampa youngster.

Bob Pettit of the St. Louis Hawks holds six National Basketball Assn. scoring records: most points scored (2105), highest average (29.2), most field goals scored (179), most free throws attempted (879), most free throws scored (667) and most 50-point games in a season (3).

Clippers Gain Track Victory Over Beavers

Capturing 11 events, Columbiana rolled to a 73 1-3 to 37 2-3 victory over Beaver Local Tuesday afternoon on the Columbiana track.

Paul Bontempt, who scored a victory in the mile run with a time of 5.42, and John Smith, who won the 180-yard-low hurdles in 23.4, picked up the only wins for Coach Jack O'Rourke's Beavers.

Logan and Mollenkupf of Columbiana were the only double winners. Logan won the shot put with a heave of 40 feet, 5 inches and the discus with a toss of 111 feet, 7 inches.

Mollenkupf gained victories in the high jump at 5 feet, 2 inches and in the broad jump with 17 feet, 5½ inches.

The loss was the second straight for Beaver Local, who will meet the Fairfield-Waterford runners Friday at Columbiana.

Pirates Fail To Make Win Column Again

CINCINNATI (AP) — The Cincinnati Reds have an ambitious young man named Vada Pinson who yearns to stay up among the big leaguers.

He had the same hope last season. He didn't make it. He needed more seasoning.

He likes to show his talents with hitting like Tuesday night—a homer and a double in Cincinnati's 3-2 victory over Pittsburgh.

Pinson, 20, has two conspicious assets: lightning speed afoot and considerable talent with a bat.

And he has some of the confidence he could have used last season.

"I know a little more what it is all about," he said. "Last year, I felt I didn't belong."

Manager Mayo Smith said, "Speed is one of the greatest of all natural gifts. That's why I'm so high on Vada Pinson. He can fly.

"When you have speed and aggressiveness, you go places in baseball.

"In order to win, you have to take chances. The aggressor is the chance-taker, and if he has speed, too, that cuts down the risk."

Pinson's homer, his first for the season, broke the scoring ice for the Reds in the first inning Tuesday night.

The Pirates got to righthander Bob Purkey for three hits and two runs in the fourth inning on Ted Kluszewski's double, Don Hoak's single and Bill Mazeroski's safety.

But Purkey bore down. After Frank Thomas walked and catcher Ed Bailey homered in the fourth, Purkey protected the lead the rest of the way.

With a 2-0 record, he's the National League's best pitcher right now in the young season.

Pinson may be the fastest man in the league. He swiped 53 bases at Visalia, Calif., in 1957 and led the Pacific Coast League last year with 37.

Pinson's old manager at Seattle, Connie Ryan, says "Pinson is the answer to the Reds' hopes. They won't have to worry about centerfield for many years, barring a serious injury to the kid."

The second of two games with the Pirates comes tonight with veteran southpaw Joe Nuxhall opposing Bob Friend on the mound.

Female Golfers Have Eyes On Alliance Event In July

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Just three months from today America's finest feminine fairway stars invade Ohio for a shot at the biggest pot of gold on their tournament tour.

The event is the Alliance Open, scheduled July 16-19 at the Alliance Country Club. It's a 72-hold medal play chase. The purse is $12,500.

The payoff exceeds by $500 the next highest, the $12,000 "Round Robin" at Canoebrook, N. J., June 4-7. The average purse for the 25 tournaments on the tour, excluding the Alliance Classic, is $6,528.

Marilynn Smith of French Lick, Ind., president of the Ladies Professional Golf Assn., said the purse is the largest in LPGA history, and the tournament one of the year's most important.

As the petite and precise divot-diggers head toward Ohio, they will have played 10 of the year's 26 tournaments and split up $56,500 in prize funds.

A year ago lanky Beverly Hanson, bespectacled brunette from Indio, Calif., finished in the money in all 25 tournaments and wound up as the leading money winner. This year she's copped only one tournament, the 36-hole $4,000 Golden Triangle meet at Dunedin, Fla.

The new queen of the fairways looms as smooth-swinging Betsy Rawls of Spartanburg, S. C., who has been first in three of the 10 tournaments, second in three others. In the last four she's won $3,600, with second places at Jacksonville, Fla., and Augusta, Ga., and wins in the last pair at Columbus Ga., and Beaumont, Tex. She won the women's U.S. Open in 1951, 1953 and 1957.

Miss Rawls, queen of the short-shot brigade, is favored to be one-two in the $10,000 open starting today at Dallas, Tex.

For her six finishes in first or second place Betsy has won $5,375 this year, and has picked up another $1,000 for down-the-line performances in the other four. She could reach Alliance as the top money winner the women professionals have ever known.

Beside Miss Rawls, only willowy Louise Suggs of Sea Island, Ga., has been able to win more than one tournament this year. Miss Suggs has won every title in the feminine book. She has two runner-up performances this year in addition to her victories in the St. Petersburg, Fla., Open and the Titleholders' Championship at Augusta.

Other tournaments this year have been won by Marlene Gahhe of Delray Beach, Fla., tagged as the most attractive of the tourists; Blonde Ruth Jessen of Seattle, Wash., who once held a berth on Seattle University's men's golf team; Margaret (Wiffi) Smith, the chubby long-hitter from Orange, Tex., who always has a freshly scrubbed look; and Mickey Wright, the blonde bombshell from San Diego, Calif., defending U.S. Open queen.

All of them, with a host of others loaded with pulchritude and precision pitches and putts, will be on hand for the Alliance attraction.

New College Planned

KENT, Ohio (AP)—Because of heavy burdens of administration in the College of Arts and Sciences, Kent State University will have a new college—the College of Fine and Professional Arts. Trustees approved plans Tuesday for the new college, to be established July 1. It will be formed from the architecture, art, home economics, industrial arts, journalism, music and speech departments.

Braves Nip Phils, 4-3, In 10 Innings For Third Straight

Dodger Fans Set New Mark In Attendance

By ED WILKS
Associated Press Sports Writer

The St. Louis Cardinals finally won one for new manager Solly Hemus. That leaves Pittsburgh's Pirates as the National League's only winless club.

Hemus, making the shift from utility infielder to skipper, put Stan Musial back on first base Tuesday night at Los Angeles after the Cards had lost their first three games at home. Stan the Man (1-for-15) was hitless, but his replacement in left field, Chuck Essegian, paid off with a run-scoring double in a 6-2 decision over the Dodgers.

In the other NL night game, ex-Buc Bob Purkey became the season's first two-game winner by taking his fifth in a row from Pittsburgh in a 3-2 victory at Cincinnati. That left the Pirates, with an 0-4 record.

Milwaukee's champion Braves (3-0) became the lone unbeaten club in the NL with a 10-inning, 4-3 victory over Philadelphia. The Chicago Cubs spilled San Francisco to a first defeat 5-2.

Right-hander Lindy McDaniel, the elder half of the Cards bonus brothers who went sour last year, gave up seven hits, walked but one and had the Dodgers shut out for seven innings. It was his first victory and complete game since beating the Dodgers at Los Angeles last June 30. Southpaw Johnny Podres, who had an 11-4 record at the Coliseum last season, was the loser. An error, Essegian's double and Hal Smith's two-run homer wrapped it up for the Cards in a three-run sixth. Gil Hodges homered for the Dodgers in the ninth.

With crippled Roy Campanella on hand, the Dodgers drew 61,552 for their home opener, That's a single night game record in the NL.

Purkey, the right-hander who went to the Reds from Pittsburgh two winters ago, followed up his opening day decision over the Pirates with a seven-hit performance that included five strikeouts and a lone walk. George Witt, who had won seven straight and hadn't allowed the Reds a run in two previous decisions as a rookie was tagged for a solo homer by Vada Pinson and a two-run shot by Ed Bailey.

Mickey Vernon and Johnny O'Brien, an unlikely winning parlay for the Braves, were just that after the Phils had taken a 3-2 lead over Warren Spahn on Wally Post's two-run pinch triple in the ninth at Milwaukee. Vernon, acquired from Cleveland last weekend, singled home the tying run in the ninth. O'Brien, the former Phil, then provided the payoff in the 10th, joining Hank Aaron and Wes Covington in a string of consecutive singles off losing reliever Dick Farrell.

Ernie Banks, last year's major league leader in home runs and runs batted in, broke loose for his first homers of the season for the Cubs, ripping Jack Sanford for a pair of two-run shots at San Francisco. Dave Hillman was the winner, although Don Elston had to get the final out. Felipe Alou homered for San Francisco's runs in the second inning.

Ohio Regional Pairings Set For Baseball

COLUMBUS, Ohio (AP)—Winners of Ohio's high school district baseball tournaments May 9 will not be delayed in learning their regional foes.

Although none of the qualifiers for the May 15-16 regionals is known, the pairings have been completed.

W. J. McConnell, state commissioner, said the pairings had been made prior to the playoffs to prevent long trips by the coaches for the mere purpose of "pulling a pill out of a hat."

Here's how the district champions are paired in the regionals:

Class AA

At Delaware: Central district upper bracket winner vs northwestern district upper bracket winner; central lower bracket winner vs northwestern lower bracket winner.

At Bridgeport: Eastern winner vs southeastern winner; Youngstown winner vs Barberton-Canton winner.

At Cleveland: Cleveland No. 3 winner vs Cleveland No. 1 winner; Cleveland No. 2 winner vs Akron winner.

At Cincinnati: Cincinnati winner vs Troy winner; Dayton winner vs Oxford winner.

Class A

At Columbus: Central upper bracket winner vs southeastern No 1 winner; central lower bracket winner vs Philo winner.

At Dayton: Cincinnati winner vs Dayton winner; Piqua winner vs southeastern No. 2 winner.

At Kalida: North Robinson winner vs Clyde winner; Holgate winner vs Lima winner.

At North Canton: Berea-Warren runner-up vs Berea winner; Baltic winner vs Warren winner.

The four regional survivors in each class meet here May 22-23 for the state titles.

MacKay Defeated In Tennis Event

HOUSTON, Tex. (AP)—Barry MacKay, the defending champion, was missing today as 12 stars and four non-exempt players moved into the second round of the River Oaks Tennis Tournament.

MacKay, the Davis cupper who is ranked No. 3 in the nation, was knocked abruptly to the sidelines Tuesday by 17-year-old Neal Marcus, a Rice Institute student from Tampa, Fla.

Marcus applied the pressure from the start, breaking service in the first game and then walking off with a 6-1, 6-4 victory that ranked as one of the major upsets in the 25-year history of the star-studded tournament.

MacKay, who has been fighting a cold and fever, had nothing but praise for the play of the Tampa youngster.

Bob Pettit of the St. Louis Hawks holds six National Basketball Assn. scoring records: most points scored (2105), highest average (29.2), most field goals scored (179), most free throws attempted (879), most free throws scored (667) and most 50-point games in a season (3).

Pirates Fail To Make Win Column Again

CINCINNATI (AP) — The Cincinnati Reds have an ambitious young man named Vada Pinson who yearns to stay up among the big leaguers.

He had the same hope last season. He didn't make it. He needed more seasoning.

He likes to show his talents with hitting like Tuesday night—a homer and a double in Cincinnati's 3-2 victory over Pittsburgh.

Pinson, 20, has two conspicious assets: lightning speed afoot and considerable talent with a bat.

And he has some of the confidence he could have used last season.

"I know a little more what it is all about," he said. "Last year, I felt I didn't belong."

Manager Mayo Smith said, "Speed is one of the greatest of all natural gifts. That's why I'm so high on Vada Pinson. He can fly.

"When you have speed and aggressiveness, you go places in baseball.

"In order to win, you have to take chances. The aggressor is the chance-taker, and if he has speed, too, that cuts down the risk."

Pinson's homer, his first for the season, broke the scoring ice for the Reds in the first inning Tuesday night.

The Pirates got to righthander Bob Purkey for three hits and two runs in the fourth inning on Ted Kluszewski's double, Don Hoak's single and Bill Mazeroski's safety.

But Purkey bore down. After Frank Thomas walked and catcher Ed Bailey homered in the fourth, Purkey protected the lead the rest of the way.

With a 2-0 record, he's the National League's best pitcher right now in the young season.

Pinson may be the fastest man in the league. He swiped 53 bases at Visalia, Calif., in 1957 and led the Pacific Coast League last year with 37.

Pinson's old manager at Seattle, Connie Ryan, says "Pinson is the answer to the Reds' hopes. They won't have to worry about centerfield for many years, barring a serious injury to the kid."

The second of two games with the Pirates comes tonight with veteran southpaw Joe Nuxhall opposing Bob Friend on the mound.

Female Golfers Have Eyes On Alliance Event In July

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Just three months from today America's finest feminine fairway stars invade Ohio for a shot at the biggest pot of gold on their tournament tour.

The event is the Alliance Open, scheduled July 16-19 at the Alliance Country Club. It's a 72-hold medal play chase. The purse is $12,500.

The payoff exceeds by $500 the next highest, the $12,000 "Round Robin" at Canoebrook, N. J., June 4-7. The average purse for the 25 tournaments on the tour, excluding the Alliance Classic, is $6,528.

Marilynn Smith of French Lick, Ind., president of the Ladies Professional Golf Assn., said the purse is the largest in LPGA history, and the tournament one of the year's most important.

As the petite and precise divot-diggers head toward Ohio, they will have played 10 of the year's 26 tournaments and split up $56,500 in prize funds.

A year ago lanky Beverly Hanson, bespectacled brunette from Indio, Calif., finished in the money in all 25 tournaments and wound up as the leading money winner. This year she's copped only one tournament, the 36-hole $4,000 Golden Triangle meet at Dunedin, Fla.

The new queen of the fairways looms as smooth-swinging Betsy Rawls of Spartanburg, S. C., who has been first in three of the 10 tournaments, second in three others. In the last four she's won $3,600, with second places at Jacksonville, Fla., and Augusta, Ga., and wins in the last pair at Columbus Ga., and Beaumont, Tex. She won the women's U.S. Open in 1951, 1953 and 1957.

Miss Rawls, queen of the short-shot brigade, is favored to be one-two in the $10,000 open starting today at Dallas, Tex.

For her six finishes in first or second place Betsy has won $5,375 this year, and has picked up another $1,000 for down-the-line performances in the other four. She could reach Alliance as the top money winner the women professionals have ever known.

Beside Miss Rawls, only willowy Louise Suggs of Sea Island, Ga., has been able to win more than one tournament this year. Miss Suggs has won every title in the feminine book. She has two runner-up performances this year in addition to her victories in the St. Petersburg, Fla., Open and the Titleholders' Championship at Augusta.

Other tournaments this year have been won by Marlene Gahhe of Delray Beach, Fla., tagged as the most attractive of the tourists; Blonde Ruth Jessen of Seattle, Wash., who once held a berth on Seattle University's men's golf team; Margaret (Wiffi) Smith, the chubby long-hitter from Orange, Tex., who always has a freshly scrubbed look; and Mickey Wright, the blonde bombshell from San Diego, Calif., defending U.S. Open queen.

All of them, with a host of others loaded with pulchritude and precision pitches and putts, will be on hand for the Alliance attraction.

New College Planned

KENT, Ohio (AP)—Because of heavy burdens of administration in the College of Arts and Sciences, Kent State University will have a new college—the College of Fine and Professional Arts. Trustees approved plans Tuesday for the new college, to be established July 1. It will be formed from the architecture, art, home economics, industrial arts, journalism, music and speech departments.

FIELD AND STREAM

By R. L. LIDE

I have mentioned before that eastern chain pickerel will be introduced into Zepernick Lake some time this season.

Now I learn that when the Highlandtown Lake is constructed chain pickerel also will be stocked there.

I don't know how many fishermen in this area have ever caught chain pickerel, but I am sure those who have caught them know they scrap pound for pound about the same as a muskellonge.

—:—

THIS IS A fine game fish and a predator fish as well. As for eating, you will have to make up your own mind. I like them, but they are boney. So is any pike. And I did not say a walleye pike, since they belong to the perch family and are not true pike.

Any one who likes fish knows that walleyes are good eating, but they do not put up a scrap like a chain pickerel.

The eastern chain pickerel is adaptable to small bodies of water. In fact, there is the possibility of chain pickerel being introduced successfully in farm ponds. It is believed that these pickerel can be introduced into any body of water where largemouth bass exist. However, they are not recommended for farm ponds at present.

I saw a movie about chain pickerel last Friday and they are one mean predator fish that will catch any fish it is capable of handling. Pickerel actually will tackle and eat each other and fight like tigers.

—:—

I HAVE caught many of them in southern waters. The common name for them is "Jack" fish. The largest pickerel on record weighed 11 pounds. Chain pickerel were introduced at Long Lake in Summit County in 1938. They are now being taken up to 6 pounds.

Large walleyes are still being taken below the spillway at Berlin Reservoir. At last report they were not being taken in the lake proper.

If fishing at this spot, however, you will be lucky if you can find room enough to dangle a creek chub into the water. Fishermen stand elbow to elbow.

Also, if you can manage to wet a line at this spot you will be having bad luck if you take one less than 20 inches in length. They are being taken up to 5 pounds. If you fish or not, it is a circus to watch the anglers haul them in.

—:—

THE TEST nets at Deer Creek have taken muskellunge up to 35½ inches in length.

This is a tremendous growth as they were stocked fingerling size 29 months ago. Since Deer Creek Reservoir is a new body of water, it is believed this accounts for their remarkable growth. Now the question is how much reproduction will take place?

Mike Klemann, who lives at Lake Guilford, landed 51 bass last week running from 12 to 15 inches.

Mike makes his own lures and can be seen out fishing most any time when the weather is fit. One thing he knows which some other fishermen have to learn, is this: Fish and keep fishing. Growling about conditions will never put a fish in the skillet.

High Jump Star Waits For Skin Graft On Foot

BOSTON (AP)— John Thomas, impatiently awaiting a weekend skin graft on his injured left foot, is confident that in six weeks he'll be back practicing his world record form in the high jump.

With an enthusiasm befitting his 18 years, the gangling Boston University freshman, whose goal is an Olympic gold medal, today just wants to get out of Massachusetts Memorial Hospital and on his feet again.

"The doctor tells me the skin graft will be done toward the end of the week—possibly Friday," the sensational Negro athlete said. John bettered the recognized world high jump mark in February with a leap of 7 feet, 1¼ inches.

"After the job is done I'll be here another week to 10 days," John added. "I'll be able to walk as soon as I'm released, though probably on crutches at first. From that time I figure it will take a month — maybe less — for me to get back to high jumping if things go all right."

Thomas got his left foot caught in an elevator door March 24. He was returned to the hospital from the BU infirmary by Dr. Chester Howe for the graft intended to hasten the recovery.

The newest members of the American Bowling Congress Hall of Fame are Walter Ward of Cleveland and George Young of Detroit. Ward has averaged 197 for 32 ABC tournaments while Young has a 201 average in 20 tournaments.

Skiing Causes Most Injuries

LONDON (AP) — Soft snow is more dangerous to fall into than an opponent's hard fist, said a London physician today.

Of all amateur sports, skiing causes more injuries per participant than any other. Boxing—maligned and campaigned against—is only the eighth most dangerous, according to the physician.

Dr. J.L. Blonstein, possibly the world's leading authority on boxing injuries, said in an interview that he determined the rankings of sports as injury causes, after studying thousands of accidents, falls, blows and crashes.

Dr. Blonstein's conclusions were based only on British figures but he said he felt they would apply roughly in the same order in many other countries.

He did not take into account injuries in American football. In Britain, rugby and soccer—third cousins to football—ranked second and third in injuries.

Track and field, swimming, automobile racing, horseback riding—including jumping, and hunting all were found to cause more injuries than boxing.

"In such sports as track and field and swimming," said Dr. Blonstein, "the preponderance of injuries are in the nature of pulled muscles and in strains."

The commonest boxing injury was simple nose bleeding. Most cut injuries were about the eyes.

Ohio Lawmaker Asks Stamp Citing Writer Of 'Dixie'

WASHINGTON (AP)—An Ohio congressman is trying to have a postage stamp issued to honor Daniel Decatur Emmett, Yankee composer of the rousing southern tune, "Dixie." So far, he is having no luck.

What Rep. Robert W. Levering (D-Ohio) wants is a stamp memorializing "uncle Dan" Emmett, a native of Mount Vernon, Ohio, for writing "Dixie" just 100 years ago this spring.

Levering tried the Post Office Department. He was turned down by L. Rohe Walter, special assistant to Postmaster General Arthur E. Summerfield.

Walter wrote that the department fully appreciates the significance of "Dixie" but that the idea had to be rejected when there were so many applications and so few commemorative stamps issued.

Now Levering is asking the House Post Office Committee to ignore the Post Office Department's wishes and approve legislation authorizing a stamp for Emmett and "Dixie."

Levering said:

"Despite the views of the principal bureaucrats charged with approving stamps and stamp designs . . . I can see no reason why a stamp cannot be issued."

Russia To Introduce Automobile In U.S.

BOSTON (AP)—A Soviet trade official says the Soviet Union is to introduce one of its automobile lines in the United States and promote it with advertising.

N. N. Smeliakov, president of the Amtorg Trading Corp, said Tuesday night the car, the Moskvitch, will be put on display at a trade fair in New York in June.

Defense Opens Case

ATHENS, Ohio (AP)—Defense attorneys start a parade of 19 witnesses to the stand today — the third day of James Sowards' second-degree murder trial. The 70-year-old pensioner is accused of fatally shooting a fellow Nelsonville Resident, William P. McCombs, Nov. 16 during an argument. Defense attorneys have indicated they will try to prove Sowards shot in self defense.

Fans Toast White Sox On Way To 2-0 Victory

CHICAGO (AP) — With the brass apparently having buried the hatchet and opening day ceremonies out of the way, the undefeated Chicago White Sox sought today to extend their four-game winning streak against Kansas City.

Only on the surface, Bill (54 per cent) Veeck and Chuck (46 per cent) Comiskey did a buddy-buddy act before local cameras and newspapermen to inaugurate the 1959 home season.

Veeck took the mound and tossed the first ball to "catcher" Comiskey.

Aerial bombs were bursting over the field before and after the first inning and free beer was served in the seventh inning to toast the home team in route to a 2-0 victory.

Comiskey, meanwhile, let it be known that he and Veeck, who recently purchased 54 per cent from Chuck's sister, Dorothy Rigney, would continue their friendly policy where the team is concerned. But as to gaining control of the club, Chuck let it be known that the court battles would continue.

Veeck, apparently willing to go along with that policy, went through the stands shaking hands and signing autographs. By the time the final out was made, Veeck was still on the go.

Beaver Local Boosters Elect

George Dunn of near Williamsport was elected president of the Beaver Local Boosters Club at a meeting Tuesday night at the high school. He succeeds George Wilkinson.

Others elected were George Gaydos of Brookside, vice president; Mrs. Ethel McBane of the Y. & O. Rd., secretary; Mrs. Everett Hoppel of Hoppels Corner, publicity chairman; Miss Pat Dunn, of near Williamsport, corresponding secretary, and Mrs. Mary W. Berger, of Oak Grove, treasurer.

Wilkinson, Gail Williams, Harry Matheny and Mrs. Virginia Haugh were named trustees.

Mrs. Hoppel reported on a banquet to be served the Columbiana Boy Scout Council April 22 at the high school. Mrs. Clark Bookman reported on the elementary school athletic banquet to be held April 28.

Joseph Cunningham said the athletic field has been seeded and fertilized in preparation for use. Jack O'Rourke, track coach, reported on the track squad, and said several meets are slated.

The next meeting will be May 22.

Simulated Daylight Helping Foot Soldiers

DOVER, N. J. (AP) — A method for using simulated daylight to help the foot soldier has recently been uncovered by the pyrotechnics laboratory at Picatinny Arsenal.

Chief of the Army's research and development program, Lt. Gen. Arthur G. Trudeau termed the development, "the best piece of work I have seen in five years."

The laboratory study shows that it is possible to light up millions of square yards at one time, permitting continued attack after dark and providing easier observation of enemy movements at night.

Skipjack, With Two Records, Joins A-Subs

GROTON, Conn. (AP) — The blimp-shaped Skipjack, with two world's records, joins the Navy atomic submarine fleet today.

The commissioning of the submarine — which plunged effortlessly to new ocean depths at record speeds last weekend — will take place on a building platform saddling the hull.

The Skipjack is a 252-foot, 2,830-ton submarine. She is the sixth atomic submarine to join the Navy.

Now Levering is asking the House Post Office Committee to ignore the Post Office Department's wishes and approve legislation authorizing a stamp for Emmett and "Dixie."

Levering said:

"Despite the views of the principal bureaucrats charged with approving stamps and stamp designs . . . I can see no reason why a stamp cannot be issued."

Russia To Introduce Automobile In U.S.

BOSTON (AP)—A Soviet trade official says the Soviet Union is to introduce one of its automobile lines in the United States and promote it with advertising.

N. N. Smeliakov, president of the Amtorg Trading Corp. said Tuesday night the car, the Moskvitch, will be put on display at a trade fair in New York in June.

Defense Opens Case

ATHENS, Ohio (AP)—Defense attorneys start a parade of 19 witnesses to the stand today — the third day of James Sowards' second-degree murder trial. The 70-year-old pensioner is accused of fatally shooting a fellow Nelsonville Resident, William P. McCombs, Nov. 16 during an argument. Defense attorneys have indicated they will try to prove Sowards shot in self defense.

Fans Toast White Sox On Way To 2-0 Victory

CHICAGO (AP) — With the brass apparently having buried the hatchet and opening day ceremonies out of the way, the undefeated Chicago White Sox sought today to extend their four-game winning streak against Kansas City.

Only on the surface, Bill (54 per cent) Veeck and Chuck (46 per cent) Comiskey did a buddy-buddy act before local cameras and newspapermen to inaugurate the 1959 home season.

Veeck took the mound and tossed the first ball to "catcher" Comiskey.

Aerial bombs were bursting over the field before and after the first inning and free beer was served in the seventh inning to toast the home team in route to a 2-0 victory.

Comiskey, meanwhile, let it be known that he and Veeck, who recently purchased 54 per cent from Chuck's sister, Dorothy Rigney, would continue their friendly policy where the team is concerned. But as to gaining control of the club, Chuck let it be known that the court battles would continue.

Veeck, apparently willing to go along with that policy, went through the stands shaking hands and signing autographs. By the time the final out was made, Veeck was still on the go.

Beaver Local Boosters Elect

George Dunn of near Williamsport was elected president of the Beaver Local Boosters Club at a meeting Tuesday night at the high school. He succeeds George Wilkinson.

Others elected were George Gaydos of Brookside, vice president; Mrs. Ethel McBane of the Y. & O. Rd., secretary; Mrs. Everett Hoppel of Hoppels Corner, publicity chairman; Miss Pat Dunn, of near Williamsport, corresponding secretary, and Mrs. Mary W. Berger, of Oak Grove, treasurer.

Wilkinson, Gail Williams, Harry Matheny and Mrs. Virginia Haugh were named trustees.

Mrs. Hoppel reported on a banquet to be served the Columbiana Boy Scout Council April 22 at the high school. Mrs. Clark Bookman reported on the elementary school athletic banquet to be held April 28.

Joseph Cunningham said the athletic field has been seeded and fertilized in preparation for use. Jack O'Rourke, track coach, reported on the track squad, and said several meets are slated.

The next meeting will be May 22.

Simulated Daylight Helping Foot Soldiers

DOVER, N. J. (AP) — A method for using simulated daylight to help the foot soldier has recently been uncovered by the pyrotechnics laboratory at Picatinny Arsenal.

Chief of the Army's research and development program, Lt. Gen. Arthur G. Trudeau termed the development, "the best piece of work I have seen in five years."

The laboratory study shows that it is possible to light up millions of square yards at one time, permitting continued attack after dark and providing easier observation of enemy movements at night.

Leon Trotsky, exiled Russian leader, was assaulted on Aug. 20, 1940, in his villa near Mexico City and died the next day.

Skipjack, With Two Records, Joins A-Subs

GROTON, Conn. (AP) — The blimp-shaped Skipjack, with two world's records, joins the Navy atomic submarine fleet today.

The commissioning of the submarine — which plunged effortlessly to new ocean depths at record speeds last weekend — will take place on a building platform saddling the hull.

The Skipjack is a 252-foot, 2,830-ton submarine. She is the sixth atomic submarine to join the Navy.

Marion Girl Killed As Train Hits Car

MARION, Ohio (AP)—A 16-year-old Marion girl was killed today when an automobile in which she was riding was struck by a New York Central passenger train at a crossing just west of here.

Mary Ann Bollinger is believed to have died instantly of a broken neck.

Calls Gov. Hollings Wrong

Anti-Catholic Sentiment Discounted By Ohio Priest

DAYTON, Ohio (AP)—A Dayton priest says there's no evidence of anti-Catholic sentiment in this area, and that Gov. Ernest F. Hollings of South Carolina is wrong in implying so.

The governor told a Senate Civil Rights hearing in Washington Tuesday he was shocked by what he called evidence of anti-Catholic feeling in Dayton. He referred to the burning of a statue of Pope Pius XII on the same morning—last Oct. 9—that the Roman Catholic leader died.

But Father James E. Sherman of Dayton's Immaculate Conception Church retorted: "I think the governor is entirely wrong in some of his statements. Who knows (that) a group of people did this? Who knows it was an indication of anti-Catholic sentiment?

"We don't know if it was done as a prank or by an insane person. We have no evidence of anti-Catholic sentiment in this area at all . . . The governor is just stirring up a red herring, as they say. It's not very helpful to our country."

Father Sherman was backed up by Police Lt. R. C. Grundish who said Dayton is "exceptionally unbiased. . . ."

The statue of Pope Pius—in the Grotto of Our Lady of Bel-Mont Parish here—was coated with a tar-like substance and set afire. The heat cracked the statue. It has since been replaced.

Hollings was in Dayton attending a Lutheran convention when the incident happened. He said news of the Pope's death "was greeted by a group of people proceeding to the cathedral grounds . . . tarring a beautiful marble statue of the Pope, placing tinder sticks at the bottom and setting the likeness ablaze."

Grundish said police dropped their investigation of the case after becoming convinced a mentally deranged person was responsible.

Last year U. S. automotive exports totaled $1,465,000,000.

15 Days Left For Personal Property Tax

COLUMBUS, Ohio (AP) — It's now or never for most federal income tax payers, but there are 15 days left to pay the Ohio personal property tax. The deadline is April 30.

And because there's a tendency in some quarters to overlook the state tax, the Ohio Department of Taxation has more than 40 examiners out looking for potential payers. Last year they found 26,227.

"This isn't a concentrated campaign," says George S. Simpson, acting chief of the department's Personal Property Division. "Working through county auditors' offices, our men are in the field throughout the year."

Revenue from the state property taxes goes to local governments —through the county—for support of schools, health, library programs, police and fire departments, and similar activities. The rate varies with the rate for real estate and public utility property in each tax district.

Anyone who's in business to make an income—individual, partner, of member of a corporation or association—has to file.

The tax also takes in corporation stockholders, and holders of bonds, notes or land contracts. It's based on ownership of personal property as of Jan. 1 or dividends paid and is paid for the present year, as opposed to the federal income tax, which is usually paid for the year past.

The pay period starts Feb. 15, and part of the payment can be made in September. Ten per cent is usually added for failure to file.

Last year about 155 million was paid on personal property, and another 31 million on intangible property. The 26,227 delinquent payers contributed about 9½ million.

Succeeds Glenn Woods

W. E. Brooks Named Head Of Barbershop Songsters

William E. Brooks was named president to succeed Glenn Woods at election of officers held Monday night by the East Liverpool Chapter of SPEBSQSA, barbershop singers.

Other officers named were Robert Blatchford, vice president; Edward DeBee, secretary; Richard Smith, treasurer, and Dean Manning, delegate.

The officers will be installed and take office May 4. Woods and Wilbur Newman, membership chairman, directed an initiation ceremony and presented membership certificates to Jack Hughey, Howard Gibbs, William Gibbs, Richard Smith and Jack Hile.

Preceding the meeting, the chapter sang at a meeting of the Shriners at the Masonic Temple.

The group discussed plans for competing in the area chorus contest to be held here this month and the district contest scheduled May 17 at Columbus. The chorus will sing "Sunshine of Your Smile" and "Dream River" in the competition.

The Great Scots Quartet entertained. They announced they will compete in the regional quartet contest May 2 at Canton. Woods announced the new uniforms for the chorus have arrived and will be distributed at the next meeting.

Plans also were made to sing April 25 at the Auto Show to be held at Calcutta by the Junior Chamber of Commerce.

The chapter will go to Cadiz Wednesday night by motor caravan to help establish a new chapter. An invitation was sent to the new chapter in Toronto to visit here in May.

The executive committee will meet Thursday night at 8:30 at the home of Brooks.

Youth Admits Fatal Stabbing Of Mother, 24

FLINT, Mich. (AP) — A youth admitted to police today that he beat and stabbed to death a pretty young mother of three who had befriended him.

Genesee County Prosecutor Jerome F. O'Rourke said he would ask the probate court to waive jurisdiction on Gerald Carlson, who will be 15 a week from today.

Under Michigan law, all juvenile cases are handled by the probate courts unless jurisdiction is waived.

The mutilated body of Patricia Dixon, 24, was found in a utility room of her home on the outskirts of Flint Tuesday night. She was clad in a nightgown.

O'Rourke said Carlson frequently visited Mrs. Dixon and her husband, Richard, 27, at their home. Dixon was at work at the Fisher body plant at the time of the slaying. The couple's children — Richard Jr. 4, Terry, 2, and Pamela, 10 months — were in the house.

Carlson lived next door to the Dixon home just outside the Flint city limits with his father Ora.

The boy went to the Dixon home to watch television after the set in his own house failed.

O'Rourke said all the boy remembered was that Mrs. Dixon walked by while he was watching television and he battered her with a pipe wrench and then stabbed her with a butcher knife.

"The boy went home and told his father what he had done," O'Rourke said. The father called an ambulance.

Port Homer PTA Leader Retained

Herbert Myler was retained as president when the Port Homer Parent-Teacher Association met Monday night for the annual election.

Other officers on the list presented by Mrs. Betty Stephen, nominating chairman, and accepted by the group were as follows:

Mrs. Evelyn Byers, vice president; Mrs. Stephen, secretary; Mrs. Mae Marshall, treasurer, and Mrs. Eunice Iddings, parliamentarian. Mrs. Stephen and Mrs. Marshall were re-elected.

Announcement was made that the record player, purchased through the proceeds of a recent bake sale, has arrived and will be taken to the school as soon as it can be listed on the insurance policy.

The attendance banner was won by the second grade of Mrs. Agatha Lutton. Mrs. Evelyn Rosenlieb, homeroom mother from Mrs. Blanche Francy's seventh grade, served as hostess. The next meeting will be May 11.

Juniors At Midland Will Give Class Play

A three-act comedy, "You Can't Kiss Caroline," will be presented by the Junior Class of Midland High School Friday at 8 p. m. in the auditorium.

Mrs. Dorothy Shovlin is director. The school dance band, under the direction of Charles P. Henderson, band director, will play during intermissions.

The play setting is a drugstore where football plays are worked out, lessons studied, comics read and plans made to "kiss Caroline." There are about 15 in the cast.

Proceeds will go into the Junior Class fund.

5-Day Strike Ends At Cincinnati Hotels

CINCINNATI (AP)—Cincinnati's six major hotels are back in business today after a five day strike.

Seventy members of the Firemen & Oilers Union voted Tuesday night to accept a new contract with a 22½-cent hourly pay boost spread over three years.

Their old pay ranged from $1.85 to $2.25 hourly.

The strike, which started last Friday, knocked out many operations at the hotels, the Netherland Hilton, Terrace Hilton, Sheraton Gibson, Metropole, Sinton and Alms.

After the union decision, the Ohio Credit Union League agreed to continue its plans for a silver jubilee convention starting Thursday at the Netherland.

But a Republican dinner tonight honoring Defense Secretary Neil McElroy has already been shifted to Music Hall.

Officers Nominated By Parochial Mothers

Nomination of officers was held at the meeting of the Confraternity of Christian Mothers Monday night in the Pine Room of the Immaculate Conception Parochial School in Wellsville. They will be elected at the meeting May 11.

Mrs. Betty Corbisello was named chairman for a bake sale April 26 in the Pine Room and Mrs. Madge Miller was appointed chairman for the first Friday Communion breakfast for school children. Mrs. Margaret Doyle, president, presided.

The fifth and sixth grades, taught by Sister Francis DeSales, won the attendance banner and Mrs. Connie Weeda won a prize. Refreshments were served by Mrs. Corbisello, Mrs. Minnie Roberts, Mrs. Mary Prezzia and Mrs. Virginia Crea.

Berry Growers Slate Marketing Discussion

The officers will be installed and take office May 4. Woods and Wilbur Newman, membership chairman, directed an initiation ceremony and presented membership certificates to Jack Hughey, Howard Gibbs, William Gibbs, Richard Smith and Jack Hile.

Preceding the meeting, the chapter sang at a meeting of the Shriners at the Masonic Temple.

The group discussed plans for competing in the area chorus contest to be held here this month and the district contest scheduled May 17 at Columbus. The chorus will sing "Sunshine of Your Smile" and "Dream River" in the competition.

The Great Scots Quartet entertained. They announced they will compete in the regional quartet contest May 2 at Canton. Woods announced the new uniforms for the chorus have arrived and will be distributed at the next meeting.

Plans also were made to sing April 25 at the Auto Show to be held at Calcutta by the Junior Chamber of Commerce.

The chapter will go to Cadiz Wednesday night by motor caravan to help establish a new chapter. An invitation was sent to the new chapter in Toronto to visit here in May.

The executive committee will meet Thursday night at 8:30 at the home of Brooks.

Port Homer PTA Leader Retained

Herbert Myler was retained as president when the Port Homer Parent-Teacher Association met Monday night for the annual election.

Other officers on the list presented by Mrs. Betty Stephen, nominating chairman, and accepted by the group were as follows:

Mrs. Evelyn Byers, vice president; Mrs. Stephen, secretary; Mrs. Mae Marshall, treasurer, and Mrs. Eunice Iddings, parliamentarian. Mrs. Stephen and Mrs. Marshall were re-elected.

Announcement was made that the record player, purchased through the proceeds of a recent bake sale, has arrived and will be taken to the school as soon as it can be listed on the insurance policy.

The attendance banner was won by the second grade of Mrs. Agatha Lutton. Mrs. Evelyn Rosenlieb, homeroom mother from Mrs. Blanche Francy's seventh grade, served as hostess. The next meeting will be May 11.

Juniors At Midland Will Give Class Play

A three-act comedy, "You Can't Kiss Caroline," will be presented by the Junior Class of Midland High School Friday at 8 p. m. in the auditorium.

Mrs. Dorothy Shovlin is director. The school dance band, under the direction of Charles P. Henderson, band director, will play during intermissions.

The play setting is a drugstore where football plays are worked out, lessons studied, comics read and plans made to "kiss Caroline." There are about 15 in the cast.

Proceeds will go into the Junior Class fund.

5-Day Strike Ends At Cincinnati Hotels

CINCINNATI (AP)—Cincinnati's six major hotels are back in business today after a five day strike.

Seventy members of the Firemen & Oilers Union voted Tuesday night to accept a new contract with a 22½-cent hourly pay boost spread over three years.

Their old pay ranged from $1.85 to $2.25 hourly.

The strike, which started last Friday, knocked out many operations at the hotels, the Netherland Hilton, Terrace Hilton, Sheraton Gibson, Metropole, Sinton and Alms.

After the union decision, the Ohio Credit Union League agreed to continue its plans for a silver jubilee convention starting Thursday at the Netherland.

But a Republican dinner tonight honoring Defense Secretary Neil McElroy has already been shifted to Music Hall.

Officers Nominated By Parochial Mothers

Nomination of officers was held at the meeting of the Confraternity of Christian Mothers Monday night in the Pine Room of the Immaculate Conception Parochial School in Wellsville. They will be elected at the meeting May 11.

Mrs. Betty Corbisello was named chairman for a bake sale April 26 in the Pine Room and Mrs. Madge Miller was appointed chairman for the first Friday Communion breakfast for school children. Mrs. Margaret Doyle, president, presided.

The fifth and sixth grades, taught by Sister Francis DeSales, won the attendance banner and Mrs. Connie Weeda won a prize. Refreshments were served by Mrs. Corbisello, Mrs. Minnie Roberts, Mrs. Mary Prezzia and Mrs. Virginia Crea.

Salineville

Miss Margaret Mulhearn of Youngstown visited over the weekend with her parents, Mr. and Mrs. M. F. Mulhearn, of W. Main St.

Mrs. Betty MacMurray and John Whelan of Cleveland spent the weekend with Mr. and Mrs. James Whelan and Mrs. Emma Whelan.

Paul Burns of Girard visited here Sunday.

Mrs. Kathryn Mundy and Raymond Mundy visited Sunday with Mrs. Raymond Mundy who is convalescing at Cleveland Clinic Hospital following an operation.

Miss Myrtle Strabley and Mrs. Mary Javersak attended a course for organists Monday at St. Columbia Catholic Cathedral at Youngstown, given by Dr. Theodore Marier of Boston.

E. S. Faulkner of E. Main St. returned Sunday from City Hospital, where he was a patient with a heart condition.

Youth Admits Fatal Stabbing Of Mother, 24

FLINT, Mich. (AP) — A youth admitted to police today that he beat and stabbed to death a pretty young mother of three who had befriended him.

Genesee County Prosecutor Jerome F. O'Rourke said he would ask the probate court to waive jurisdiction on Gerald Carlson, who will be 15 a week from today.

Under Michigan law, all juvenile cases are handled by the probate courts unless jurisdiction is waived.

The mutilated body of Patricia Dixon, 24, was found in a utility room of her home on the outskirts of Flint Tuesday night. She was clad in a nightgown.

O'Rourke said Carlson frequently visited Mrs. Dixon and her husband, Richard, 27, at their home. Dixon was at work at the Fisher body plant at the time of the slaying. The couple's children — Richard Jr. 4, Terry, 2, and Pamela, 10 months — were in the house.

Carlson lived next door to the Dixon home just outside the Flint city limits with his father Ora.

The boy went to the Dixon home to watch television after the set in his own house failed.

O'Rourke said all the boy remembered was that Mrs. Dixon walked by while he was watching television and he battered her with a pipe wrench and then stabbed her with a butcher knife.

"The boy went home and told his father what he had done," O'Rourke said. The father called an ambulance.

Berry Growers Slate Marketing Discussion

Berry growers of Columbiana and Mahoning counties will meet at the apple packing plant at Greenford Friday at 8 p. m. to discuss a strawberry marketing program for the 1959 crop.

All growers are being invited. Virgil Yaeger of Salem R. D. 5 is chairman of the committee.

By IDA JEAN KAIN

Bedtime Calories Undermine Slimming

This bedtime story has an unhappy ending — late day calories tend to pile on fat. Studies made on overweight women revealed one constant finding—they all overate at night. Fuel consumption is low during sleep.

Ida Jean Kain

So our modern way of eating a hearty evening meal plus that evening snack is completely at variance with the way nature burns fuel for energy.

Food when digested stimulates the "fires of matabolism." The effect of food in raising metabolism is termed its specific dynamic action. This applies to all food, but protein causes the greatest rise in metabolism. The specific dynamic action of food results in waste heat which cannot be converted into activity or stored as fat.

From the above, you can easily figure that a dynamic action breakfast gives you the benefit of elevated metabolism early in the day.

—:—

THREE MEALS a day keep metabolism elevated for 12 or more hours, thus letting you take maximum advantage of the calorie cost of digestion. This explains why a dieter can lose more weight on three moderate meals than on one large meal even though the calorie intake is the same.

This dietitian is in favor of a high satiety breakfast for reducing as well as for holding the weight line. Those who wish may add a piece of lean meat, a second egg or a glass of skim milk to the morning meal in this diet. Not hungry for breakfast? Eat lightly at dinner for a few nights — you'll relish breakfast.

To lose weight, calories must be cut below the number used in activity. On calorie arithmetic, figure 3,500 calories to the pound —that number takes the water content of body fat into account.

When calories are cut, the quality of the calories becomes most important. Fortunately, foods high in protection—lean meat, fish and fowl, eggs, cottage cheese, skim milk and buttermilk, green and yellow vegetables and fruits are not high in calories. For this reason, a reducing diet based on the protective foods affords perfect nutrition.

Since a brief and radical change in your eating pattern will not change food habits, the solution is to alter the everyday pattern so as to lessen the calories, and to take advantage of the way nature burns calories by eating three meals a day rather than taking the bulk of the calories late in the day.

NINTH DAY

Breakfast

Chilled orange juice, 4 oz.; poached egg on thin slice toast—For Mr.: 2nd slice toast, jelly, 1 rounded tsp., and coffee, black.

Luncheon

Cup of clam chowder or onion soup; quartered tomato on watercress; cottage cheese, ½ cup, for Mr.: Hard roll, small, for Mrs. Thin slice bread; butter, ½ pat, skim milk or buttermilk.

Pick up for late afternoon or evening — glass of skim milk or buttermilk.

Dinner

Broiled chicken (¼ of 2 lb. broiler); choice asparagus or broccoli; brown rice cooked in consomme, for Mr.: ¾ cup for Mrs.: ½ cup; celery hearts, carrots and radishes; broiled grapefruit (top grapefruit half with 1 tbsp. brown sugar. Preheat broiler and broil 20 to 30 minutes, 3 to 4 inches below broiler and tea or coffee.

Total calories for the day — Mr. 1220, Mrs. 1055.

This new diet is available in leaflet form. Send a long, stamped self-addressed envelope for "Mr. and Mrs. Reducing Plan." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests can not be answered.

Elks At Wellsville Give Life Membership

Honorary life memberships were granted two members during an installation ceremony conducted Monday night by Wellsville Elks Lodge 1040.

The memberships were given to F. M. Fitzgerald and H. A. Todd. They were cited for their outstanding service over the years.

Thomas F. Maley, exalted ruler of East Liverpool Lodge 258 and past district deputy, headed the installation team. Fifth were present.

William Rager is the new exalted ruler. Lunch was served.

Raney To Retire As City Fireman After 25 Years

Fireman William A. Raney will retire on pension May 1 after 25 years' service on the department.

Now on vacation, Raney turned in his resignation to Chief Charles Bryan last week and it was forwarded to Safety-Service Director Joseph Ross and the Municipal Civil Service Commission.

The vacancy will be filled from an eligibility list applied to the administration by the commission.

Raney joined the department on May 19, 1930, when Thomas Bryan, father of the present chief, headed the department, with Elmer McMillan as assistant chief.

Because of a lack of city funds, Raney was furloughed on June 5, 1936, and was not reinstated until Dec. 15, 1940. Prior to starting his vacation, he had been assigned to the East End station.

A native of Toronto, Raney came here about 1914 to work in the former McLain Tire & Rubber Co. in the East End. After it suspended operations, he worked in the clay mine of the American Vitrified Products Co. before joining the fire department.

Raney and his daughter, Miss Virginia Raney, reside at 906 St. George St. He also has two sons, Don Raney, a city mail carrier, and Earl V. Raney of Westerville.

More than 19 per cent of the land and 34 per cent of the population of the world are under the control of the Soviet Union and its nations.

Firemen Accept Gift Of PA System

A public address system donated by the Casting Club was accepted by Calcutta volunteer firemen at a meeting Monday night in the fire hall. Seventeen attended.

Laverne Seckman, chief, announced the department will enter a truck in the Memorial Day parade of the Liverpool Township, West, volunteer fire department May 28.

He also reported that Calcutta firemen assisted Ohio Township firemen in fighting a forest fire April 7 in Pennsylvania. Seckman warned "fire chasers" will be prosecuted when caught jamming narrow roads with their cars while firemen are enroute to a fire.

A training session for instruction in pump operation was held for new members after the business meeting, conducted by Norman Neal, president. Firemen will wash autos Saturday at the fire station from 9 a. m. to 4 p. m. The next meeting will be Monday at 8:30 p. m.

Weirton To Go On DST

WEIRTON — City Council Monday night officially adopted Daylight Saving Time to begin Sunday, April 26, but set no termination date. The last Sunday in October was termination date in the past. DST may end the last week of September, reports indicate. Council's decision will affect other Hancock County communities.

Eight out of every 10 vacationers travel by car.

Ministers Slate Wellsville Series

Tentative plans for conducting "united evening" services during June and July were outlined at a meeting of the Wellsville Ministerial Association Monday morning at the First Presbyterian Church.

Plans call for union services to be held each Sunday evening at the various churches and for the various pastors to speak. A committee is studying the plans.

In other business, a donation was made to the Cancer Fund. The group also purchased advertising space in a community calendar being prepared by the Central Methodist Church. A donation was made to the East Liverpool Ministerial Association to help pay for the cost of cards sent to pastors for patients in the City Hospital and Osteopathic Hospital.

The Rev. Richard Beidler, president, presided. The next meeting will be May 11.

Looking To Future

TOLEDO, Ohio (AP) — Fifteen-year-old Kenneth Harrington of Garden City, Mich., convicted of auto theft, was offered a choice in U. S. district court of serving three years in the National Training School for Boys in Washington, D. C., or being turned over to juvenile authorities in Michigan. He picked the federal sentence. The reason: He thought the National Training School offered a better vocational training program than is available in Michigan.

By GARRY MEYERS

Love Of Good Books Begins At Home

It's wonderful to have a large home library. It's grand to collect favorite books, old friends, as it were, that we read again and again. It's wonderful, too, when each child, who is old enough to read, has a shelf of the books he likes most in his own room. The parent or child who has many books at home usually likes to go to the nearest public library. The librarian can show him some of the best new books or best reprints of recent publications which he can borrow, read and then decide whether or not he wants to buy them. How wonderful it is when one or both parents go the library often with their children.

By Garry Meyers

Some of my readers take their tots to the library long before these youngsters can read. They show them books with pictures, read a bit to them, trying out several books until they find one the children seem to enjoy. This is the one they borrow from the library.

—:—

SOME OF you parents continue to go to the library with your children. You and they compare notes on books you've enjoyed. Before long, you and your friends and your children's friends are having good times discussing books.

—:—

IF YOU have been reading to your child since the time he was only two or three, if you keep on reading to him after he enters school, you will fire him with a love for good books. Spare no effort, after he enters school, to help him cultivate reading skills.

My bulletins, "Why Read To Baby and Young Child?" and "Home Helps for Poor Readers I & II," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

Farm Bureau Group Will Meet Tonight

LISBON — John Weir of Carrollton, congressional spokesman for the district, will be the guest speaker at the meeting of the Columbiana County Farm Bureau Federation tonight at Guilford Grange Hall at 8. He will speak on highlights of his Washington legislation tour in March.

The group will honor new members of 1959 and award prizes to winners in the membership campaign and discuss legislative issues and the dairy committee will report. Refreshments will be served.

LISBON — More than 60 leading Ohio farmers, including Joe Less of Salem R. D. 5, are back home after reporting on the year's first statewide Farm Bureau commodity conference held in Columbus last week.

Wellsville Chamber Sets Quarterly Event

The Wellsville Chamber of Commerce will hold its quarterly membership dinner meeting Thursday at 6:30 p. m. at the First Christian Church.

Paul J. Tarawsky of the Weirton Steel Co. will be guest speaker. His topic will be "Challenge of the 3 C's." Tarowsky is manager of the education and training department of Weirton Steel.

Miss Nila Jo Bailey of Newell will do a pantomine act. Richard Brown, president, will preside.

Westgate Junior High Orchestra, Band Set Concert

The annual spring band and orchestra concert of Westgate Junior High School will be presented Friday night at 7:30 in the school auditorium.

Tickets for the event may be purchased from any band or orchestra member, or at the door.

Gene Lindauere will direct the orchestra and Peter D'Argencio will conduct the band.

The orchestra selections will include "Oh, What a Beautiful Morning," "Excerpts from Tchaikowsky's 5th Symphony," "Romeo and Juliet," "The King and I" and "Woodshed Conga."

A string ensemble will play "Agnus Dei."

The band numbers will include "Cathedral Canyon Overture," "Fiesta Calypso," "Display Piece for Band," "Song of the Bells," "South Pacific," "Black Canyon of the Gunnison" and "Grand Finale."

Miss Becky Hyder will play a marimba solo, "Nola."

The New York Giants made 93 first downs by rushing last season. Their opponents tallied 83 first downs.

3 Students Among Winners In Planetarium Science Fair

Three East Liverpool students, who copped top honors in the Tri-State Science Fair here last month, have been named among the winners in the Buhl Planetarium's Science Fair in Pittsburgh.

They are Joseph Zubay, a ninth grade student at Westgate Junior High; Thomas Edgell, an eighth grader at Westgate, and Peter Ryckman, a junior at East Liverpool High School.

The trio and their teachers will be honored at an awards presentation Friday night at 7 in Allegheny High School.

Zubay, the son of Mr. and Mrs. Joseph J. Zubay, 314 Campground Rd., was third in the general science exhibit group and also won the Westinghouse Electric Corp. and Rust Engineering Co. awards for his sound-in-color display.

Ryckman, son of Mr. and Mrs. George Ryckman, 3289 St. Clair Ave., received a Buhl science craft award for his photomicrography exhibit and Edgell received a fourth-place award for seventh and eighth grade students for his display on blacklight and its uses.

Wilbert Moore, physics teacher at East Liverpool High School, and John Ciccarelli and Norman McCabe, science teachers at Westgate, will receive citations for good teaching at the presentation ceremony.

All three students won first places in their categories at the "fair" here and received $50 savings bonds.

Carnival Ride Tickets To Be Sold By Firemen

Ride tickets for the annual carnival of Midland volunteer fire company No. 1 will be available within a week, it was reported at a meeting of the company Monday night.

The carnival is part of the borough's week-long July 4th celebration.

The tickets will be available at a cheaper rate from any fireman prior to the start of the carnival, Vincent D'Itri, chief, said.

Bringing Up A Family

By GARRY MEYERS

Love Of Good Books Begins At Home

It's wonderful to have a large home library. It's grand to collect favorite books, old friends, as it were, that we read again and again. It's wonderful, too, when each child, who is old enough to read, has a shelf of the books he likes most in his own room. The parent or child who has many books at home usually likes to go to the nearest public library. The librarian can show him some of the best new books or best reprints of recent publications which he can borrow, read and then decide whether or not he wants to buy them. How wonderful it is when one or both parents go the library often with their children.

By Garry Meyers

Some of my readers take their tots to the library long before these youngsters can read. They show them books with pictures, read a bit to them, trying out several books until they find one the children seem to enjoy. This is the one they borrow from the library.

—:—

SOME OF you parents continue to go to the library with your children. You and they compare notes on books you've enjoyed. Before long, you and your friends and your children's friends are having good times discussing books.

—:—

IF YOU have been reading to your child since the time he was only two or three, if you keep on reading to him after he enters school, you will fire him with a love for good books. Spare no effort, after he enters school, to help him cultivate reading skills.

My bulletins, "Why Read To Baby and Young Child?" and "Home Helps for Poor Readers I & II," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

Farm Bureau Group Will Meet Tonight

LISBON — John Weir of Carrollton, congressional spokesman for the district, will be the guest speaker at the meeting of the Columbiana County Farm Bureau Federation tonight at Guilford Grange Hall at 8. He will speak on highlights of his Washington legislation tour in March.

The group will honor new members of 1959 and award prizes to winners in the membership campaign and discuss legislative issues and the dairy committee will report. Refreshments will be served.

LISBON — More than 60 leading Ohio farmers, including Joe Less of Salem R. D. 5, are back home after reporting on the year's first statewide Farm Bureau commodity conference held in Columbus last week.

Wellsville Chamber Sets Quarterly Event

The Wellsville Chamber of Commerce will hold its quarterly membership dinner meeting Thursday at 6:30 p. m. at the First Christian Church.

Paul J. Tarawsky of the Weirton Steel Co. will be guest speaker. His topic will be "Challenge of the 3 C's." Tarowsky is manager of the education and training department of Weirton Steel.

Miss Nila Jo Bailey of Newell will do a pantomine act. Richard Brown, president, will preside.

Westgate Junior High Orchestra, Band Set Concert

The annual spring band and orchestra concert of Westgate Junior High School will be presented Friday night at 7:30 in the school auditorium.

Tickets for the event may be purchased from any band or orchestra member, or at the door.

Gene Lindauere will direct the orchestra and Peter D'Argencio will conduct the band.

The orchestra selections will include "Oh, What a Beautiful Morning," "Excerpts from Tchaikowsky's 5th Symphony," "Romeo and Juliet," "The King and I" and "Woodshed Conga."

A string ensemble will play "Agnus Dei."

The band numbers will include "Cathedral Canyon Overture," "Fiesta Calypso," "Display Piece for Band," "Song of the Bells," "South Pacific," "Black Canyon of the Gunnison" and "Grand Finale."

Miss Becky Hyder will play a marimba solo, "Nola."

The New York Giants made 93 first downs by rushing last season. Their opponents tallied 83 first downs.

3 Students Among Winners In Planetarium Science Fair

Three East Liverpool students, who copped top honors in the Tri-State Science Fair here last month, have been named among the winners in the Buhl Planetarium's Science Fair in Pittsburgh.

They are Joseph Zubay, a ninth grade student at Westgate Junior High; Thomas Edgell, an eighth grader at Westgate, and Peter Ryckman, a junior at East Liverpool High School.

The trio and their teachers will be honored at an awards presentation Friday night at 7 in Allegheny High School.

Zubay, the son of Mr. and Mrs. Joseph J. Zubay, 314 Campground Rd., was third in the general science exhibit group and also won the Westinghouse Electric Corp. and Rust Engineering Co. awards for his sound-in-color display.

Ryckman, son of Mr. and Mrs. George Ryckman, 3289 St. Clair Ave., received a Buhl science craft award for his photomicrography exhibit and Edgell received a fourth-place award for seventh and eighth grade students for his display on blacklight and its uses.

Wilbert Moore, physics teacher at East Liverpool High School, and John Ciccarelli and Norman McCabe, science teachers at Westgate, will receive citations for good teaching at the presentation ceremony.

All three students won first places in their categories at the "fair" here and received $50 savings bonds.

Carnival Ride Tickets To Be Sold By Firemen

Ride tickets for the annual carnival of Midland volunteer fire company No. 1 will be available within a week, it was reported at a meeting of the company Monday night.

The carnival is part of the borough's week-long July 4th celebration.

The tickets will be available at a cheaper rate from any fireman prior to the start of the carnival, Vincent D'Itri, chief, said.

Firemen also discussed plans for daylight fireworks each day during the celebration. Tony Monaco, president, presided.

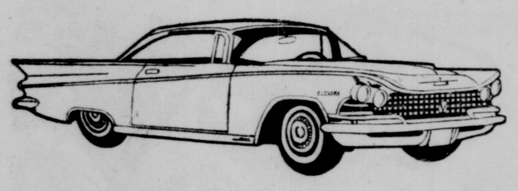
CHEVROLET BUICK CADILLAC



This is Buick's year! There's fabulous new styling highlighted by all-new four-door hardtops and new high and wide Vista-Panoramic windshield! New power and flow with two new spirited Wildcat engines and new Twin and Triple Turbine transmissions! New instant-response, Easy Power Steering! New Equipoise Chassis! New Magic-Mirror finishes! Literally, the '59 Buick's new and wonderful from road to roof . . . a new generation of great Buicks!

Priced As Low As

$3230.64

With Radio, Heater, Automatic.

Chevrolet for '59—all new all over again! Wider in body, and functionally so—surer on the road, roomier and more comfortable for you and your family. Lower, yet with more head room in some models, greater entrance room in all models, greater visibility area all around. Matching its comfort and convenience are magnificent mechanical advances—in handling, steering and braking. In economy and durability. In safety, too, as typified by tires of new super-tough Tyrex cord. Altogether a fresh and original car . . . beautiful to be sure, with Slimline design, and practical its whole length through!

DRIVE THE WINNER!

America's most widely read automotive publication, Motor Trend Magazine, says: "Pontiac with Wide-Track Wheels is the best combination of ride, handling and performance of any '59 car."

Pontiac's Wide-Track Wheels give you a secure driving feeling that never before existed. The wheels are 5 inches farther apart. This widens the stance, not the car. Gives you a steadier, more secure and comfortable ride, less lean and sway on turns and corners. A few minutes behind the wheel will show you what the editors of America's most widely-read automotive magazine meant when they chose Pontiac Car of the Year.

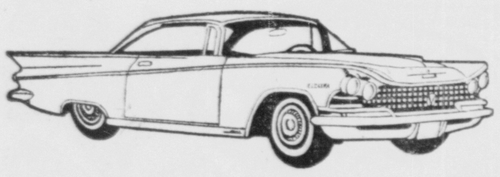
CHEVROLET BUICK CADILLAC



This is Buick's year! There's fabulous new styling highlighted by all-new four-door hardtops and new high and wide Vista-Panoramic windshield! New power and flow with two new spirited Wildcat engines and new Twin and Triple Turbine transmissions! New instant-response, Easy Power Steering! New Equipoise Chassis! New Magic-Mirror finishes! Literally, the '59 Buick's new and wonderful from road to roof . . . a new generation of great Buicks!

Priced As Low As

$3230.64

With Radio, Heater, Automatic.

Chevrolet for '59—all new all over again! Wider in body, and functionally so—surer on the road, roomier and more comfortable for you and your family. Lower, yet with more head room in some models, greater entrance room in all models, greater visibility area all around. Matching its comfort and convenience are magnificent mechanical advances—in handling, steering and braking. In economy and durability. In safety, too, as typified by tires of new super-tough Tyrex cord. Altogether a fresh and original car . . . beautiful to be sure, with Slimline design, and practical its whole length through!

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a mixed-up, unhappy 16-year-old girl. I went steady almost two years with a wonderful guy, named Hap. I gave him too many privileges (which I'm sorry for now). He went into the armed forces several months ago. It was understood that my heart belonged to him but I could date others.

Now I've fallen for another fellow who is perfectly divine. I KNOW I'm in love with him, and the other romance was just puppy love. I wrote Hap that it was all over between us and I hoped he'd wish me luck.

Instead of wishing me luck he said he'd break my neck if I didn't keep my word and wait for him. He also said he'd tell the other guy everything and I'd come out looking pretty cheap. (My new fellow thinks I'm lily white.)

I've been a faithful reader of your column since I was 13. Please help me, Ann. Hap comes home next month.—KITTEN.

-:-

Dear Kitten: If you've been a faithful reader of my column since you were 13 how come you haven't been taking the advice?

My math expert tells me you started to go steady at age 14. This was Mistake No. 1. That bit about "too many privileges" was Mistake No. 2, which often follows Mistake No. 1.

Now, of course you must tell your current fellow about Hap. (No — not every little detail, natch) but enough to give him the idea that you spent a lot of time with Hap and that you weren't exactly an angel of virtue.

In this way you reduce the effectiveness of the heel's artillery in case he follows through on his threat. Above all, don't let Hap blackmail you.

A Wife's Place

Dear Ann: I'll leave it to you. Who is wrong, my husband or me?

Every morning I drive him to work because I like to have the car during the day and if he drove it would just sit outside his office. It's also convenient because I drop our youngster off at school.

Now and then when we see his fellow office workers at the bus stop we pick them up. I've always sat in the front seat with my husband and he never suggested it should be any different.

This morning we picked up the office manager who my husband looks up to as quite a big shot. When he opened the back door to sit with the boy my husband said, "Margaret, get in the back so Tom can sit up front with me." I was shocked and humiliated but I got in the back seat and said nothing.

That evening I told him how I felt and his reply was, "When a woman is too ignorant to know her place, then a man has to tell her." How about this?—BURNT.

-:-

Dear Burnt: Your husband had no business putting you in the back seat.

As far as a woman's "knowing her place" is concerned, tell him you always thought a woman's place was beside her husband — through thick and thin, for richer or poorer, in sickness and in health, till death does them part.

One Of The Family

Dear Ann: Our oldest daughter received an engagement ring for Christmas. We all like her fiance a great deal but he practically lives at our house and I'm tired of it.

He manages to stay for every meal and feels free to snack on whatever is in the house. When I mentioned this to my daughter she practically became livid with rage. Her father took her side, and now I'm in the doghouse. Was I wrong? —THELMA.

-:-

Dear Thelma: Some people have trouble being generous with food because of poverty suffered in their youth. If this is your problem, make a special effort, in the interest of family harmony, to overcome the pattern established early in your life.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

College Head Urges U.S. Schools Produce Thinkers

"America should marshal its educational forces to produce brilliant men who can think for themselves and are capable of cultivating their moral and ethical demands," the president of Mt. Union College told the Rotary Club Tuesday.

Dr. Carl Bracey, who has been president of the Alliance college five years, also urged "the transmission of our educational ideas from one generation to another as educational principles are not here for the moment, the hour or the day, but for tomorrows."

Over 60 heard Dr. Bracey speak on "The Struggle for the Minds Of Men" at the luncheon in the Travelers Hotel.

In comparing the Russian and American educational aims, Dr. Bracey pointed out that the ultimate goal of the Soviet is "to create brilliant men who cannot think and are loyal to the state."

He cautioned that the Soviet educational principles must not be followed exactly in America, but rather that points of the Russian system be sifted and used as "a measureing stick."

"The greatest potential of America lies in youth and its abilities, as they are tomorrow's leaders," he said. He cited the new age, called by many the "Age of Sputnik," which has caused a re-examination of patterns in America.

Dr. Bracey also touched on the impact of the industrial and scientific revolutions which have filtered into our civilization.

The growing importance in our society of "eggheads" is being realized more each day, he said, because the country needs more men like Thomas Jefferson and Thomas Edison.

He predicted that "the next 25 years will test man's capacity for greatness and will determine what happenings occur in our educational system." He concluded that our fate may be determined by our educational system which must be marshaled to win the struggle for the minds of men."

Dr. Bracey was introduced by David G. Boyce, president of the Harker Pottery Co., who was program chairman. Ronald G. Weber, vice president of Mt. Union College, also attended.

Other guests included five from Midland and one from Weirton. Dean Wilhelm, president, presided.

11 In Women's Clubs Shown Planning Film

Eleven board members of the Business & Professional Women's Club and the Quota Club met Monday night in the Chamber of Commerce rooms for the screening of the film, "Plan for Prosperity."

The Edison Electric Institute film was screened by William Black, district manager, and Don Baxter, sales representative of the Ohio Power Co.

It showed the advantages of effective community planning.

Robert Beatty, a member of the Civic Affairs Speakers' Bureau, spoke on city planning.

Don Eckert, chairman of the City Planning Commission, conducted a question-and-answer period.

Yellow Creek Pupils Will Tour Washington

A group of 40 pupils of the seventh and eighth grades of Fairview School at Hillcrest, near Wellsville, left today for a tour of Washington. They will return Saturday.

They were accompanied by Mrs. Leola Mountford, principal, Mrs. Virginia Jackson, third grade instructor, and Ronald Bricker, seventh and eighth grade instructor. The tour, to be made in a bus of the Kelvington Line, was made possible through proceeds from a square dance, selling candy at Christmas and Easter and collection of waste paper.

8 Attend County School Principals Discussion

LISBON — Eight county school principals and consultants attended a meeting at the home of Mrs. Marilyn Solak, high school consultant, at Salineville Monday.

Baseball playoffs of county high schools for the district playoffs at Warren was discussed.

Attending were Supt. James L. McBride, Loren Ruff, elementary consultant, Mrs. Solak and principals Frank Solak of United, Tom Leek of Salineville, Lee Kirkland of Beaver, Ralph Myers of Fairfield and Urton Anderson of New Waterford.

Eleven board members of the Business & Professional Women's Club and the Quota Club met Monday night in the Chamber of Commerce rooms for the screening of the film, "Plan for Prosperity."

The Edison Electric Institute film was screened by William Black, district manager, and Don Baxter, sales representative of the Ohio Power Co.

It showed the advantages of effective community planning.

Robert Beatty, a member of the Civic Affairs Speakers' Bureau, spoke on city planning.

Don Eckert, chairman of the City Planning Commission, conducted a question-and-answer period.
